HERITAGE
AUCTIONS
EUROPE

Beste liefhebber,

Welkom bij de meiveiling van Heritage Auctions Europe! In uw handen heeft u de rijk geïllustreerde catalogus van deze aankomende veiling. Met ruim 8100 kavels is dit weer een grote veiling geworden, waaraan we met veel plezier en deskundigheid gewerkt hebben. Dank aan de inzenders die dit mogelijk hebben gemaakt.

Door het grote aanbod wordt het deze keer weer een 6-daagse happening. Zoals altijd vindt alles plaats in ons kantoor aan de Energieweg 7 te IJsselstein, van maandag 16 t/m zaterdag 21 mei. De kijkdagen beginnen
donderdag 5 mei. Wij adviseren u zoals altijd om ruimschoots gebruik te maken van deze dagen en alles uitgebreid te bekijken, maar uiteraard kunt u ook alle kavels bekijken op www.ha-europe.com. Tevens kunt u alle LOSSE nummers ook tijdens de veiling bekijken, tot ca. 100 nummers voor afslag, hiervoor dient u wel een afspraak te maken. U vindt de indeling van de veiling en de kijkdagen uiteraard weer in het daarvoor gebruikelijke overzicht op de volgende pagina's.

Een greep uit het aanbod: veel mooie munten wereld waaronder een schitterende collectie Orange (te vinden onder de losse nummers Frankrijk (6312-6500) EN TEVENS achter de Provinciale muntslag!), een heerlijk aanbod Chinese munten met verschillende varianten en kwaliteiten, uiteraard deel II van de collectie rekenpenningen van Frans Peters, een mooie collectie Romeinse munten met veel lots, een mooi aanbod papiergeld wo. veel Nederlandse misdrukken, Provinciaal etc.etc. Kijkt u zelf maar en laat u verrassen!

Bij het doorbladeren van deze catalogus zal u de grote diversiteit opvallen van de aangeboden stukken en collecties. Mocht u zelf besluiten om (een deel van) uw collectie van de hand te doen of eens een goed gesprek te willen voeren over de aantrekkelijke condities van Heritage Auctions Europe, neem dan gerust contact met ons op. Uiteraard geldt dat ook voor inzendingen voor de veilingen van Heritage Auctions in de USA of Hong Kong, de grootste numismatische veilingen ter wereld.

Tot slot: zoals altijd kunt u weer op alle kavels live meebieden via internet. Na registratie op www.ha-europe.com kunt u inloggen en meebieden. Ook kunt u hier uw schriftelijke biedingen doorgeven. LET OP: bij het sluiten van de biedingen via onze website is het niet altijd zeker dat u op de veilingdag zelf de hoogste bieder bent, we moeten immers nog binnengekomen biedingen verwerken. De kans bestaat dus dat u alsnog overboden wordt zonder dat u daarvan op de hoogte wordt gesteld, houdt u daar rekening mee. Uw aanwezigheid tijdens de veilingdagen wordt uiteraard zeer gewaardeerd. Mocht u echter verhinderd zijn en kunt u niet via ons live computersysteem meebieden, dan voeren wij uw schriftelijke biedingen, zoals u dat van ons gewend bent, discreet en met zorg uit.

Wellicht tot ziens in IJsselstein en alvast heel veel succes op de veiling!

Met vriendelijke en numismatische groet,
Jacco Scheper en Huib Pelzer

Terms of Sale (Dutch)

Geldende bij de aankoop in veiling van roerende zaken.

Artikel 1 toepasselijkheid

1.1 Deze algemene voorwaarden zijn van toepassing op alle onderdelen van de relatie tussen de veilinghouder en de koper waaronder die betreffende koop, verkoop, bemiddeling, waardering, beoordeling, taxaties, catalogisering, bewaring en overige diensten. Onder koper wordt mede de aspirant koper verstaan die deelneemt aan de veiling ongeacht of deze in persoon biedt, per telefoon, door achterlating van een schriftelijke of mondelinge biedopdracht, elektronisch of door middel van het internet en ongeacht of een koopovereenkomst tot stand komt.

1.2 Afwijking van deze algemene voorwaarden is alleen mogelijk indien en voor zover uitdrukkelijk schriftelijk door de veilinghouder aanvaard.

1.3 De toepasselijkheid van de algemene voorwaarden wordt aan de veilingbezoekers kenbaar gemaakt door publicatie in de catalogus voorafgaande aan de veiling en/of mededeling voorafgaand aan de veiling en/of vermelding via internet/op de website van de veilinghouder. Een ieder die aan een veiling deelneemt geeft daardoor te kennen de toepasselijkheid van deze voorwaarden volledig te aanvaarden.

Artikel 2 informatie-/onderzoeksplicht

2.1 Omschrijvingen in de catalogus en alle schriftelijke of mondelinge inlichtingen worden door de veilinghouder en zijn personeel naar beste weten verstrekt.

2.2 De koper dient vóór de koop de staat en de beschrijving van een voorwerp in de catalogus of kavellijst ten eigen genoegen nauwkeurig en deskundig te (laten) inspecteren en een eigen oordeel te vormen over de mate waarin het voorwerp overeenkomt met de beschrijving ervan en de koper dient waar redelijkerwijs nodig of gewenst onafhankelijk advies van deskundigen in te roepen, terwijl de koper niet op illustraties in de catalogus dient af te gaan. Indien in de catalogus bepaalde gebreken of onvolkomenheden zijn vermeld, beoogt dat een indicatie te zijn die niet uitputtend is en waaraan de koper geen rechten kan ontlenen.

2.3 De veilinghouder kan niet aansprakelijk gehouden worden voor de onjuistheid van de beschrijving in de catalogus of op andere wijze kenbaar gemaakt, van materialen zoals bijvoorbeeld houtsoorten, stoffen, legeringen, aardewerk, porselein en diamant, een en ander met uitzondering van edele metalen. De veilinghouder aanvaardt alleen aansprakelijkheid voor onjuiste omschrijvingen voor zover voorzien in artikel 6 van deze voorwaarden.

Artikel 3 bieden

3.1 De koper kan in persoon bieden, tevens accepteert de veilinghouder biedingen:
- Schriftelijk
- Telefonisch
- Fax
- E-mail
- Internet, zowel voor de veiling als via de LiveBid. Let op! LiveBid wordt belast met 3% extra commissie, zoals vermeldt in artikel 3.6.

Kavels worden toegewezen aan de hoogst biedende. Bij een gelijk bod van 2 schriftelijke bieders wordt het betreffende kavel toegewezen aan de bieder wiens bieding het eerst ontvangen is.

3.2 Schriftelijke biedopdrachten dienen ondubbelzinnig en duidelijk te zijn en naar het oordeel van de veilinghouder tijdig genoeg voor de aanvang van de veilingzitting door de veilinghouder te zijn ontvangen. Indien er meerdere schriftelijke biedopdrachten door de veilinghouder worden ontvangen waarbij de te bieden bedragen gelijk zijn en deze biedingen ter veiling de hoogste biedingen op het voorwerp zijn, wordt het voorwerp verkocht aan de persoon wiens bieding door de veilinghouder het eerst is ontvangen.

3.3 Biedopdrachten hoeven slechts te worden uitgevoerd indien de veilinghouder redelijkerwijs daartoe gelegenheid heeft en de veilinghouder heeft te allen tijde het recht van het voeren van een biedopdracht af te zien.

3.4 Indien koper telefonisch of -indien mogelijk- elektronisch of via internet wil bieden, dient dit uiterlijk 24 uur voor de veiling schriftelijk met de veilinghouder te worden overeengekomen. Afwijking van deze termijn kan alleen met uitdrukkelijke schriftelijke instemming van de veilinghouder.

3.5 De veilinghouder sluit steeds iedere aansprakelijkheid ter zake van het om welke redenen dan ook niet slagen van een telefonische bieding uit, evenals het om welke redenen dan ook niet slagen van een schriftelijke bieding, elektronische bieding of bieding door middel van het internet.

3.6 Alle biedingen zijn onderhevig aan een aankoopcommissie.
- Drieëntwintig procent (23%) commissie en €2 kavelgeld voor ieder gekocht kavel bij alle Postzegel- en Muntveilingen
- Vijfentwintig procent (25%) commissie en €2 kavelgeld voor ieder gekocht kavel bij alle Kunst en Curiosaveilingen

Kavels verkregen via LiveBid worden belast met 3% extra commissie.

Artikel 4 totstandkoming koopovereenkomst

4.1 De koop komt tot stand bij definitieve toewijzing. Van definitieve toewijzing is sprake wanneer de veilinghouder het bod van de koper heeft geaccepteerd dan wel het voorwerp aan de koper heeft toegeslagen.

4.2 Alle voorwerpen worden verkocht in de toestand waarin zij zich op het ogenblik van toewijzing bevinden. Wezenlijke wijzigingen in de toestand die blijken na verschijning van de catalogus en/of het tonen op de kijkdagen en/of op het internet waaronder ernstige beschadiging of breuk, of herroeping van de omschrijving van een voorwerp in de catalogus en/of het internet zullen voorafgaand aan de verkoop worden medegedeeld. Na een dergelijke mededeling (bijvoorbeeld in een "sale room notice") kunnen aan de oude omschrijving geen rechten worden ontleend.

Artikel 5 verplichtingen koper

5.1 De koper dient zich op eerste verzoek van de veilinghouder te legitimeren.

5.2 De koper wordt geacht voor zichzelf te hebben gekocht en is aansprakelijk voor betaling zonder zich op een lastgever te kunnen beroepen.

5.3 De rechten en plichten uit hoofde van de koopovereenkomst en deze algemene voorwaarden komen uitsluitend toe aan de koper en kunnen door deze niet aan derden worden overgedragen.

Artikel 6 terugnameverplichting veilinghouder

6.1 Tenzij uitdrukkelijk voor bepaalde voorwerpen in de catalogus of kavellijst uitgesloten, is - onverminderd de artikelen 2 en 4.2 - de veilinghouder bereid een geveild voorwerp tegen gelijktijdige restitutie van de in rekening gebrachte koopprijs en veilingkosten terug te nemen, indien de koper binnen een periode van zes weken na de verkoop ten genoegen van de veilinghouder bewijst dat het geveilde zulke ernstige verborgen gebreken vertoont of de verstrekte omschrijving zo onjuist is, dat indien deze gebreken of de juiste omschrijving aan de koper op het ogenblik van toewijzing bekend waren geweest, hij van de koop zou hebben afgezien of slechts tegen een aanmerkelijk lagere prijs gekocht zou hebben. Dit geldt niet indien de gebreken alleen de conditie van het voorwerp betreffen (zoals bijvoorbeeld slijtage en restauraties).

6.2 De veilinghouder is niet bereid tot terugname indien de omschrijving in de catalogus voorafgaande aan of tijdens de veiling werd herroepen en de juiste omschrijving mondeling of schriftelijk aan het publiek werd medegedeeld.

6.3 De bereidheid tot terugname vervalt ook als de koper het geveilde niet kan teruggeven in dezelfde staat als waarin het zich bij toewijzing bevond, zulks ter beoordeling van de veilinghouder.

Artikel 7 rechten veilinghouder en veilingmeester

7.1 De veilinghouder en de veilingmeester die leiding geeft aan de veiling behouden zich de volgende rechten voor:

a. zonder opgave van redenen personen als bieder of koper te weigeren;
b. te allen tijde wijziging te brengen in de orde van verkoop;
c. voorwerpen te doen uitvallen of toe te voegen;
d. kopen te combineren of te splitsen;
e. kopen niet te gunnen of op te houden;
f. vergissingen bij biedingen en toewijzing te herstellen, of een koop ongedaan te maken zonder dat een bieder van vergissingen gebruik mag maken en zich in dat geval op een tot stand gekomen koopovereenkomst mag beroepen;
g. na toewijzing onmiddellijk gehele of gedeeltelijke betaling te vorderen, terwijl bij weigering of onmacht van betaling de veilinghouder en de veilingmeester het recht hebben de koopovereenkomst ongedaan te maken en daarna het betreffende voorwerp te herveilen en het bod van de nalatige bieder niet weer aan te nemen;
h. indien de koper weigert op eerste verzoek volledige naam en adres aan de veilinghouder bekend te maken en daarop betrekking hebbende legitimatie te tonen, de koopovereenkomst te ontbinden en te herveilen;
i. voorwerpen niet over te schrijven van de rekening van de oorspronkelijke koper op die van een ander;
j. gedurende de veiling geen voorwerpen af te geven;
k. namens kopers of verkopers biedingen uit te brengen;
l. voorwerpen waarover tijdens of kort na de veiling een geschil gerezen is, opnieuw in veiling te brengen, en een eventuele koopovereenkomst te ontbinden.

Artikel 8 betaling/eigendomsoverdracht

8.1 De betaling door de koper van de koopsom in Euro verhoogd met veilingkosten, andere kosten, waaronder indien van toepassing, het verschuldigd volgrecht, en eventuele BTW, één en ander als door de veilinghouder vast te stellen, moet vóór de aflevering van de gekochte voorwerpen plaatsvinden en binnen de door de veilinghouder te stellen termijn, zonder dat korting of verrekening is toegestaan, een en ander tenzij anders is overeengekomen.

8.2 Een beroep op de zogenaamde margeregeling kan uitsluitend worden gedaan indien vooraf aan de veiling aan alle ter zake geldende voorschriften is voldaan onder andere met betrekking tot de inkoopverklaring. Zulks ter uitsluitende beoordeling van de veilinghouder.

8.3 De eigendom van de voorwerpen gaat niet eerder over dan na volledige betaling van de koopsom en in geval van niet-tijdige betaling niet eerder dan na volledige betaling van de koopsom inclusief de in artikel 9 genoemde kosten.

Artikel 9 niet-tijdige betaling

9.1 Bij niet-tijdige betaling zal de veilinghouder aan de koper rente in rekening mogen brengen gelijk aan de wettelijke rente verhoogd met 3% dan wel – naar keuze van de veilinghouder – 1% per maand, te rekenen vanaf de datum waarop de betalingstermijn is verstreken. Tevens komen alle gerechtelijke en buitengerechtelijke kosten voor rekening van de nalatige koper, welke kosten worden begroot op 15% van de koopsom vermeerderd met de veilingkosten met een minimum van € 250 (zegge: tweehonderdvijftig Euro), onverminderd het recht om de werkelijke kosten te verhalen.

9.2 De veilinghouder heeft tevens het recht om, indien de koper de betalingstermijn overschrijdt en daardoor van rechtswege in verzuim is, de koopovereenkomst schriftelijk te ontbinden. Eventuele gedeeltelijke betalingen vervallen in geval van ontbinding bij wijze van vergoeding van schade aan de veilinghouder die tevens het recht heeft de volledige schade, zoals een mindere opbrengst, en kosten op de koper te verhalen en het geveilde onmiddellijk of later te herveilen of uit de hand te verkopen. De nalatige koper kan geen aanspraak maken op een eventuele meeropbrengst.

Artikel 10 ophaaltermijn

10.1 De koper is verplicht de gekochte voorwerpen tot zich te nemen en af te (laten) halen binnen de door de veilinghouder aan te geven termijn. Behoudens het recht van de veilinghouder een kortere of langere termijn aan te geven geldt als uiterlijke ophaaltermijn, een termijn van vijf werkdagen na de laatste veilingdag.

10.2 Bij nalatigheid van de koper het gekochte af te nemen en op te (laten) halen binnen de gestelde termijn is de koper van rechtswege in verzuim en is het gestelde in artikel 9 van overeenkomstige toepassing. Tevens heeft de veilinghouder het recht het gekochte voor rekening en risico van de koper in opslag te geven, waarbij vervoerskosten en het daaraan verbonden risico eveneens ten laste van de koper komen.

Artikel 11 onverkochte voorwerpen

11.1 Indien een voorwerp ter veiling onverkocht blijft, heeft de veilinghouder gedurende een periode van veertien dagen na de veiling het recht doch nimmer de plicht het onverkochte voorwerp alsnog te verkopen tenzij anders overeengekomen met de inbrenger.

11.2 De veilinghouder zal een dergelijke verkoop na veiling ("aftersale") alleen aangaan indien die verkoop kan geschieden voor een prijs die resulteert in een bedrag dat minimaal gelijk is aan de netto verkoopopbrengst waarop de verkoper recht zou hebben gehad indien het voorwerp voor de voor deze veiling geldende limiet zou zijn verkocht, zulks tenzij een andere regeling met verkoper wordt overeengekomen.

11.3 Een aankoop door een koper in de zin van dit artikel geldt als aankoop ter veiling waarop deze algemene voorwaarden onverkort van toepassing zullen zijn.

Artikel 12 aansprakelijkheid veilinghouder

12.1 De veilinghouder is nimmer aansprakelijk voor schade ontstaan aan schilderijlijsten, overige omlijstingen en al wat daarvan deel uitmaakt zoals glasplaten, passe-partouts etc., behoudens het geval dat de schade is veroorzaakt door opzet of bewuste roekeloosheid van de veilinghouder en/of door hem ingeschakelde hulppersonen of personeelsleden.

12.2 In geen geval is de veilinghouder aansprakelijk voor bedrijfs-, gevolg-, vermogens- en/of indirecte schade.

12.3 De veilinghouder is nimmer aansprakelijk voor enig ongeval of enige vorm van schade iemand overkomen in of nabij de gebouwen of terreinen waar gelegenheid is tot inbreng, opslag of bezichtiging, waar de veiling plaats heeft of waar de verkochte goederen worden afgehaald, behoudens het geval dat de schade is veroorzaakt door opzet of bewuste roekeloosheid van de veilinghouder en/of door hem ingeschakelde hulppersonen of personeelsleden en/of behoudens voor zover door een verzekering van de veilinghouder gedekt.

12.4 Het betreden van de gebouwen of terreinen geschiedt op eigen risico.

Artikel 13 foto's en illustraties

13.1 De veilinghouder is gerechtigd alle ter verkoop aangeboden voorwerpen te fotograferen, te illustreren of anderszins in beeld te brengen en af te (doen) beelden op welke wijze dan ook, zowel voor, tijdens als na de veiling, rekeninghoudende met geldende wettelijke bepalingen. De veilinghouder behoudt het auteursrecht op al deze afbeeldingen.

Artikel 14 diversen

14.1 Nietigheid, vernietiging of onverbindendheid van één der bepalingen van deze algemene voorwaarden laat de geldigheid van de overige bepalingen onverlet. In het geval één of meer bepalingen nietig, vernietigd of onverbindend zijn, worden tussen koper en veilinghouder vervangende bepalingen overeengekomen die wel geldig zijn en die het meest de inhoud en strekking van de nietige, vernietigde of onverbindend gebleken bepaling(en) benaderen.

14.2 Op deze algemene voorwaarden is uitsluitend Nederlands recht van toepassing.

14.3 Alle geschillen ter zake van, voortvloeiende uit of verbandhoudende met een tussen de veilinghouder en de koper gesloten koopovereenkomst, de totstandkoming van een koopovereenkomst of deze algemene voorwaarden worden uitsluitend ter beslechting voorgelegd aan de bevoegde rechter van de woonplaats of plaats van vestiging van de veilinghouder, tenzij uit de wet anders voortvloeit behoudens het recht van de veilinghouder om het geschil aanhangig te maken bij de bevoegde rechter van de woonplaats van de koper.

Extract of the conditions of sale

The auction sale occurs by upward bidding in euro. To the hammer price a buyer's premium will be added of 23% and 2 euro for every bought lot. Purchases via the livebid system have an alternate buyer's premium of 26% and 2 euro for every bought lot.

Lots are assigned to the highest bidder. In case of two even bids the concerning lot will be assigned to the first bidder. Bidders can submit postal bids at www.ha-europe.com.
Please notice: no bids below the starting price will be accepted!

The auction sale takes place with increasing steps as follows: up to 40 euro with 2 or 3 euro, from 40 to 100 euro with 5 euro, from 100 to 300 euro with 10 euro, from 300 to 500 euro with 20 euro, and from 500 to 1000 with 50 euro and above 1000 euro with 100 euro.
The auctioneer has the right to deviate from these amounts. Starting prices in the catalogue described as 'bod' have a minimum of 5 euro. Bids under the starting price are not accepted.

During and after the auction lots bought can be taken along by the purchaser. This is possible after direct payment (cash or bank) or after permission of the auctioneer to wire the amount within an agreed period. Payment with creditcard is also possible, the auctioneer will charge 5% extra to the invoice due to bankcosts. Cheques are not accepted. Every bidder is considered to buy for him- or herself and can never be entitled 'in-betweens' without responsibility.

Purchases will not be shipped before the invoice is paid in full. Heritage Auctions Europe (HAE) takes no responsibilities for bank or wire transfer surcharges (which some banks charge).

A minimum of 30 euro will be charged for shipping costs. Heritage Auctions Europe is free to raise these costs if the actual shipping costs are higher than invoiced. We attempt to ship as quickly as possible, but operate a queue system with purchases shipped in order of payment. Buyers will receive a tracking number once the package is ready to be shipped out.
We reserve the right to decline to ship lots deemed too fragile, heavy or large for postal services. Every effort is made to pack securely but we are not a professional shipping company. Our services are used at the buyers risk and we cannot be held responsible for damage in transit.

Ownership of the lots remains with the seller until payment has been done in full. Buyer's risk is valid from the moment of knock-down.

All lots are sold as viewed. Authenticity of every single lot (or lots with no more than 2 pieces) is guaranteed.

All disputes during or after the auction are decided by a present supervisor. All parties are subject to his/her pronouncement. Any disputes followed by legal actions will be handled according to the conditions as deposited at the Court of Law in Utrecht under no. 383/1999 (15/11/1999). Only the Dutch text of conditions of sale is in force.

According to Dutch taxlaw your VAT-number will NOT exclude VAT. All prices are reserve prices.

Onthul de ware schoonheid *van uw munten*

Verzamelmunten kunnen beschadigd raken en het uiterlijk kan veranderen als ze niet goed worden bewaard en verpakt. Ook kunnen ze beschadigd raken door het milieu en de omgeving, verkeerd gebruik en veranderingen in de natuur. Vervuiling op oppervlakken zoals PVC en andere resten, vuil, aanslag, vlekken en afzetting kunnen het uiterlijk minder mooi maken en kunnen munten zelfs permanent beschadigen.

NCS heeft een professionele aanpak van numismatische conservatie ontwikkeld en kan deze schadelijke deeltjes verwijderen, waardoor het uiterlijk van een munt aanzienlijk kan worden verbeterd.

NCS, dat door het Smithsonian Institutuut wordt gezien als een autoriteit op het gebied van conservering, heeft de expertise en ervaring om het oorspronkelijke uiterlijk van uw munt terug te brengen en de ware schoonheid ervan te onthullen.

Wat kan professionele conservatie door NCS doen voor mijn munten?

Alle soorten munten zijn onderhevig aan oppervlakkige vervuiling en negatieve reacties op de omgeving. In veel gevallen worden munten bewaard of verkocht in zachte plastic mapjes of muntverpakkingen die polyvinylchloride (PVC) bevatten, chemicaliën die langzaam inwerken op de oppervlakte van een munt. PVC en andere resten leiden uiteindelijk tot permanente schade.

Door bepaalde problemen komen munten niet langer in aanmerking voor beoordeling door Numismatic Guaranty Corporation (NGC), een onafhankelijk partner van NCS, als ze niet eerst professioneel worden geconserveerd. Na conservatie door NCS kunnen munten aan NGC worden overgedragen voor certificering. Hierna worden ze, afhankelijk van de staat van het oppervlak, numeriek op kwaliteit ingedeeld of door NGC Details op kwaliteit ingedeeld.

Hieronder volgen enkele voorbeelden van professionele conservatie door NCS.

Owing to the shortage of coins of small denomination, which had led to great disturbances and troubles, and in order to accommodate the indigenous population, the Batavian Government by a Res. of Nov. 9, 1658, decided to prepare at Batavia copper "Tangen" of the same shape as those on the coast of India, Ceylon, Coromandel, Bengal and Aracan, having at either end a small mark to prevent them from being shortened, and to declare them current at the rate of an "Oortje" (2 Doits). In due course the mintmaster for the production of these emergency pieces, found the copper at hand so hard that it was impracticable for the purpose. Consequently, by Res. dated May 28, 1660, directions were given that these "Tangs" were to be made of pewter instead of copper. This specimen in copper must of been the initial issue and produced before May, 1660, after which date they changed to the use of pewter - RRRR - Exceptionally rare issue - VF	1000

Pitje 1744 geslagen te Batavia (Scho. - / N.-VdCh. - / Millies -) - 1.05 gram gram – VZ VOC-monogram / AO 1744 / KZ blank – VF / RRRR / uiterst zeldzaam - Deze munten werden geslagen te Batavia en vervaardigd uit lood en tin in ongeveer gelijke hoeveelheden. Ingevolge resolutie van 14 februari gangbaar verklaart in Batavia en op Java. Onvermeld in enig standaard naslagwerk met betrekking tot de muntslag van de VOC. Slechts 3 andere exemplaren bekend en derhalve uitertmate zeldzaam.

Beknopte historische info:

Op 3 december 1743 werd te Batavia van gedachte gewisseld over de invoering van pitjes op Java en Madura. Aanvankelijk ging men uit van het slaan van rood-koperen pitjes, maar uit de resolutie van de Hooge Regering van 16 Januari 1744 blijkt, dat de "pitjens" toch van lood en tin ("van ieder ten naaste by evenveel") waren aangemaakt, omdat men "het koper zoo dun en klein hier niet bewerken konde zonder een oneyndig arbeidsloon en tyd daaraan tespenderen".

Netcher - van der Chijs (1863) besteden ruim aandacht aan het voornemen van 3 december 1743 (p.62-64) maar concluderen: "Het is ons echter niet gebleken, dat deze zaak voortgang heeft gehad: wij betwijfelen dat zelfs, want uit de resolutie van 22 December 1750 blijkt, dat twee jaren te voren de Indische Regering aan de Heeren XVII had verzocht halve duiten te laten munten, waaraan gevolg was gegeven."

Niets is echter minder waar, namelijk ingevolge de resolutie van 16 januari 1744 werden ze op 14 Februari 1744 gangbaar verklaard. "Gangbaar verklaring. Zoo hier [Batavia] als op Java, van doorboorde pitjes, vervaardigd van lood en tin en voorzien van de eene zijde met het merk der O. I. Compagnie en aan de andere zijde met het jaartal 1744".

De pitjes ter waarde van een ¼ duit of 1/16 stuiver werden in opdracht van de VOC in het ambachtskwartier te Batavia vervaardigd. De vervaardiging van de 'loode pitjes' werd bij veiling verpacht aan de shahbandars. De shahbandar (Perzisch, letterlijk 'havenmeester'), was in de havenplaatsen een belangrijke, zo niet dé belangrijkste functie en op Java onder meer belast met het innen van de tolgelden van alle inkomende en uitgaande goederen.

Pitje 1744, Batavia (Scho.- / N.-VdCh. - / Millies - / De Beeldenaar No. 5, sept/oct. 2020 p. 225-228) - 0.85 gram - Obv.: VOC-monogram / AO 1744 / Rev.: Blank – VF / RRRR / extremely rare - These coins were struck in Batavia, made of lead and tin in approximately equal quantity. They were put into circulation on 14 February 1744, to the value of ¼ doit or 1/16 stiver and declared current in Batavia and on Java. Not listed in any of the standard references on the coinage of VOC. Only 3 more specimen known and therefore extremely rare.

Brief historical note:

A proposal for the introduction of pitjes on Java and Madura was discussed on 3 December 1743 in Batavia. The initial proposal was to strike red-copper pitjes, but from the resolution of High Government of 16 January 1744 we learn, that the pitjes were made of lead and tin, in equal portions, as the production in copper proved to be too expensive and time consuming.

Netcher - van der Chijs (1863), extensively discussed the proposal of 3 December (p.62-64) but concluded: "It doesn't appear to us that the matter got continued: we even doubt it, because from the resolution of 22 December 1750 it appears that two years prior to it, the Indian Government had requested the Gentlemen XVII for the supply of half doits, which was followed up."

The archival truth, however, turned out to be different, as by the resolution of 16 January 1744 they were put into circulation on 14 February 1744 and "Declared current, here in Batavia as well as on Java, of pierced pitjes, made of lead and tin, with on one side the mark of the East India Company and on the other side the date 1744."

The pitjes, with a value of ¼ doit or 1/16 of a stiver, were made in the trade/craft centre of Batavia. The production was farmed out by auction to the Shahbandars. The Shahbandar (Persian, lit. "harbourmaster") was in charge of the traders and the collection of taxes.

Betuwe, Numis 1159082 - PR / RRR / uiterst zeldzaam - Topstuk. Deze zeer zeldzame munt behoort tot de groep DRACO- penningen en halve penningen zoals door Anton Cruysheer gepubliceerd in 2 artikelen. Overduidelijk is de verwantschap met de LEO-penningen en halve penningen die ongetwijfeld uit dezelfde nog onbekende muntplaats stammen. Cruysheer veronderstelt een toeschrijving en ontstaan van deze muntslag in de periode 1189-1190. Deze aanmunting zou in verband staan met de kruistocht naar Jeruzalem waar graaf Floris III van Holland (1157-1190) aan deelnam als een van de legeraanvoerders in het leger van de Duitse keizer Frederik van Barbarossa.	2000

These notes were not issued by the Dutch authorities but by the German commander of the island: Kapitänleutnant A. Rehm. Due to the hard winter of 1940/1941 the ferry was not able to go from the mainland to Schiermonnikoog and German soldiers could not get their pay. Therefore Rehm decided to issue emergency notes of 1 and 10 Gulden. Afterwards these notes could be redeemed at the commander's office. 4329	1864 - Letter from Professor Hofman to Enschedé & Zonen dated 10 maart 1864 concerning the Chinese tekst on the new series of banknotes of De Javaansche Bank - lettersheet with two stamps, rest of wax seal and in ink '5' (cent porto), one side written - a little brown at the edges, otherwise fresh - extremely rare and interesting document - NB. In 1864, the Javasche Bank issued a new series of notes with denominations between 5 and 1000 guilders (Pick 45-51, ON 185-194). The penal provisions in the event of forgery are printed on the back in four scripts: "Met den dood, te pronkstelling, opsluiting in een tuchthuis en verbanning wordt naar omstandigheden gestraft het namaken of vervalschen en het opzettelijk uitgeven van nagemaakte of vervalschte biljetten der Bank. (Staatsblad 1817 n°.4, 1822 n°.32 en 1859 n°.98.)". Johan Enschedé & Zonen had the Chinese text checked by Jan Josef Hoffman, since 1855 the first professor of Chinese and Japanese at Leiden University. In this letter, Hofman reports that the text is correct, but provides detailed comments on the execution of two characters.	50

5996	Dollar Yr.3 (1914) (KM329, L&M63, Kann646) - Obv: Bust Yüan Shih-kai left / Rev: Value within wreath - 26.58 g., regular issue, reeded edge - NGC MS66, while likely the most iconic and instantly recognizable issue of the Chinese series amongst both seasoned numismatists and the layman alike, the 1914 Yuan Shih-kai 'Fatman' Dollar usually is anything but a remarkable issue, the standard 'base' type for that year seeing over 86.000 specimens certified between NGC and PCGS combined. This fact is primarily owed to the enormous numbers originally struck, most of which experienced heavy usage in circulation and few of which were set aside soon after minting. That being said, the current example ranks far and beyond as a clear outlier, with only 11 MS67's and 8 MS66+'s represented in the NGC and PCGS census reports. A truly exceptional piece with a bold strike, booming luster and beautiful toning throughout, fit for any world class collection	10000
