

MODEL: iR2200/ 2800 / 3300

SUBJECT: Serial Number Information

Detail:

Due to the shortage of accessories for models iR2200/2800/3300, we have purchased the following 4 items, which are basically the same as the current models, but the first 3 characters of the serial numbers are as listed below.

| Description | Canon Code | Current Units Serial No. (first 3 characters) | Additional units Serial No. (first 3 characters) | Quantity of additional units |
|-------------------------|------------|--|---|---------------------------------|
| Saddle Finisher -G1 | 6681A001AA | XEH | XJB | 175 |
| Inner 2way tray-A1 | 6704A001AA | XEF | XJD | 270 |
| Finisher-J1 | 6664A001AA | XJS | XHZ | 454 |
| CST Feeding unit- W1 | 6677A001AA | XJT | XJC | 814 |

For example, Saddle Finisher-G1, which you receive currently, has the serial number starting with XEH, while the additionally purchased Saddle Finisher -G1, has the serial number starting with XJB.

As the quantity of additional Saddle Finisher- G1 is only 175 units, not all NSOs will receive the additional Saddle Finisher with different serial number. Please note that it is a one time measure. Once the stock of additional units is exhausted, we will deliver the current models again.
