GEDORE
TOOLS FOR LIFE

MIXX and CLICK & WorkMo

Robust efficient

Have everything to hand!
All laid out.

GEDORE L-BOXX® POWERED BY SORTIMO®

The challenge: The perfect "To Go" workshop

- › GEDORE's Sortimo® transport box system relies on a tried-and-tested mobility standard
- › The perfect alliance for intelligent, efficient process and project design planning

2 STRONG PARTNER - 1 SYSTEM

The terms of reference

- › Tools, machines and material must be easily, safely, quickly and conveniently transported to the place of use i.e. in a preferably resources-saving manner.
- › Lengthy loading times must be avoided at all cost - guaranteed load securing a pre-condition here!

For your safety

- › Did you know that in an accident a screwdriver develops an 8 kg impacting load ?
- › And in no way is a screwdriver a heavy tool ! It is easy to envisage how a screwdriver or hammer turns into a projectile in an accident !
- › The GEDORE L-BOXX®es are fully compatible with Sortimo® vehicle fittings
- › GEDORE L-BOXX® quality is constantly examined on the basis of the strict Sortimo® directives. Sortimo® has its quality endorsed through crash tests organised by TÜV.
- › If it comes to the worst, at least the tools stay where they belong - securely in their GEDORE L-BOXX®

Your advantage

- › Intelligent order systems
- › Flexible, modular and individual
- › Ideal for mobile deployments
- › Diverse and highly efficient
- › Quick accessing of tools - perfect organisation
- › Transport box standard - e.g. compatible with electrical tool manufacturers
- › Guaranteed safety

The proven GEDORE "MIXX AND CLICK" kit

L-BOXX®
ready

GEDORE WorkMo - The mobile arrangement-, transport- and working system

WORKMO®

GEDORE WORKMO - THE MOBILE ARRANGEMENT-, TRANSPORT- AND WORKING SYSTEM

For maximum flexibility and safety

- > WorkMo (WORK Mobility) offers stackable and interlocking function modules in sturdy lightweight construction
- > Expandable at any time and can be integrated into any vehicle with the Sortimo® load securing
- > Compatible with the Sortimo® L-BOXX® range
- > The mobile base for professional working!
- > Compatible with the GEDORE tool modules 1500 ES/1500 CT

Individual

- > WorkMo adapts exactly to the requirements of your individual working day
- > With the foam configurator the tool equipment can be arranged individually

Compatible

- > with the Sortimo® L-BOXX® range
- > with the GEDORE tool modules 1500 ES/1500 CT

Flexible

- > Expandable at any time (with castors, worktop etc.)
- > For further system components see Sortimo®

Light

- > Low weight due to aluminum-plastic mix
- > Ergonomic working heights

1110 WM 221 + 1110 WM 24

not included

Drawer equipment

- › Ideal to equip WorkMo components with GEDORE tools.
- Be aware of the respective drawer widths:

- › B2 = maximum 2x 1/3 modules or 1x 2/3 module

- › B2 = maximum 2x 1/3 modules or 1x 2/3 module

Sturdy

- › Robust handling – lockable – durable
- › With rounded plastic edges as impact and scratch protection

GEDORE INDIVIDUAL I-MODULE

You haven't found the right tool modules for yourself?

Have a word with us - we manufacture the complete module individually to your requests and needs.

THE SOLUTION: THE GEDORE "MIXX AND CLICK" KIT

- Well-conceived tool assortments and tool modules in the Sortimo®-Transportbox system
- GEDORE L-BOXX® 136 with front grip and GEDORE i-BOXX® 72 powered by Sortimo® form the tried-and-tested basis for GEDORE "MIXX AND CLICK"
- Every GEDORE L-BOXX® is supplied with a tool card in the lid for order and more storage space
- Perfectly suited for mobile deployments - that's the "To Go" workshop

Multiple compatibility and thus extremely flexible and highly individualised:

- The GEDORE "MIXX AND CLICK" kit features untold combinations based on your requirements and also on the modules of other manufacturers (e.g. electrical tools /Bosch)
- This in combination with other Sortimo® components (transport boxes and system components) gives rise to a well organised mobile workshop
- Perfectly tailored to your personal needs
