

IFR 3410 Series

The NEW face of Digital RF signal generators

The IFR 3410 Series Signal Generators
Winner of Test & Measurement World

Best in Test Award

Nominations in T&MW's 2003 Best in Test competition came from both manufacturers and users of products that were introduced between November 1, 2001 and October 31, 2002.

T&MW's subscribers are now voting for Test Product of the Year. The winner will be announced in Spring 2003.
