

# HANDLING OF THE PRODUCT

Part No. Z9-000-054, IB007212

Sep. 2006

## 5-Unit Frame **PFX2332**

The PFX2000 Series Charge/Discharge Battery Test System is configured by combining individual functional units. Therefore, an operation manual is not provided for each functional unit.

For information on the handling of the basic system consisting this product see the following manual that came with the PFX2121 120-ch Control Unit.

### **PFX2000 Series Charge/Discharge Battery Test System Operation Manual**

Refer to the manual above for information on system configuration and the handling of the hardware after configuration.

The PFX2000 Series Charge/Discharge Battery Test System is controlled using BPChecker2000, an application software. For details on the operation of the system, see the following manual.

### **BPChecker2000 User's Manual**

### **Checking the Package Contents**

When you receive the product, check that all accessories are included and that the product and accessories have not been damaged during transportation.

If any of the accessories are damaged or missing, contact your Kikusui agent or distributor.
