

## Introducing KODAK VISION2 100T Color Negative Film 5212 / 7212

KODAK VISION2 100T Color Negative Film 5212 / 7212 is the sharpest color negative motion picture film ever. With excellent flexibility and extremely fine grain, VISION2 100T Film offers clean and crisp images. And now, 100T Film also includes superior VFX capabilities. So you can shoot all your scenes for digital compositing on the same stock.

The VISION2 Film family is the first line of products created specifically for both film and digital postproduction. What's more, all VISION2 Films provide excellent tone scale and flesh-to-neutral reproduction. With superior shadow and highlight detail and very fine grain. VISION2 Films also maintain neutrality through the full range of exposure. So you can convey exactly the look you intended all the way from capture to post.

KODAK VISION2 100T Film. Tell your story from the beginning to the very last detail.

The following additions will be reflected in the next printing of the KODAK Motion Picture Film Price Catalog.
