

## Discontinuance of EASTMAN EXR 200T Film / 5293

EASTMAN EXR 200T Film / 5293 is being discontinued and will be removed from page 14 of the KODAK Motion Picture Film Price Catalog. Any remaining stocks will be sold until inventories are depleted.

In addition to KODAK VISION 200T Color Negative Film / 5274 which is currently listed on page 16 of the catalog, KODAK will now offer *new* KODAK VISION2 200T Color Negative Film 5217 as well. This film is highly versatile and offers excellent image structure under a wide variety of lighting conditions. See the enclosed KODAK News article entitled, "Introducing KODAK VISION2 200T Color Negative Film 5217 / 7217" for more details about this exciting film.

The following listings are discontinued and will be removed from the next update of the KODAK Motion Picture Film Price Catalog.
