Kodak

Features and Benefits

Perfect Page with iThresholding: Advanced image processing from Kodak that allows you to scan even poor-quality documents at full speed and get exceptional images. Boosts productivity by virtually eliminating the need to rescan or change settings.

Competitive scanner

Perfect Page Scanning with iThresholding, only from Kodak

Automatic image cropping and straightening for outstanding image accuracy at full scanning speed.

Fast scanning: Capture up to 25 pages or 50 images per minute.

Five output options: Color, bitonal, grayscale, simultaneous bitonal and grayscale, and simultaneous bitonal and color.

Special Document Feeder (i40 only): This unique feeder makes it easy to scan small and/or thick documents such as identification cards, licenses, and insurance and medical cards. For easy access, it attaches or detaches in seconds, and features front-feeding and return of documents.

One-button functionality: Allows you to assign up to nine scanning applications and select one at the touch of a button. Then, with some applications, you can just press the scanner's start button to begin scanning with the selected application.

Feature-rich bundled software makes it easy to maximize productivity right out of the box.

- **KODAK Capture Software, Lite,** offers a range of scanning features for practically any workgroup application. Easily upgradeable to the full version of Capture Software.

- **READIRIS Pro Corporate Edition** provides multi-page optical character recognition (OCR) and direct scanning to searchable PDF files.

- Demo versions of **KOFAX CAPIO** for KODAK Scanners and **CAPTIVA QuickScan Pro.**

For integrators, bundled ISIS and Kodak-developed TWAIN drivers deliver speedy system integration. For end-users, the exclusive Kodak-developed TWAIN drivers enable Kodak's advanced image processing at the scanner's full rated speed.

Brightness and contrast control: Customize color output to fit your application.

VRS compatible for more imaging options.

Flexible Electronic Color Dropout: Suppress non-critical red, green or blue background to improve forms processing.

Reliable multi-feed detection for better scanning productivity.

Quiet operation and small footprint: The i30 and i40 models easily fit on any desktop.

KODAK Service & Support: Our team of service experts is here for you around the clock, and around the world.
