PRODUCT INFORMATION

MINOX DC 1011 Carat

A new exclusive lifestyle camera to reflect a new golden age

In this case all that glitters is gold, plus diamonds that have created the elegant MINOX DC 1011 Gold. Unique jewellery stirs all kinds of emotions and the gold and diamonds used in this fully working digital camera make it an unusual and even unique piece of camera jewellery. There are 10 genuine diamonds surrounding the lens as a marker of its uniqueness which, coupled with the camera body coated with gold, presents an innovative, powerful digital camera with a magnificent 10 megapixel image resolution. With the new DC 1011 Carat taking digital photographs is an exclusive pleasure

that promises brilliant and satisfying images at the same time.

MINOX designers have long understood the need to develop unique lifestyle cameras for a demanding market that is always looking for something beyond the norm! The MINOX DC 1011 special edition is finished by hand and has a gold plated outer skin of 24 carat gold with ten 2mm diamonds at 0.03 carat each adorning the lens. Add the outstanding technical features of the camera and its real value becomes evident.

Very impressive resolution via the fast MINOCTAR lens and integrated picture stabilization together make photography a satisfying pleasure. The 10 megapixels guarantee that large enlargements or even extreme sectional enlargements in poster-size are a reality. From auto focus to aperture setting up to white balance, the automation of the camera takes care of all the important settings. If wanted, the user can also take control of all the features and can always keep track of settings, subject and image by the generously sized and sharp 2.5 inch TFT color display. If the display is not going to be used then an optional optical viewfinder with optical zoom is available.

Picture files, optional video clips with VGA-resolution or voice-notes are stored on SD-cards with a capacity of up to 2 GB. In addition the camera is equipped with a memory of 32 Megabyte. With a built-in USB 2.0 port all data quickly can be transferred to a computer. A removable lithium ion battery ensures the power supply. All that you would expect in a 'normal' aluminium body digital camera.

The MINOX DC 1011 Carat is supplied in an elegant wooden box, with an ever-ready case, wrist strap, lithium ion battery, power supply unit, USB- and AV-cable, a manual as well as software for picture preparation on a PC.
