

7.0 MEGAPIXELS

MINOX

## PRODUCT INFORMATION

### MINOX DC 7011

A popular digital camera specification which gives powerful performance

The MINOX DC 7011 is a great for spontaneous photography, whatever the occasion! With its very compact dimensions this new digital camera easily goes into any pocket or handbag, and ready to use in an instant! Its features ensure excellent performance with the added convenience of fast auto-focus, a large 2.5 inch TFT monitor with low reflection for fast assessment of the image in view, as well as precise automatic exposure. With an excellent and more than acceptable resolution of 7 megapixels, the CCD sen-

sor offers plenty of scope, particularly for detail enlargements or poster sized prints. The DC 7011 is a real convenient alternative for photographers looking for a powerful compact digital camera with a very good price to performance ratio.

The pin-sharp definition and brilliance produced by the DC 7011 is made possible by the multi-coated MINOCTAR lens. Boasting a 3x optical zoom it offers the photographer full creative freedom without

having to sacrifice resolution quality. Optimally coordinated with the 7-megapixel sensor the lens will deliver images with natural color rendition in 24-bit color depth under all sorts of conditions.

The white balance of the DC 7011 makes sure of perfect exposures under changing light conditions, either automatically or by a manual adjustment. Different flash functions and the possibility to adjust the ISO sensitivity also allow optimal adjustment of the photo to the prevailing ambient conditions. The DC 7011 can additionally be used as PC-Cam or for recording video clips. Besides the integrated slot for SD memory cards with a capacity of up to 2 gigabytes the MINOX DC 7011 has an internal memory of 16 MB. The use of the very popular AA alkaline batteries its power source makes the photographer independent when out and about and in particular, when traveling. For fast and easy transfer of digital images to the computer the MINOX DC 7011 has a digital USB port and for direct printing there is a PictBridge port.

Included with the MINOX DC 7011 are two AA batteries, a wrist strap, a case, USB and video cable as well as a User's Manual.

#### Technical Data

Image sensor	7.16 mega pixels CCD
Colour	24-bit Color (RGB)
Image resolution	3.072 x 2.304 pixels / 2.592 x 1.944 pixels / 2.048 x 1.536 pixels / 1.280 x 960 pixels Still: 640 x 480 pixels / Video: 320 x 240 pixels / 25 fps (AVI)
Lens	Autofocus MINOCTAR lens
Focal length	5,8 ~ 17,4 mm (corresponds to 34 - 102 mm with 35 mm format)
Aperture	f/2,8 ~ f/4,8
Focus Range	5 cm (Macro) ~ inf. (Wide) / 0.5 m ~ inf. (Tele) / Normal: 0.35 m ~ inf. (Standard)
Zoom	3 x optical / 4 x digital
Shutter speed	2 ~ 1/1000 sec
Exposure	Auto / Program / Portrait / Sport / Movie
Exposure compensation	1/3 EV step, -2.0 ~ +2.0 EV
Exposure metering	Spot metering / multi metering
White balance	Auto / Manual: Daylight, Cloudy, Fluorescent, Incandescent
Screen	2.5" LTPS-TFT colourscreen
Memory	internal 16 MB / optional SD Card up to 2 GB
Movie	320 x 240, recording time: until media / SD card is full.
Self timer	2 sec / 10 sec / 10 + 2 sec
File Format	JPEG (EXIF 2.2), DCF, DPOF, AVI
Quality	Fine / Standard / Economy
Operating environment	Windows 2000/ME/XP/Vista / Mac OS X
Software	Windows 2000/ME/XP/Vista; Photo Explorer 8.0 and Photo Express 5.0
Language support	English, german, french, italian, spanish, portuguese, chinese
Connectors	AC-DC Adapter port, USB 2.0 high speed terminal, AV Output (NTSC/PAL selectable)
Power	2 x AA battery / 3.2V AC-DC Adapter (not included in scope of delivery)
Dimensions	3.52 x 2.36 x 1.02 inch / 89.4 x 60 x 26 mm (WxHxD)
Weight	approx. 4.23 oz / 152 g (without batteries)
Order number	60638
