## TF 200E - THERMOFLO UNIT

| Item Description                | PACE Part #      |
|---------------------------------|------------------|
| TF 200E ThermoFlo Unit          | 8007-0297        |
| <b>Complete, Consisting of:</b> |                  |
| Power Source (PPS-95E)          | -----            |
| ThermoFlo Cubby Kit             | 6019-0048-P1     |
| Hose Retention Kit              | 6018-0096-P1     |
| Angle Bracket Kit               | 6018-0097-P1     |
| Nozzle Removal Rubber Pad       | 1100-0303        |
| Detachable Power Cord           | 1332-0093        |
| Vacuum Cup Kit                  | 6993-0196-P1     |
| Nozzle Adapter Assembly         | 4028-0001        |
| <b>Replacement Parts</b>        | <b>See Pg. 3</b> |

TF 200E - ThermoFlo Unit

## TF 500E - THERMOFLO SYSTEM

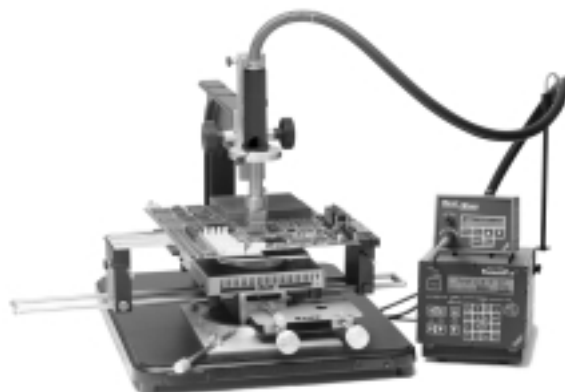

| Item Description                             | PACE Part #      |
|----------------------------------------------|------------------|
| TF 500E ThermoFlo System                     | 8017-0002        |
| <b>Complete, Consisting of:</b>              |                  |
| TF 200E ThermoFlo Unit, Complete (see above) | 8007-0297        |
| TF 500/E Work Platform                       | 6018-0099-P1     |
| Nozzle/Chip Tool                             | 1100-0231        |
| <b>Replacement Parts</b>                     | <b>See Pg. 3</b> |

TF 500E - ThermoFlo System

# TF 700E - ADVANCED PLACEMENT SYSTEM

| Item Description                               | PACE Part #      |
|------------------------------------------------|------------------|
| TF 700E Advanced Placement System              | 8017-0004        |
| <b>Complete, Consisting of:</b>                |                  |
| TF 200E ThermoFlo Unit, Complete (see page 14) | 8007-0297        |
| TF 700/E Advanced Placement Platform           | 6018-0110-P1     |
| HS 200E Heat Wave                              | 8007-0232        |
| Nozzle Chip Tool                               | 1100-0231        |
| <b>Replacement Parts</b>                       | <b>See Pg. 3</b> |

*TF 700E - Advanced Placement System*

# PRC 1500E SYSTEM

PRC 1500E System

| Item Description                               | PACE Part #  |
|------------------------------------------------|--------------|
| PRC 1500E System                               | 8007-0299    |
| <b>Complete, Consisting of:</b>                |              |
| TF 200E ThermoFlo Unit, Complete (see page 14) | 8007-0297    |
| MBT 250AE System, Complete (see page 10)       | 8007-0207    |
| Power Source Interlock Kit                     | 6993-0141-P1 |
| Angle Bracket Kit                              | 6018-0097-P1 |

## TF 200E/TF 500E/TF 700E SPARE PARTS

| Item<br>Description               | PACE<br>Part # |
|-----------------------------------|----------------|
| Power Switch                      | 1157-0052      |
| AC Power Receptacle               | 1207-0204      |
| Fuse Holder                       | 1161-0013      |
| Fuse F1 (5 Amp Fast Blow)         | 1159-0266      |
| Rubber Bumper (foot)              | 1274-0021      |
| Heater Assembly                   | 6010-0092-P1   |
| ThermoFlo Handpiece Assembly      | 6010-0094-P1   |
| Power Cord                        | 1332-0093      |
| Flowpump Assembly, PPS-95/E       | 1336-0035-P1   |
| Blower Assembly, PPS-95/E         | 6008-0145-P1   |
| Vacuum Pik Tube Kit               | 6993-0198      |
| PCB Assembly, Main PPS-95/E       | 6020-0097      |
| PCB Assembly, HV Module PPS-95/E  | 6020-0115      |
| PCB Assembly, Display PPS-95/E    | 6020-0099      |
| Accessory Manual                  | 5050-0421      |
| Operation Manual                  | 5050-0420      |
| Vacuum Cup Kit                    | 6993-0196      |
| Vacuum Cup, Individual, .625 Dia. | 1121-0280-P2   |
| Vacuum Cup, Individual, .400 Dia. | 1121-0281-P2   |
| Vacuum Cup, Individual, .312 Dia. | 1121-0282-P2   |
| Vacuum Cup, Individual, .195 Dia. | 1121-0382-P2   |
| Vacuum Cup, Individual, .300 Dia. | 1121-0383-P2   |
| Vacuum Cup, Individual, .500 Dia. | 1121-0384-P2   |
| Mounting Plate, Heater Unit       | 1335-0184      |

## OPTIONAL ITEMS FOR TF 200E/TF 500E/TF 700E

| Item<br>Description                                                                        | PACE<br>Part # |
|--------------------------------------------------------------------------------------------|----------------|
| Fume Extraction "Ready" Attachment (Flex Hose and Central Filtration Unit Sold Separately) | 6018-0105      |
| Large Board Holder                                                                         | 6018-0095      |
| HS 200E Heat Wave System                                                                   | 8007-0232      |
| Fiber Optic Lighting Attachment                                                            | 6018-0100      |
| Lens Vision Attachment, magnification (2x)                                                 | 6018-0104      |
| Camera Vision Attachment                                                                   | 6018-0102      |
| Thermocouple Meter                                                                         | 8001-0084      |
| TF 500/E Work Platform                                                                     | 6018-0099      |
| Swivel Ring (for handpiece)                                                                | 1321-0320      |
| TF 700/E Advanced Placement Platform                                                       | 6018-0110-P1   |
| Nozzle Holder                                                                              | 1321-0387-P1   |
