**Note**

- When copying files included on the CD-ROM, copy everything. However, when copying files under Windows, copy the files other than the "Windows" folder or DeskTop.
- If the manuals do not open automatically, double-click the following file on the CD-ROM.

Windows MANUAL.EXE

Macintosh manual

- Printed manuals are also included as PDF files on the CD-ROM.

Windows / Macintosh

- To open multiple manuals at the same time, follow the procedure below:

On the **[File]** menu, point to **[Preferences]**, and then click **[General...]**. Clear the **[Open Cross-Doc Links in Same Window]** check box in the **[General Preference]** dialog box that appears.

Icons

Click to go to the top page where you can select other manuals.

Click to go to the next page.

Click to go to the viewed manual's table of contents.
