Procedure of Software Update

1. Turn the TV power off by mechanical switch (rocker switch) or removing AC plug
2. Connect the USB memory to the TV.
3. Press „OK“ button from Remote control and turn the TV on (by mechanical switch or inserting AC plug) → keep OK button pressed until the Standby LED blinks rapidly (this blinking is much faster than normal blinking)
4. You can release the „OK“ button. The screen keeps dark and LED is blinking.
5. The Update Procedure was successful when “First time Installation” screen appears.
6. Switch off (by mechanical switch or unplug AC) and switch on again
