

LEGENDARY FOR A REASON

2015 TACTICAL RIMFIRE CATALOG

# INNOVATION, QUALITY AND GERMAN ENGINEERING.

Walther leverages its past to provide precision-perfected firearms for the future.

## WALTHER INNOVATION

For almost 130 years, Walther has been a name immediately recognized by firearm enthusiasts worldwide. Walther continues to be the leading innovator in manufacturing quality handguns and tactical rimfire replicas. This innovation stems from our tradition and emphasis on unmatched quality from renowned German engineering. It is the core of a progressive company that continues to write firearm history. Walther products are truly precision perfected.

## THERE IS NO FUTURE WITHOUT THE PAST

Most fans connect Walther with world famous police pistols, and of course, James Bond, Walther's most famous ambassador. Our heritage is based on quality, craftsmanship, innovation and German engineering. These are hallmarks carried on today and enhanced with modern technology and the most advanced manufacturing processes. Over a century of innovation and success builds a great framework for the future.

## GERMAN ENGINEERING BEGINS WITH PEOPLE

The dedication and pride of Walther employees can be seen on their faces. Each certified technician that touches a Walther pistol or tactical rimfire replica has completed a three-year apprenticeship. Walther's workforce is still made up of German craftsmen who pride themselves on continuing the tradition of innovation and excellence. At Walther, ownership and pride runs deep.

## QUALITY AND INNOVATION

Iconic firearms are the norm and not the exception at Walther. From the P1 to the PPK to the P38 and now the CCP, Walther is a leader in firearms that last a lifetime. This comes from meticulous planning, streamlined processes and the highest quality control. Walther combines old world German engineering and craftsmanship with modern techniques and state-of-the-art technology. Our rigid quality control process is thoroughly overseen by human eyes and is tooled with precision equipment that rivals any top manufacturing facility. Not only a handgun producer, Walther was a pioneer and is still a leader today in tactical rimfire replicas – guns that bring enjoyment to almost any firearm enthusiast. In a successful partnership with Colt®, Heckler and Koch® and IWI/UZI®, Walther brings .22 rimfire to legendary firearms like the Colt M4 Carbine, HK 416 and UZI. Walther is truly a company that leverages its past to provide perfected precision firearms for the future.

WALTHER HISTORY	24
-----------------	----

The HK G36 5.56x45mm assault rifle was designed in the early 1990s as a replacement for the heavier 7.62mm G3 battle rifle. It was accepted into service of the German armed forces and is used as an infantry weapon in a large number of countries. This genuine rimfire replica offers all the excitement of the original in the cost effective .22 L.R. caliber.
