

## **Technical Information**

Page 1 of 1

### **Pulse Gun™ (Air gun)** (Part No.: 7500.PG.x )

The Puls Gun™ Air gun neutralizes electrostatic charges in combination with the AirFlow Controller AFC2 (Part No. 7500.AFC2)

Pressure	Airflow PG5	Airflow PG8
0,69 bar	42,5 Liter/min	22,6 Liter/min
3,45 bar	183,9 Liter/min	155,6 Liter/min
6,89 bar	367,9 Liter/min	325,5 Liter/min

#### **Pulse Gun PG-5 (Part No. 7500.PG.5)**

colour: black, material: Delrin

- Neutralisation of electrostatic charges for cleaning processes
- Ergonomic Design
- Targeted neutralisation of electrostatic charges by flexible pressure hose
- Can be used with air as well as with nitrogen

#### **Pulse Gun PG-8 (Part No. 7500.PG.8)**

With filter for cleanroom class 1, colour: white, material: Delrin

As above, but:

- Emitter suitable for cleanroom class 1 (replaceable)
- Built-in filter reduces particle size in the airflow to 0,02µm
