

CIRCUITWORKS®

SILVER CONDUCTIVE GREASE

The syringe dispenser for precise application of grease to provide superior electrical and thermal conductivity, lubrication and protection

- Effectively lubricates metal, rubber and plastic
- Protects against moisture and corrosion
- Thermally stable over a wide temperature range
- Conductive lubricant containing pure silver
- Silver grease has maximum electrical and thermal conductivity

6.5 g

CIRCUITWORKS® GOLD GUARD™ PEN

The pen for cleaning and lubricating gold and other noble metal contacts and connectors

- Cleans and leaves protective lubricant in one step
- Extends the life of noble metal contacts
- Chisel tip marker for exact delivery of solvent to surface
- Safe on most plastics

8.5 g

CIRCUITWORKS® HEAT SINK GREASE

The tube dispenser for precise application of silicone compound that facilitates heat transfer away from electronics and electrical components

- Excellent thermal conductivity and dielectric properties
- Will not dry out, harden or melt
- Noncorrosive and nonflammable
- Thermally stable from -40°C to 172°C
- Maximizes heat transfer between circuit components and heat sinks
- Meets Mil-C-47113

142.0 g
