

Metro® POLYMER UTILITY CARTS

with *Microban® Antimicrobial
Product Protection

Metro Polymer Utility Carts with Microban® antimicrobial product protection are the most advanced general purpose carts in the marketplace today. Both the Deep Ledge and BC Series models have shelves with built-in Microban® antimicrobial product protection that protects them from bacteria, mold, and mildew that cause odors, stains and product degradation.

- **Easy to Clean:** Smooth, injection-molded shelves wipe clean easily. Microban® antimicrobial helps keep shelves “cleaner between cleanings” by inhibiting the growth of bacteria, mold, and mildew that cause odors, stains and product degradation.
- **Strong and Durable:** Each shelf can hold up to 150 lbs. (68kg), while each cart can hold up to 400 lbs. (180kg). Impact resistant shelves will not chip, peel, or dent. Rounded corners reduce damage to walls and surroundings.
- **Versatile:** Intermediate shelf on 3-shelf carts is adjustable on 1" (25mm) increments.
- **Shipped knocked down**
- **NSF listed**

Deep Ledge Carts

- 2³/₄" (70mm) deep ledge contains product and spills.
- Ergonomic handle is designed for easy use.
- 2- and 3-shelf models available.
- Shelf size: 20"x30" (508x762mm)

BC Series Carts

- 1/2" (13mm) Ship's edge lip around shelf perimeter contains spills.
- Wastebasket and utility bin accessories available.
- 2- and 3-shelf models available.
- Shelf sizes: 16"x27" (406x686mm)
20"x30" (508x762mm)

Specifications: Utility cart consisting of at least 2 polyethylene, injection-molded shelves containing Microban® antimicrobial product protection, chrome-plated posts or handle. 2-shelf cart may accept an intermediate shelf if necessary. Cart has four 4" (102mm) diameter, resilient rubber swivel stem casters. Cart rated at 150 lbs. (65kg) capacity per shelf, 400 lbs. (180kg) per unit.
