Precision Electronic Screwdriver Sets

Precise control with comfort.

ESD safe precision screwdrivers help maximize efficiency.

These German-made screwdrivers offer the premium features that separate professional quality tools from the rest: sturdy chrome-molybdenum vanadium steel blades, smooth turning precision swivel caps, and long-wearing black oxide tips. Add the comfort of the soft-textured forward grip section on each handle and it's obvious that these screwdrivers will be the choice of those who demand the best.

Xcelite®

Product Information

Swivel caps and comfort grip handles provide optimum control.

Whether your task calls for a slotted, Phillips®, or a Torx® driver, Xcelite® provides the versatility and the ESD protection you need. Both the screwdriver and Torx sets come in a snap-lock storage case that keeps them clean and easy to select.

Precision screwdriver sets features:

- ESD safe - provides protection to ESD sensitive items
- Chrome-molybdenum vanadium steel blades provide superior strength
- Smooth-turning concave swivel caps provide optimum control for precise centering
- Black oxide tips for longer wear life
- Soft-textured forward comfort grip section on handles prevents slippage and provides added control
- No-roll handle design keeps drivers from rolling off uneven surfaces
- Quality plastic carry case with snap-lock keeps drivers clean, protected, and easy to select in lined individual storage cradles
- Made in Germany
