

**DL750/DL750P ScopeCorder
User's Manual Part1**

Please make the following alterations to the User's Manual IM701210-05E(see underlined text).

■ Page 5-4 "Note"

If you turn the jog shuttle while acquisition is stopped and change the Upper and Lower values, the displayed waveforms also change.

■ Page 6-47 "Notes When Using the Action-on-Trigger/Action-on-Stop"

-
- Action ON triggers other than mail transmission are not available when the Dual Capture function is ON. Also, none of the action ON triggers are available if the firmware is of a version earlier than 4.01.
- You cannot use action-on-trigger or action-on-stop when the realtime recording to the internal hard disk is ON.
