DURING typesetting of this paper, several errors were inadvertently introduced. We regret these errors.

Page 912

The third line of Equation (1a) has a plus sign after the ellipsis; it should read

$$- [\Gamma_1(z)/2\pi]\theta + \cdots \qquad \text{as } r \to \infty$$

Page 915

The sentence on lines 11 to 14 of the second paragraph, "To obtain Γ_0, the semispan wing is divided into n span stations, and the zeroth-order (KG) problem detailed in Ref. 12 is solved at each span," should end, ". . . is solved at each span station."

Page 917

In Reference 6, author W. B. Kemp's name was misspelled.
