

**Authors and readers: This is your chance to tell us what *YOU* think...*****Journal of Guidance, Control, and Dynamics (JGCD) Questionnaire***

1. Do you subscribe to *JGCD*? If not, why not?
2. Are you aware that the journal is available *free* online for AIAA members who subscribe to the print version? Have you taken advantage of this benefit?
3. What is your impression of the quality and standards of *JGCD*?
4. Please share your viewpoint on the relevance of *JGCD* to the technical community, and comment on the relevance and accuracy of the published scope, which appears in the masthead.
5. Any anecdotal information based on your perspective of *JGCD* would be valuable. Has the operation of the review and publication processes been as smooth as possible? Can you suggest improvements?
6. Do you find *JGCD* to be an important factor in your career? Why or why not?
7. Please compare *JGCD* with other journals on issues of quality, relevance, and operational procedures.
8. How is the timeliness of the *JGCD* review process?
9. What leads you to choose *JGCD* over another journal when submitting for publication?
10. Additional comments:
