Errata

In the paper entitled "Fixed-Bed Multisolute Adsorption Characteristics of Nonwet Adsorbents" by W.G. Rixey and C.J. King (35(1), pp. 69–74, January 1989), the following corrections are made.

In Eq. 4 on p. 71, square root sign is missing from its righthand side. (The entire righthand side of the equation should be taken to the 1/2 power.) Pe_p , as used in Eq. 4 is the product of the particle-based Reynolds number and the Schmidt number. That symbol is used elsewhere for the particle-based Peclet number for axial dispersion.

In line 6 of the text on p. 74, the reference should be directed to Figure 5, not Figure 4.
