Mechanical Properties of Conjugated Polymers and Polymer-Fullerene Composites as a Function of Molecular Structure*Suchol Savagatrup, Aditya S. Makaram, Daniel J. Burke, and Darren J. Lipomi***Adv. Funct. Mater.* **2013**, 24, 1169–1181

DOI: 10.1002/adfm.201302646

The authors regret that Equation (1) on page 1171 was incorrect. The correct equation is shown below:

$$E_f = 3E_s \left(\frac{1 - \nu_f^2}{1 - \nu_s^2} \right) \left(\frac{\lambda_b}{2\pi d_f} \right)^3$$
