

Berichtigung

Im Methodenteil dieser Zuschrift auf S. 2937 wurde eine fehlerhafte Gleichung (1) abgedruckt. Die korrekte Gleichung lautet:

$$\Gamma_{(T)} = \Gamma_{(0K)} + \frac{\theta_{OH}}{2} \left[TS_{(T)}^{\circ} - H_{(T)}^{\circ} + H_{(0K)}^{\circ} - kT \ln \left(\frac{P}{P^{\circ}} \right) \right] \quad (1)$$

Pseudo-Bridging Silanols as Versatile Brønsted Acid Sites of Amorphous Aluminosilicate Surfaces

C. Chizallet,* P. Raybaud — 2935–2937

Angew. Chem. 2009, 121

DOI 10.1002/ange.200804580

With its efficient and thorough peer-review system, ChemMedChem has quickly established itself as an attractive venue for reporting high-quality work in medicinal chemistry.
