

In the Review by **A. Schnepf** and **H. Schnöckel** in Issue 19, **2002**, pp. 3533–3552, two formulas were accidentally swapped in Section 4.4.2. The cluster  $[\text{Ga}_{10}\text{R}_6]^-$  ( $\text{R} = \text{Si}t\text{Bu}$ ) should be number **23** and the cluster  $[\text{Ga}_{10}\text{R}_6]$  ( $\text{R} = \text{Si}(\text{SiMe}_3)_3$ ) should be number **22**.

In the Communication by **Y. K. Kim** and **T. Livinghouse** in Issue 19, **2002**, pp. 3645–3647, the incorrect complex number was printed above the reaction arrows in Scheme 4: **6c** should be replaced by **6c**. The editorial team apologizes for this error.

In the Communication by **J.-X. Wang et al.** in Issue 15, **2002**, pp. 2757–2760 the lower section of Scheme 1 should have appeared as follows:

In addition, the compounds labeled **1–8** in Scheme 2 are distinct from any other numbered species in either the main text, the Experimental Section, or the Supporting Information.
