In the preparation of this Communication, the significant contribution of Dr. Paul Sintic was unfortunately overlooked. Dr. Sintic was a former co-worker of the Kräutler group at the Institute of Organic Chemistry, University of Innsbruck. This research was supported in part by the FWF project no. M801-N11 (P.S. & B.K.). The authors of this Communication apologize for this oversight.

The list of authors should be corrected as follows:

Srinivas Banala, Thomas Rühl, Paul Sintic, Klaus Wurst, and Bernhard Kräutler*
