

## **Announcement**

### **VOICE REHABILITATION AFTER TOTAL LARYNGECTOMY**

12 April 1991

at The Netherlands Cancer Institute

The Departments of ENT/Head and Neck Surgery of The Netherlands Cancer Institute and the Academic Medical Center of the University of Amsterdam will organize a teaching course on voice rehabilitation after total laryngectomy. This course will provide the participants with theoretical and practical information pertinent to this subject. The course is meant for ENT Surgeons, ENT Residents and Speech Therapists dealing with laryngectomized patients. The official language of the course will be English.

*Contact:* Mrs L van Damme, Department of ENT/Head and Neck Surgery, The Netherlands Cancer Institute, Plesmanlaan 1231, 1066CX Amsterdam. Telephone +31-20-512-22-77.
