

Subject index

Volume 60 (2003)

Abdominal ultrasound; Viral hepatitis; Alcohol; Hepatic resection; Liver transplantation; Percutaneous interstitial treatments **60**, 145

Adaptation; Hepatitis C virus; HCV; Replicons; RNA replication; Cell culture; Antiviral therapy; Positive strand RNA virus; Flaviviridae; Interferon-alpha **60**, 91

Aerosol; RSV; Antiviral; Cotton rats; Respiratory syncytial virus; JNJ 2408068 **60**, 221

Alcohol; Viral hepatitis; Abdominal ultrasound; Hepatic resection; Liver transplantation; Percutaneous interstitial treatments **60**, 145

Aminoglycoside–arginine conjugates (AACs); HIV-1; Viral entry; CXCR4 blocking; gp120 gene mutations; HIV-1 therapeutic **60**, 181

Animal model; Guinea pig cytomegalovirus; cHPMPC; Congenital CMV; Neonatal CMV **60**, 41

Antiviral agent; Herpes simplex virus; Therapeutic efficacy; Thai medicinal plant **60**, 175

Antiviral therapy; Hepatitis C virus; HCV; Replicons; Adaptation; RNA replication; Cell culture; Positive strand RNA virus; Flaviviridae; Interferon-alpha **60**, 91

Antiviral therapy; Hepatitis C; Interferon; Ribavirin; Pegylated interferon; Combination therapy **60**, 135

Antiviral; Hepatitis C; Bovine viral diarrhea virus **60**, 1

Antiviral; Influenza virus; Peramivir; RWJ-270201; BCX-1812; Neuraminidase inhibitor; Immunosuppression **60**, 17

Antiviral; RSV; Cotton rats; Respiratory syncytial virus; Aerosol; JNJ 2408068 **60**, 221

Antiviral; RSV; hMPV; Human metapneumovirus; Respiratory syncytial virus; Ribavirin; IVIG; JNJ2408068 **60**, 51

Arboviral encephalitides; Vaccines; Infectious diseases **60**, 153

B cell; Hepatitis B virus; Nucleocapsid; Immunogenicity; RNA **60**, 67

B lymphocytes; HCV; HVR1 **60**, 111

BCX-1812; Influenza virus; Peramivir; RWJ-270201; Neuraminidase inhibitor; Immunosuppression; Antiviral **60**, 17

Benzimidazoles; Respiratory syncytial virus; Fusion inhibitor **60**, 209

BMI; Steatosis; HCV infection; Genotype 1; Genotype 3; Liver fibrosis **60**, 125

Bovine viral diarrhea virus; Hepatitis C; Antiviral **60**, 1

Canine herpesvirus (CHV); Lactoferrin; Heparin; Lactoferrin-binding protein **60**, 193

CD8 cells; HBV **60**, 61

Cell culture; Hepatitis C virus; HCV; Replicons; Adaptation; RNA replication; Antiviral therapy; Positive strand RNA virus; Flaviviridae; Interferon-alpha **60**, 91

cHPMPC; Guinea pig cytomegalovirus; Animal model; Congenital CMV; Neonatal CMV **60**, 41

Chronic hepatitis B; Peginterferon alpha-2a (40 kDa); Interferon alpha **60**, 87

Combination therapy; Hepatitis C; Interferon; Ribavirin; Pegylated interferon; Antiviral therapy **60**, 135

Congenital CMV; Guinea pig cytomegalovirus; cHPMPC; Animal model; Neonatal CMV **60**, 41

Cotton rats; RSV; Antiviral; Respiratory syncytial virus; Aerosol; JNJ 2408068 **60**, 221

Coxsackie B1 virus; Disoxaril; Mice; Resistance; Phenotype **60**, 35

CXCR4 blocking; HIV-1; Aminoglycoside–arginine conjugates (AACs); Viral entry; gp120 gene mutations; HIV-1 therapeutic **60**, 181

Dengue; Sulfated galactomannan; Yellow fever; Flaviviruses **60**, 201

Disoxaril; Coxsackie B1 virus; Mice; Resistance; Phenotype **60**, 35

Flaviviridae; Hepatitis C virus; HCV; Replicons; Adaptation; RNA replication; Cell culture; Antiviral therapy; Positive strand RNA virus; Interferon-alpha **60**, 91

Flaviviruses; Sulfated galactomannan; Yellow fever; Dengue **60**, 201

Fusion inhibitor; Respiratory syncytial virus; Benzimidazoles **60**, 209

Genotype 1; Steatosis; HCV infection; Genotype 3; BMI; Liver fibrosis **60**, 125

Genotype 3; Steatosis; HCV infection; Genotype 1; BMI; Liver fibrosis **60**, 125

- gp120 gene mutations**; HIV-1; Aminoglycoside–arginine conjugates (AACs); Viral entry; CXCR4 blocking; HIV-1 therapeutic **60**, 181
- Guinea pig cytomegalovirus**; cHPMPC; Animal model; Congenital CMV; Neonatal CMV **60**, 41
- HBV DNA**; Hepatitis B virus (HBV); Health care workers (HCWs); Transmission **60**, 79
- HBV**; CD8 cells **60**, 61
- HCV core protein**; Nitric oxide; NF- κ B **60**, 117
- HCV infection**; Steatosis; Genotype 1; Genotype 3; BMI; Liver fibrosis **60**, 125
- HCV prevalence**; Hemodialysis; Isolation measures **60**, 129
- HCV replication complex**; Nonstructural proteins; Membranous web **60**, 103
- HCV**; Hepatitis C virus; Replicons; Adaptation; RNA replication; Cell culture; Antiviral therapy; Positive strand RNA virus; Flaviviridae; Interferon- α **60**, 91
- HCV**; HVR1; B lymphocytes **60**, 111
- Health care workers (HCWs)**; Hepatitis B virus (HBV); Transmission; HBV DNA **60**, 79
- Hemodialysis**; HCV prevalence; Isolation measures **60**, 129
- Heparin**; Lactoferrin; Canine herpesvirus (CHV); Lactoferrin-binding protein **60**, 193
- Hepatic resection**; Viral hepatitis; Alcohol; Abdominal ultrasound; Liver transplantation; Percutaneous interstitial treatments **60**, 145
- Hepatitis B virus (HBV)**; Health care workers (HCWs); Transmission; HBV DNA **60**, 79
- Hepatitis B virus**; Nucleocapsid; B cell; Immunogenicity; RNA **60**, 67
- Hepatitis B virus**; Surface antigen mutants; Vaccines **60**, 75
- Hepatitis C virus**; HCV; Replicons; Adaptation; RNA replication; Cell culture; Antiviral therapy; Positive strand RNA virus; Flaviviridae; Interferon- α **60**, 91
- Hepatitis C**; Bovine viral diarrhea virus; Antiviral **60**, 1
- Hepatitis C**; Interferon; Ribavirin; Pegylated interferon; Combination therapy; Antiviral therapy **60**, 135
- Hepatitis**; SENV; Polymerase chain reaction; Liver disease **60**, 27
- Herpes simplex virus**; Antiviral agent; Therapeutic efficacy; Thai medicinal plant **60**, 175
- HIV-1 therapeutic**; HIV-1; Aminoglycoside–arginine conjugates (AACs); Viral entry; CXCR4 blocking; gp120 gene mutations **60**, 181
- HIV-1**; Aminoglycoside–arginine conjugates (AACs); Viral entry; CXCR4 blocking; gp120 gene mutations; HIV-1 therapeutic **60**, 181
- hMPV**; RSV; Human metapneumovirus; Antiviral; Respiratory syncytial virus; Ribavirin; IVIG; JNJ2408068 **60**, 51
- Human metapneumovirus**; RSV; hMPV; Antiviral; Respiratory syncytial virus; Ribavirin; IVIG; JNJ2408068 **60**, 51
- HVR1**; HCV; B lymphocytes **60**, 111
- Immunogenicity**; Hepatitis B virus; Nucleocapsid; B cell; RNA **60**, 67
- Immunosuppression**; Influenza virus; Peramivir; RWJ-270201; BCX-1812; Neuraminidase inhibitor; Antiviral **60**, 17
- Infectious diseases**; Vaccines; Arboviral encephalitides **60**, 153
- Influenza virus**; Peramivir; RWJ-270201; BCX-1812; Neuraminidase inhibitor; Immunosuppression; Antiviral **60**, 17
- Interferon α** ; Peginterferon α -2a (40 kDa); Chronic hepatitis B **60**, 87
- Interferon- α** ; Hepatitis C virus; HCV; Replicons; Adaptation; RNA replication; Cell culture; Antiviral therapy; Positive strand RNA virus; Flaviviridae **60**, 91
- Interferon**; Hepatitis C; Ribavirin; Pegylated interferon; Combination therapy; Antiviral therapy **60**, 135
- Isolation measures**; Hemodialysis; HCV prevalence **60**, 129
- IVIG**; RSV; hMPV; Human metapneumovirus; Antiviral; Respiratory syncytial virus; Ribavirin; JNJ2408068 **60**, 51
- JNJ 2408068**; RSV; Antiviral; Cotton rats; Respiratory syncytial virus; Aerosol **60**, 221
- JNJ2408068**; RSV; hMPV; Human metapneumovirus; Antiviral; Respiratory syncytial virus; Ribavirin; IVIG **60**, 51
- Lactoferrin-binding protein**; Lactoferrin; Canine herpesvirus (CHV); Heparin **60**, 193
- Lactoferrin**; Canine herpesvirus (CHV); Heparin; Lactoferrin-binding protein **60**, 193
- Liver disease**; SENV; Polymerase chain reaction; Hepatitis **60**, 27
- Liver fibrosis**; Steatosis; HCV infection; Genotype 1; Genotype 3; BMI **60**, 125
- Liver transplantation**; Viral hepatitis; Alcohol; Abdominal ultrasound; Hepatic resection; Percutaneous interstitial treatments **60**, 145
- Membranous web**; HCV replication complex; Nonstructural proteins **60**, 103
- Mice**; Coxsackie B1 virus; Disoxaril; Resistance; Phenotype **60**, 35
- Neonatal CMV**; Guinea pig cytomegalovirus; cHPMPC; Animal model; Congenital CMV **60**, 41
- Neuraminidase inhibitor**; Influenza virus; Peramivir; RWJ-270201; BCX-1812; Immunosuppression; Antiviral **60**, 17
- NF- κ B**; HCV core protein; Nitric oxide **60**, 117
- Nitric oxide**; HCV core protein; NF- κ B **60**, 117
- Nonstructural proteins**; HCV replication complex; Membranous web **60**, 103

- Nucleocapsid;** Hepatitis B virus; B cell; Immunogenicity; RNA **60, 67**
- Peginterferon alpha-2a (40 kDa);** Chronic hepatitis B; Interferon alpha **60, 87**
- Pegylated interferon;** Hepatitis C; Interferon; Ribavirin; Combination therapy; Antiviral therapy **60, 135**
- Peramivir;** Influenza virus; RWJ-270201; BCX-1812; Neuraminidase inhibitor; Immunosuppression; Antiviral **60, 17**
- Percutaneous interstitial treatments;** Viral hepatitis; Alcohol; Abdominal ultrasound; Hepatic resection; Liver transplantation **60, 145**
- Phenotype;** Coxsackie B1 virus; Disoxaril; Mice; Resistance **60, 35**
- Polymerase chain reaction;** SENV; Hepatitis; Liver disease **60, 27**
- Positive strand RNA virus;** Hepatitis C virus; HCV; Replicons; Adaptation; RNA replication; Cell culture; Antiviral therapy; Flaviviridae; Interferon-alpha **60, 91**
- Replicons;** Hepatitis C virus; HCV; Adaptation; RNA replication; Cell culture; Antiviral therapy; Positive strand RNA virus; Flaviviridae; Interferon-alpha **60, 91**
- Resistance;** Coxsackie B1 virus; Disoxaril; Mice; Phenotype **60, 35**
- Respiratory syncytial virus;** Benzimidazoles; Fusion inhibitor **60, 209**
- Respiratory syncytial virus;** RSV; Antiviral; Cotton rats; Aerosol; JNJ 2408068 **60, 221**
- Respiratory syncytial virus;** RSV; hMPV; Human metapneumovirus; Antiviral; Ribavirin; IVIG; JNJ2408068 **60, 51**
- Ribavirin;** Hepatitis C; Interferon; Pegylated interferon; Combination therapy; Antiviral therapy **60, 135**
- Ribavirin;** RSV; hMPV; Human metapneumovirus; Antiviral; Respiratory syncytial virus; IVIG; JNJ2408068 **60, 51**
- RNA replication;** Hepatitis C virus; HCV; Replicons; Adaptation; Cell culture; Antiviral therapy; Positive strand RNA virus; Flaviviridae; Interferon-alpha **60, 91**
- RNA;** Hepatitis B virus; Nucleocapsid; B cell; Immunogenicity **60, 67**
- RSV;** Antiviral; Cotton rats; Respiratory syncytial virus; Aerosol; JNJ 2408068 **60, 221**
- RSV;** hMPV; Human metapneumovirus; Antiviral; Respiratory syncytial virus; Ribavirin; IVIG; JNJ2408068 **60, 51**
- RWJ-270201;** Influenza virus; Peramivir; BCX-1812; Neuraminidase inhibitor; Immunosuppression; Antiviral **60, 17**
- SENV;** Polymerase chain reaction; Hepatitis; Liver disease **60, 27**
- Steatosis;** HCV infection; Genotype 1; Genotype 3; BMI; Liver fibrosis **60, 125**
- Sulfated galactomannan;** Yellow fever; Dengue; Flaviviruses **60, 201**
- Surface antigen mutants;** Hepatitis B virus; Vaccines **60, 75**
- Thai medicinal plant;** Antiviral agent; Herpes simplex virus; Therapeutic efficacy **60, 175**
- Therapeutic efficacy;** Antiviral agent; Herpes simplex virus; Thai medicinal plant **60, 175**
- Transmission;** Hepatitis B virus (HBV); Health care workers (HCWs); HBV DNA **60, 79**
- Vaccines;** Arboviral encephalitides; Infectious diseases **60, 153**
- Vaccines;** Hepatitis B virus; Surface antigen mutants **60, 75**
- Viral entry;** HIV-1; Aminoglycoside-arginine conjugates (AACs); CXCR4 blocking; gp120 gene mutations; HIV-1 therapeutic **60, 181**
- Viral hepatitis;** Alcohol; Abdominal ultrasound; Hepatic resection; Liver transplantation; Percutaneous interstitial treatments **60, 145**
- Yellow fever;** Sulfated galactomannan; Dengue; Flaviviruses **60, 201**
