

Notes to Authors

For a full and complete Guide for Authors, please go to: <http://www.elsevier.com/locate/Antiviral>

Electronic Submission

Authors should submit their articles electronically via the Elsevier Editorial System (EES) page of this journal <http://ees.elsevier.com/AVR>. The system automatically converts source files to a single Adobe Acrobat PDF version of the article, which is used in the peer-review process. Please note that even though manuscript source files are converted to PDF at submission for the review process, these source files are needed for further processing after acceptance. All correspondence, including notification of the Editor's decision and requests for revision, takes place by e-mail and via the Author's homepage, removing the need for a hard-copy paper trail.

Language services

Authors who require information about language editing and copyediting services pre- and post-submission please visit <http://www.elsevier.com/languageediting> or our customer support site at <http://epsupport.elsevier.com>.
