PROCESS POSSIBILITIES FOR PLANT AND ANIMAL CELL CULTURES

A symposium jointly organized by the University of Manchester Institute of Science and Technology (UMIST) and the Institution of Chemical Engineers (I CHEM E) North Western branch. March 25-26, 1986 at Manchester UK. Details available from Dr. C. Webb., Department of Chemical Engineering, UMIST, PO Box 88, Sackville Street, Manchester, M60 1QD, UK.

EUICHEM CONFERENCE ON "INDUSTRIAL APPLICATIONS OF IMMOBILIZED BIOCATALYSTS AND HETEROGENIZED METALLIC COMPLEXES"

Jaca, Spain, September 7-12, 1986: Lectures and discussions will be devoted to analogies and differences between the two facets of heterogeneization and to detect research areas of major common interest. Emphasis will be placed on the present and future state of industrial applications of these catalysts. Information can be obtained from: Prof. J. Blanco, Instituto de Catálisis y Petroleoquímica del C.S.I.C., c/Serrano 119, 28006 Madrid, Spain.
