

Note from the Editor-in-Chief

RECENT SPECIAL ISSUES

We apologize that Received and Accepted dates were not attached to the publishers papers in a number of Special Issues of *Applied Organometallic Chemistry* published recently: ICCDU V Karlsruhe (Vol 14 No. 12 and Vol 15 No. 2), XIII FECHM Lisbon (Vol 14 No. 10) and COST 523, 'Nanomaterials' (Vol 15 No. 5). The papers were all received around the time of the Meetings and were reviewed in the normal way, but the dates were not attached owing to editorial oversight at a time of a large influx of manuscripts into the Journal Office.

P. J. CRAIG
