

## ANNOUNCEMENT

### Clinical and Biological Studies of Human Cancer

The UICC Committee on Experimental Studies of Human Cancer, Chairman, Professor F. Bergel, is compiling an International Index of workers who are predominantly interested in non-clinical work with human tumours. A list of books or repositories of human tissue and other materials now in existence is also being prepared.

Workers who have pertinent information are urged to communicate with the following:

- Americas:* Dr. Thomas C. Hall  
Children's Cancer Research Foundation  
35 Binney Street  
Boston, Massachusetts 02115.
- Europe:* Dr. Walter Davis  
International Agency for Research on Cancer  
16, avenue Marechal-Foch  
69-Lyon, France.
- Africa:* Dr. V. Anomah Ngu  
Department of Surgery  
University College Hospital  
Ibadan, Nigeria.
- India, Pakistan, etc:* Dr. A. Gopal-Ayengar
