# BIOCHEMICAL PHARMACOLOGY

SUBJECT INDEX FOR VOLUME 30

1981

PREPARED BY W. COCKS

- AA-344  
inhibition of human leucocyte  
alkaline phosphatase 417
- Acetaldehyde  
effect on ethanol oxidation by liver  
2349  
inhibition of testosterone synthesis  
1827  
metabolism by hepatocytes, effect of  
cyanamide 3079  
in plasma, effect of chronic ethanol  
feeding 799  
production by liver parenchymal cells  
in presence of diethyl ether 1967  
reaction with enkephalins and  
related peptides 1621  
transport in blood 657
- 2-Acetamido-4-(chloromethyl)thiazole  
metabolism in germ-free and  
conventional rats 1839
- Acetaminophen  
hepatotoxic metabolic activation 399  
induced lipid peroxidation 2513  
effect on phenol conjugation in vivo  
1973  
sulphate conjugate in serum after  
oral administration 1973  
sulphate depletion in rats, replenish-  
ment by infusion of sodium  
sulphate or N-acetylcysteine 2723  
sulphation conjugation kinetics in  
perfused rat liver 1959  
effect of thiamine deficiency on  
metabolism of 1901
- Acetanilide  
hydroxylation by brain, effects of  
hematin 2837  
hydroxylation by liver microsomes,  
effect of rifampicin 1043
- Acetone phenylhydrazine  
inhibition of lipoxigenase 1677
- Acetylcholine  
abnormality as determinant of  
seizure susceptibility and  
intensity in genetic models of  
epilepsy 3137  
in brain, effect of injectable and  
oral contraceptive steroids 1581  
effect on cyclic GMP in chromaffin  
cells 855  
enzymatic synthesis by mouse brain,  
rat sperm and purified carnitine  
acetyltransferase 1521  
influence on sodium ion effect on
- Acetylcholine (contd.)  
phospholipid and phosphoprotein  
phosphate turnover in iris  
smooth muscle 1371  
K<sup>+</sup>-stimulated release from brain  
slices, effects of barbiturates,  
comparison with in vivo effects  
of 2619  
release by neocortex synaptosomes,  
inhibition by adenosine  
derivatives 2732  
synthesis in hippocampus slices,  
effects of choline, hemicholinium  
-3 and naphthylvinylpyridine  
1415
- Acetylcholine receptor  
interaction of imipramine with  
ionic channel of 1391
- Acetylcholinesterase  
in brain,  
effects of ischaemia and drugs  
2399  
effect of pyridostigmine,  
physostigmine and DFP 2365  
in choriocarcinoma cells 967  
in erythrocytes,  
inhibition by organophosphates,  
correlation with cyclic AMP in  
plasma 2725  
protective effects of semicarb-  
azide and p-aminobenzoic acid  
against ozone toxicity 1033  
in ileum, effect of pyridostigmine,  
physostigmine and DFP 2365  
organophosphate-inhibited, effect  
of histidine modification on  
aging of 2915
- Acetylcholinesterase inhibitors  
blood-brain barrier studies 2585,  
2593
- Acetylcholinesterase isoenzymes  
in rat brain, inhibition after acute  
administration of soman 1369
- N-Acetylcysteine  
effect on glutamate decarboxylase  
activity 1855  
replenishment of sulfate after  
depletion by acetaminophen  
administration 2723
- γ-Acetylenic GABA  
effect on dopamine receptor binding  
in striatum 907  
effect on GABA release in vivo and

**$\gamma$ -Acetylenic GABA(contd.)**in vitro 363

multiple effects of repeated administration on rat brain metabolism 305

pharmacological effects 817

effect on synaptosomal release and uptake of GABA 1203

**N-Acetyl- $\beta$ -D-glucosaminidase**

in kidney subcellular fractions, effect of gentamicin 2945

release from macrophages during exposure to chloroquine and quinine 629

in urine of alloxan-diabetic rats exposed to arsenic 168

**N-Acetyl groups**

role in analgesia 1721

**N-Acetyl-S-2-hydroxyethyl-L-cysteine**

excretion by rats after administration of 1,2-dibromoethane and inhibitors of drug metabolism 2983

metabolic formation from tetra deuterio-1,2-dibromoethane 2499

**N-Acetylpenicillamine**

interaction with methylmercuric chloride bound to erythrocytes 667

**N-Acetyltransferase**

in human blood 65

 **$\alpha$ 1-Acid glycoprotein**

binding of psychotropic drugs 2435

**Acid hydrolases**

release from macrophages during exposure to chloroquine and quinine 629

**Acid phosphatase**

in urine of alloxan-diabetic rats exposed to arsenic 168

**Ackee poisoning**

antagonism of hypoglycin toxicity by glycine 2817

**Acrolein**

synthesis from miserotoxin 2719

**Acrylamide**

conjugation with glutathione 1739

**Actinomycin**effect on duplication of B. subtilis phage 2C DNA 489**Acyclic nucleoside analogues**

enzymatic phosphorylation and antiherpetic activities 3071

**Acyclonucleosides**

inhibition of uridine phosphorylase 2097

**Adenine phosphoribosyl transferase**

in human colon carcinoma 793

**Adenosine**

action in beating carp atrium 890

antagonism by purines, pteridines and benzopteridines in human fibroblasts 325

effect on choline uptake and acetylcholine release by neocortex synaptosomes 2732

effect on histamine release from human basophils 785

interaction of inhibitors with metabolizing enzymes in polymorphonuclear leucocytes 2611

phosphorylation in Novikoff hepatoma cells, effect of 2-deoxycoformycin 417

**Adenosine(contd.)**

■ regulation of adenylate cyclase in dog heart 369

release of radiolabelled derivatives from superfused synaptosome beds 2559

uptake by isolated pancreatic islets 2075

**Adenosine analogues**

vasoconstrictors in trout gill 2971

**Adenosine deaminase**

in human colon carcinoma 793

identification of bioactive

enantiomer of erythro-3-(adenin-9-yl)-2-nonanol 1159

substrate specificity, role of C-2' and C-3' substituents of adenine nucleosides 1001

**Adenosine diphosphate**

mediation of platelet aggregation 263

**Adenosine kinase**

in human colon carcinoma 793

**Adenosine-3',5'-monophosphate**accumulation in mastocytoma cells induced by PGE<sub>1</sub> 1325

adenosine induced increase in human fibroblasts, antagonism of 325

in brain,

antidepressant inhibition of histamine-receptor mediated changes 2182

responsiveness to isoproterenol in vivo 3377

sex differences in response to noradrenaline, effect of desipramine 3126

Ca<sup>2+</sup>-calmodulin cooperation 1723

dependent protein kinase in brain, effect of cyclic nucleotide derivatives 509

in fibroblasts, effect of d and l-propranolol on response to cholera toxin and PGE<sub>1</sub> 1263

generation and hydrolysis in rat uterus, effect of N-0164 1941

in heart, effects of 5-hydroxytryptamine 2703

hydrolysis in lung, inhibition by flavonoids and related compounds 697

involvement in nuclear protein kinase regulation of RNA polymerase during morphine tolerance-dependence 2313

in isolated frog ventricle, effect of exogenous cyclic nucleotides 1475

in pinealocytes, effects of fluorine analogues of noradrenaline 1085

in plasma,

effect of morphine 2217

effect of organophosphate poisoning 2725

spontaneously hypertensive rats, effect of isoproterenol 2503

**Ca<sup>2+</sup>-Adenosine triphosphatase**

in KB cells, inhibition by ruthenium 213

in sarcoplasmic reticulum, effects of Bepridil 2979

**Mg<sup>2+</sup>-Adenosine triphosphatase**

in boll weevil thorax, effect of

- Mg<sup>2+</sup>-Adenosine triphosphatase(contd.)  
 urushiol compounds 1133  
 in brain,  
 effect of adrenergic agonists and antagonists 1799  
 effect of methionine sulfoximine 2127
- Na<sup>+</sup>,K<sup>+</sup>-Adenosine triphosphatase  
 in brain,  
 effect of adrenergic agonists and antagonists 1799  
 effect of n-alkyl nitrogen derivatives 3195  
 effects of lithium and alcohol 25  
 mechanism of action of catecholamines 433  
 effect of methionine sulfoximine 2127  
 noradrenaline stimulation during development 2368  
 protection against lipoperoxidative damage 427  
 effect of urushiol compounds 1133  
 in brown fat of rats exhibiting diet-induced thermogenesis 1709  
 in heart, effect of adrenochrome 157  
 involvement in renal accumulation of p-aminohippurate 2141  
 in kidney, effect of ethanolic lead ingestion 2293  
 in liver mitochondria, effect of propanidid 1921  
 mechanism of inhibition by BIIA 611  
 role in regulation of neurotransmitter release by prejunctional  $\alpha$ -adrenoceptors 2389
- Adenosine triphosphate  
 in brain, effect of hypoxia, indoramin and other drugs 1605  
 effect on choline uptake and acetylcholine release by neocortex synaptosomes 2732  
 in lymphocytes, effect of local anaesthetics 2989
- Adenosine triphosphate-Mg<sup>2+</sup>  
 effect on uptake of phenethylamines into synaptic vesicles of caudate nucleus 1759
- Adenylate cyclase  
 in brain  
 activation by copper plus dithiothreitol 171  
 effect of Triton X-100 and alamethicin on EGTA inhibition 2488  
 calmodulin-dependent 1395  
 dopamine sensitive in striatum, effect of fluoro-dopamines 2927  
 in heart,  
 adenosine regulation 369  
 effects of chlorpropamide and tolbutamide 2861  
 hypertensive rats 385
- H<sub>1</sub>- and H<sub>2</sub>-histamine receptor-mediated in brain vesicles, antidepressant inhibition 2182  
in vivo responsiveness to isoproterenol in spontaneously hypertensive rats 2503  
 in liver, effects of chlorpropamide and tolbutamide 2861  
 in Tetrahymena pyriformis, effects of phenothiazines 2709
- Adenylate kinase  
 in human colon carcinoma 793
- Adenylosuccinate synthetase  
 in leukemia cells, effect of alanosine 915
- Adrenal gland  
 aromatic L-amino acid decarboxylase in 645  
 $\beta$ -carbolines in 9  
 effect of chlorpromazine and despiramine on enzyme activity in 3365  
 effect of chronic  $\beta$ -blockers on catecholamine synthesizing enzymes 2673  
 correlation between secretion and cellular content of catecholamines and dopamine  $\beta$ -hydroxylase in cultured cells 3246  
 crossed digoxin immunoreactivity in chromatographic fractions 805  
 noradrenaline uptake into storage vesicles, pH dependence 2872  
 role of cyclic GMP in catecholamine secretion 855
- Adrenaline  
 effect on Na<sup>+</sup>,K<sup>+</sup>-ATPase in brain microsomes 427, 433  
 in brain,  
 effect of 8,9-dichloro-2,3,4,5-tetrahydro-1H -2-benzazepine 1345  
 effects of harmaline + pargyline 1295  
 in hypothalamus, antagonism by L-DOPA of LY51641 induced increase 3023  
 induced platelet aggregation, effect of clonidine-like hypotensive drugs 1359  
 involvement in histamine-induced insulinaemia in islet-activating protein treated rats 3305  
 ionophore mediated release from chromaffin granules 3277  
 reversible swelling in rat mast cells 469  
 treated mast cells, kininogen depleting activity 481
- Adrenergic agonists  
 effect on ATPases in synaptosomes 1799
- Adrenergic antagonists  
 effect on ATPases in synaptosomes 1799
- Adrenergic ligands  
 binding to multiple sites in human brain 3115
- $\beta$ -Adrenergic agonists  
 binding affinity in rat reticulocyte and turkey erythrocyte membranes, effect of GTP 531
- Adrenergic receptors  
 Na<sup>+</sup>,K<sup>+</sup>-ATPase activation by noradrenaline in brain 2368
- $\alpha$ -Adrenergic receptors  
 in human brain 3115  
 in liver, specific antibodies against phenoxybenzamine 1685  
 in lung membranes 2623  
 role of Na<sup>+</sup>,K<sup>+</sup>-ATPase in regulation of neurotransmitter release 2389  
 subtypes in rat hypothalamus 565

- $\alpha_1$ -Adrenergic receptors  
   in liver, two-site model 1665  
 $\alpha_2$ -Adrenergic receptors  
   on platelets 1359  
 $\beta$ -Adrenergic receptors  
   in brain, role of cyclic AMP 3377  
   in heart,  
     altered states of 3361  
     spontaneously hypertensive rats 385  
   histamine and 35S release from mast cells due to K8 1124 1693  
   in kitten atria, no evidence for reverse trans-synaptic regulation of neuronal uptake by 1439  
   in pinealocytes, effect of fluorine analogues of noradrenaline 1085  
   in turkey erythrocytes 2787  
 Adrenochrome  
   effect on calcium accumulation by heart mitochondria 157  
 Adrenocorticotrophic hormone  
   digitalis-like activity 3001  
 Adriamycin  
   covalent binding to liver microsomal proteins 175  
   metabolism by cytochrome P-450 reductase 2881  
   resistant P388 leukemia, restored in vitro sensitivity with reserpine 2191  
   role of one-electron and two-electron reduction products in DNA binding 2626  
   stimulation of heart and liver NADPH-dependent lipid peroxidation 2797  
   toxicity in hepatocytes, role of glutathione redox cycle 2299  
 Aescin  
   induced haemolysis, effect of O-( $\beta$ -hydroxyethyl)rutosides 2287  
 A-esterase  
   in lipoprotein fraction of sheep serum 903  
 Aflatoxins B<sub>1</sub> and G<sub>1</sub>  
   metabolism in liver in vitro, effects of vitamin C 3317  
 Aging  
   effect on dopamine receptors in striatum 1876  
 Aglycones  
   glucuronidation in human liver microsomes 2507  
   mutants of HeLa cells resistant to 3039  
 Alamethicin  
   effect on susceptibility of brain adenylate cyclase to EGTA inhibition 2488  
 Alanine  
   in brain, effect of  $\gamma$ -acetylenic GABA 305  
 $\beta$ -Alanine  
   glial uptake, inhibition by GABA analogues 3045  
 Alanine aminotransferase  
   in brain, effect of  $\gamma$ -acetylenic GABA 305  
   in erythrocytes from rheumatoid arthritis patients, effects of penicillamine 3051  
 L-Alanosine  
   copper and zinc binding 771  
 L-Alanosine (contd.)  
   effect on 5-fluorouracil metabolism and cytotoxicity 2469  
   mechanism of resistance of selected murine tumours 915  
 Albumin  
   human serum  
     effect of chloride on warfarin binding 1025  
     contamination by  $\alpha$ -acid glycoprotein 2633  
     cooperative interaction with warfarin and phenylbutazone 1169  
     cortisol binding 727  
     coumarin antibiotic binding 447  
     gold binding 3249  
     location of drug binding sites 687  
     warfarin binding in uremia 1059  
 Alcohol  
   effect on hepatic secretion of methylfolate into bile 96  
   and lithium, effect on Na<sup>+</sup>, K<sup>+</sup>-ATPase 25  
 Alcohol dehydrogenase  
   in digestive mucosa, ethanol oxidation in digestive tract 542  
   in liver of spontaneously hypertensive rats 1277  
   role in succinic semialdehyde reduction 741  
 Alcoholism  
   maternal, effect on fetal drug metabolism 2457  
   possible formation of 6,7-dihydroxy-1,2,3,4-tetrahydroisoquinoline 2461  
 Aldehyde  
   oxidation in liver, enzymology and subcellular localization 3265  
 Aldehyde dehydrogenase  
   in digestive mucosa, ethanol oxidation in digestive tract 542  
   in liver:  
     effect of chronic ethanol consumption 799, 2273  
     rabbit, subcellular distribution and properties 441  
     subcellular localization of isoenzymes 3265  
   oxidation of 4-hydroxycyclophosphamide/aldophosphamide 2065  
 Aldehyde oxidase  
   effects of hypoxia 1019  
 Aldehyde reductase  
   in brain  
     effect of chronic barbitol treatment 2657  
     inhibition by anti-convulsants 1191  
     reduction of succinic semialdehyde 741  
 Aldose reductase inhibitors  
   effect on metabolism of cultured monkey kidney epithelial cells 3065  
 Aldosterone  
   digitalis-like activity of 3001  
 Alkaline phosphatase  
   in human leucocytes, inhibition by allergic mediator release inhibitors 217  
   in urine of alloxan-diabetic rats

- Alkaline phosphatase(contd.)  
 exposed to arsenic 168
- 1,2-Alkene oxides  
 inhibition of epoxide hydrolase 1712
- Alkyl-aryltriazenes  
 modulation of acceptance of tRNA for amino acids 2679
- n*-Alkyl nitrogen derivatives  
 effect on ATPase and phosphatase in brain 3195
- Allergic mediator release inhibitors  
 inhibition of human leucocyte alkaline phosphatase 217
- Alloxan diabetes  
 fructose biphosphatase in liver 98  
 urinary enzyme levels in rats exposed to arsenic 168
- Alternate-substrate inhibitors  
 $K_i$  for 1
- Aluminium  
 effect on dopamine uptake by synaptosomes from forebrain and striatum 3123  
 effect on methylation of phospholipids in synaptosomal membrane 1704
- Alveolar macrophages  
 chlorpheniramine-induced phospholipidosis 165
- Alveolar type II cells  
 xenobiotic metabolism by 1231
- Amantadine  
 accumulation by isolated chromaffin granules 763  
 effect on lysosomal phospholipases A and C 1121
- Amfonelic acid  
 antagonism of dopamine and noradrenaline depletion by  $\alpha$ -methyl-m-tyrosine in brain 2025
- Amicarbalide  
 treatment of *Trypanosoma brucei* infections in mice, effect of polyamines 883
- Amiloride  
 binding in kidney 1175, 1185
- Amine oxidases  
 effects of hypoxia 1019
- D-Amino acid oxidase  
 in liver, effect of LK-903 1817
- p*-Aminobenzoic acid  
 acetylation by human blood 65  
 protective effect against ozone toxicity 1033
- 6-(*p*-Aminobenzylamino)purine  
 synthesis of 2663
- p*-Aminobiphenyl ether  
 methaemoglobin formation by 3341
- $\alpha$ -Amino-*n*-butyric acid  
 formation from  $\alpha$ -ketobutyrate in hepatocytes, effect of ethanol 3128  
 uptake by lung slices 2937
- $\gamma$ -Aminobutyric acid  
 effects of  $\gamma$ -acetylenic GABA and  $\gamma$ -vinyl GABA on synaptosomal release and uptake 1203  
 in brain,  
 effect of acetylenic GABA 305  
 effect of contraceptive steroids 1581  
 effects of hydralazine and isoniazid 1155  
 effect on calcium accumulation by
- $\gamma$ -Aminobutyric acid(contd.)  
 cultured neurons 665  
 inhibition of carnitine transport in brain slices 1012  
 metabolism in synaptosomes, effect of valproate 1364  
 neuronal uptake, inhibition by GABA analogues 3045  
 pharmacological specificity of synaptosomal and synaptic membrane transport processes 1105  
 release *in vivo* and *in vitro*, effect of anticonvulsants 363  
 role in seizure intensity and susceptibility in genetic models of epilepsy 3137  
 stimulated diazepam binding by benzodiazepine receptor ligands 2171
- $\gamma$ -Aminobutyric acid analogues  
 inhibition of neuronal GABA uptake and glial  $\beta$ -alanine uptake 3045
- $\gamma$ -Aminobutyric acid receptors  
 functional consequences of activation 907  
 regional distribution in brain of morphine tolerant mice 2187
- $\gamma$ -Aminobutyric acid transaminase  
 in brain,  
 effect of  $\gamma$ -acetylenic GABA 305  
 inhibition with 6-aminonicotinamide 663  
 effects of valproate 1364
- $\gamma$ -Aminobutyric acid transaminase inhibitors  
 pharmacology 817, 2386
- Amino cyclohexane carboxylic acids  
 effect on GABA transport in synaptosomes 1105
- Amino cyclopentane carboxylic acids  
 effect on GABA transport in synaptosomes 1105  
 uptake by lung slices 2937
- 5'-Amino-5'deoxyadenosine  
 effect on adenosine metabolism in polymorphonuclear leucocytes 2611
- 3-Amino-1,5-dihydro-5-methyl-1- $\alpha$ -D-ribofuranosyl-1,4,5,6,8-pentaaza-acenaphthylene  
 identification of metabolites 2521
- 6-Amino-dopamine  
 effect of superoxide dismutase and catalase on autooxidation of 2279
- Aminoethylisothiuronium bromide  
 effect on glutamate decarboxylase activity 1855
- p*-Aminohippurate  
 effect of vanadate on renal accumulation 2141
- $\delta$ -Aminolevulinate synthase  
 in testes during maturation 1823
- $\delta$ -Aminolevulinic acid  
 effect on calcium accumulation by cultured neurons 665
- 6-Aminonicotinamide  
 inhibition of GABA transaminase in brain regions 663
- Aminooxyacetic acid  
 effect on dopamine receptor binding in striatum 907  
 pharmacological effects 817
- 3-Aminopicolinic acid

- 3-Aminopicolinic acid  
effect on renal ammoniagenesis 1895
- 3-Aminopropanesulfonic acid  
inhibition of carnitine transport in brain slices 1012
- Aminopyrine  
 $^{14}\text{CO}_2$  in breath after administration of 1245  
influence of methionine 1421  
N-demethylation by liver microsomes  
effect of benzothiadiazoles 1483  
effect of isoniazid 1651  
effect of phencyclidine 545  
product inhibition 19
- Aminopyrine N-demethylase  
in hepatocyte monolayer culture 2473  
in liver microsomes  
effect of cannabidiol 503  
effect of encephalomyocarditis virus infection 2333  
effect of hexachlorobiphenyl isomers 1008  
immature rats, effects of cadmium 3095  
in lung microsomes, effect of cadmium inhalation 715  
in neonatal rat skin 3257
- Amitriptyline  
effect on histamine receptor-linked adenylate cyclase in brain 2182  
effect on morphine analgesia in naive and morphine-tolerant rats 2103
- Ammonia  
effect of methionine sulfoximine on cerebral ATPases 2127
- Ammoniogenesis  
in kidney, effect of 3-aminopicolinic acid 1895
- Amphetamines  
effect on dopamine synthesis 141  
uptake into synaptic vesicles of caudate nucleus 1759
- Anaesthetics  
interaction with calf brain lipids 1777  
local, effect on lymphocyte capping and energy metabolism 2989
- Analgesia  
role of N-acetyl groups 1721
- Angiotensin  
molecular actions of 2745
- Angiotensin II  
induced prostacyclin release from mesenteric vasculature 2121
- Angiotensin converting enzyme  
in lung and serum, effect of bleomycin 2577
- Angiotensin converting enzyme inhibitors  
antihypertensive effects 1869
- des-Angiotensin I renin substrate  
lack of inhibition of human renin 2630
- Aniline  
p-hydroxylation in liver microsomes  
developmental changes 3373  
effect of isoniazid 1651  
effect of phencyclidine 545  
metabolism in lung microsomes, developmental changes 3373  
methaemoglobin formation 3341
- Aniline hydroxylase  
in liver microsomes
- Aniline hydroxylase  
in liver microsomes  
effect of dietary cellulose and pectin 2553  
effect of ethanol vapour inhalation 595  
effect of NKK-105 *in vivo* 2759  
effect of pregnancy in rats 1223  
in lung microsomes, effect of cadmium inhalation 715
- Ansamitocins  
antitubulin activities 2421
- Anthracedione  
activation by NADPH-cytochrome P-450 reductase 2881
- Anthracycline  
resistance in P388 leukemia cells, effects of tunicamycin 3134
- Anticholinesterase drugs  
blood-brain barrier studies 2585, 2593
- Anticonvulsant drugs  
effect on aldehyde reductase from ox brain 1191  
effect on *in vivo* and *in vitro* release of GABA 363
- Antidepressant drugs  
inhibition of H<sub>1</sub>- and H<sub>2</sub>-histamine receptor mediated adenylate cyclase in brain vesicles 2182  
inhibition of liver tryptophan pyrrolase activity and elevation of brain tryptophan concentration 1211
- Anti-inflammatory drugs  
effect on proteoglycan degradation 459  
effect on retinoic acid toxicity in mice 1714  
effect on synthesis, secretion and activity of macrophage enzymes 2147
- Anti-inflammatory protein 1791
- Antimalarial drugs  
interaction with haemin 3323
- Antimony analogue of choline  
synthesis and radioenzymatic assay 3003
- Antioxidants  
effect on formation of 6-oxo-PGF<sub>1 $\alpha$</sub>  by ram seminal vesicle microsomes 2811  
effect on glutamate decarboxylase activity 1855
- Antipyrine  
selective activation of hydroxylation in human and rat liver microsomes 1702
- Antipyrine hydroxylase  
in hepatocyte monolayer culture 2473
- Antirheumatic agents  
effect on synthesis, secretion and activity of macrophage enzymes 2147
- Aorta  
calcium-antagonistic effects of L9394 897  
calcium influx, inhibition by nicardipine hydrochloride 375  
cytochrome P-450 nature of prostacyclin synthetase 2033  
monoamine oxidase activity in cultured cells 2209

- Apomorphine  
binding to bovine brain tissue 3171
- Aporphines  
inhibition of apomorphine binding  
in brain 3171
- 9- $\alpha$ -D-Arabinofuranosyladenine  
biological activity and mode of  
action 2325
- 9- $\alpha$ -D-Arabinofuranosyl-8-azaadenine  
biological activity and mode of  
action 2325
- 1- $\beta$ -D-Arabinofuranosylcytosine  
enhancement of anabolism in RPMI 6410  
cells cultured with 3-deazauridine  
1889  
in hepatoma cells  
interaction with methotrexate 223  
potentiation by 2'-deoxyadenosine  
or 2'-deoxyguanosine 1099  
thymidine enhanced incorporation into  
DNA in LL210 cells 2221
- Arachidonic acid  
effect of antioxidants on 6-oxo-  
PGF<sub>1 $\alpha$</sub>  formation by seminal  
vesicle microsomes 2811  
conversion into prostanoids in vitro  
and in vivo, effect of uric acid  
2243  
dependent platelet aggregation 263  
effect of trimetoquinol isomers  
2237  
metabolism in mesenteric vasculature,  
regulation by angiotensin II 2121  
metabolism in platelet phospholipids,  
effect of ticlopidine 1463  
release from platelet phospholipids,  
effects of clofibrate and 6-  
substituted chroman analogues 2013
- Arachidonic acid cascade  
inhibition of phospholipase A2 1315
- Archosargus probatocephalus  
imidazole derivatives as inhibitors  
of cytochrome P-450 dependent  
oxidation and activation of epoxide  
hydrolase in hepatic microsomes  
2876
- Aroclor 1254  
effect on dimethylnitrosamine  
demethylation 2007  
effect on 7-ethoxycoumarin metabolism  
in isolated viable rat kidney  
cells 1197  
effect on metabolism of warfarin and  
phenprocouman by liver microsomes  
3099
- Aromatic L-amino acid decarboxylase  
in central and peripheral tissues  
and serum of rats 645  
in pheochromocytoma cells 3355
- Arsenic  
interaction with alloxan diabetes  
168
- Arterial vasculature  
generation of prostaglandins 2121
- 1-Aryl-3,3-dimethyltriazenes  
selective toxicity of 89
- Arylesterase  
in intestinal microsomes, comparison  
of rat and guinea pig and of rat  
crypt and villous tip cell enzyme  
2415
- Aryl hydrocarbon hydroxylase  
in cultured mammary fibroblasts 1873
- Aryl hydrocarbon hydroxylase(contd.)  
in liver microsomes  
effect of hexachlorobiphenyl  
isomers 1008  
immature rats, effects of  
cadmium 3095  
effects of indole and tryptophan  
feeding 517  
in lung, effect of asbestos 811
- Asbestos  
effect on benzo(a)pyrene metabolism  
in lung 811
- Ascorbic acid  
effect on Na<sup>+</sup>,K<sup>+</sup>-ATPase in brain  
microsomes 427  
catalysis of 6-hydroxydopamine  
autoxidation 2279  
effect on formation of 6-oxo-PGF<sub>1 $\alpha$</sub>   
by ram seminal vesicle  
microsomes 2811  
effect on retinoic acid toxicity in  
mice 1714
- Aspirin  
effect of sulphinyprazole on  
inhibition of platelet cyclo-  
oxygenase activity 2773
- Atrium  
carp, action of adenosine 890
- Atropine  
in plasma, radioreceptor assay 209
- Aurothioglucose  
effects on mitochondria 3181
- Aurothiomalate  
effects on mitochondria 3181
- Aurothiosulphate  
binding to human albumin in vitro  
3249  
effects on mitochondria 3181
- 4-Azafluorene  
stimulation of hepatic epoxide  
hydrolase 651
- Azapropazone  
binding site in human serum albumin  
687
- Azaserine  
effect on 5-fluorouracil metabolism  
and cytotoxicity 2469
- Azo compounds  
induction of hepatic drug metaboliz-  
ing enzymes 1147
- Baboon  
effect of ethanol consumption on  
aldehyde dehydrogenase in liver  
2273
- Bacillus subtilis phage 2C  
action of inhibitors of macromolecule  
formation on duplication of DNA  
489
- Barbital  
effect of chronic treatment on  
synaptosomal aldehyde reductase  
2657
- Barbiturates  
effect on calcium accumulation by  
cultured neurons 665  
comparison of in vivo effects with  
effects in vitro on K<sup>+</sup>-stimulated  
acetylcholine release 2619  
enhancement of diazepam binding in  
brain 1573
- Basophils  
effect of inhibitors of transmethyl-

- Basophils(contd.)  
 ation on histamine release 785  
 effect of smooth muscle calcium antagonists on histamine release 2867
- Benorilate  
 hepatotoxic metabolic activation 399
- Benperidol  
 effect on indoleamine-N-methyltransferase in brain 571
- Benserazide  
 effect on tryptophan metabolism by isolated liver cells 623
- Benzamides  
 effect on dihydroergocryptine binding in striatal membranes 1305
- Benzamil  
 binding to kidney cell membranes 1175  
 extraction of binding component 1185
- Benzene  
 covalent binding to cellular organelles and bone marrow nucleic acids 1127
- Benzimidazole  
 inhibition of cytochrome P-450 dependent oxidation and activation of epoxide hydrolase in hepatic microsomes from marine fish 2876
- Benzimidazole carbamates  
 inhibition of secretion of proteins and triacylglycerol from isolated hepatocytes 1629
- Benzocaine  
 effect on lymphocyte capping and energy metabolism 2989
- Benzodiazepine  
 binding site in human serum albumin 687  
 inhibition of GABA stimulated diazepam binding in synaptosomes 2171  
 inhibition of receptor binding by tryptophan and indole derivatives 3016
- Benzodiazepine-GABA receptor-ionophore complex 1573
- Benzoic acid  
 novel pathway of metabolism involving addition of a two carbon fragment 1879
- Benzoic acid derivatives  
 interaction with glucose transport in human erythrocytes 1425
- Benzopteridines  
 adenosine antagonism 325
- Benzo(a)pyrene  
 biliary excretion and enterohepatic circulation of metabolites in rat 937  
 effect on dimethylnitrosamine demethylation 2007  
 hydroxylation by brain, effects of hematin 2837  
 hydroxylation by liver microsomes Archosargus probatocephalus, effect of imidazole derivatives 2876  
 hydrogen peroxide-supported oxidation 843  
 effect of rifampicin 1043  
 induced aryl hydrocarbon hydroxylase in mammary fibroblasts 1873
- Benzo(a)pyrene(contd.)  
 effect on lipid peroxidation 2513  
 metabolism by alveolar type II cells 1231  
 metabolism in lung, effect of asbestos 811  
 metabolism in placental microsomes, effect of maternal smoking 757  
 metabolite patterns and enzyme induction 1337  
 water-soluble and protein-bound metabolites formed by rat liver 749
- Benzo(a)pyrene hydroxylase  
 in intestinal microsomes, effect of dietary fibre 2553  
 in liver microsomes, effect of triacetyloleandomycin 559  
 in lung microsomes, effect of cadmium inhalation 715
- Benzo(a)pyrene monooxygenase  
 in liver microsomes in tumour-adjacent tissue 971
- Benzo(a)pyrene 4,5-oxide  
 hydrolysing activity in liver submitochondrial fractions 2111
- Benzo(e)pyrene  
 hydroxylation by brain, effects of hematin 2837
- Benzothiadiazoles  
 effect on hepatic cytochrome P-450 1138  
 effect on mouse liver monooxygenases 1483
- Benzphetamine  
 demethylation by liver microsomes, fetal inducibility 2901
- Benzphetamine demethylase  
 in hepatocytes, effect of ethanol 2805  
 in liver microsomes immature rats, effects of cadmium 3095  
 effect of NKK-105 in vivo 2759
- Benztropine  
 effect on dopamine uptake and release from striatal synaptosomes 2753
- Benzylamine oxide  
 in perfused brain 959
- 3-Benzylamino-5,6-dihydro-8,9-dimethoxy-imidazo(5,1a)-isoquinoline hydrochloride  
 inhibition of Na<sup>+</sup>,K<sup>+</sup>-ATPase 611
- Bepridil  
 effect on Ca<sup>2+</sup>-ATPase of sarcoplasmic reticulum 2979  
 effect on calcium binding to cardiac sarcolemma of guinea pig 2356
- Bestatin  
 effect on polysome assembly in T cell lymphoma 3375
- Betamethasone  
 selective activation of cytochrome P-450 dependent hydroxylases in human and rat liver microsomes 1702
- (+)-Bicuculline  
 effect on diazepam binding in brain 1573
- Bile salts  
 effect on monoamine oxidase in brain mitochondria 3151  
 effect on sulfobromophthalein

- Bile salts (contd.)  
 uptake by liver cells 1333
- Bilirubin  
 binding site in human serum albumin 687
- Biphenyl  
 4-hydroxylation in liver microsomes 1915  
 selective activation of hydroxylation in human and rat liver microsomes 1702
- 1,7-Bis(p-aminophenoxy)heptane  
 effect on lysosomal phospholipases A and C 1121
- 3-[Bis-(2-chlorethyl)-carbohydrazide]-2,2,5,5-tetramethylpyrrolidine-1-oxyl  
in vivo investigation of metabolic changes 289
- 1,3-Bis(2-chloroethyl)-1-nitrosourea  
 treated hepatocytes, adriamycin toxicity 2299
- 4,4'-Bis-(diethylaminoethoxy)- $\alpha,\beta$ -diethyldiphenylethane  
 effect on polyphosphoinositide metabolism in brain 3243
- Bis(guanyldihydrazones)  
 action on isolated rat liver mitochondria 2851
- Bleomycin  
 effect on angiotensin converting enzyme in serum and lung 2577
- Bleomycin Fe(III)  
 redox cycling by NADPH-cytochrome P-450 reductase 3385
- Blood-brain barrier  
 anticholinesterase probe for studying permeability 2585, 2593
- Blood vessels  
 monoamine oxidase activities in cultured cells 2209
- Bone marrow  
 effects of gold compounds and carriers on mitochondria 3181
- 1-Borneol  
 glucuronidation in human liver microsomes 2507
- Bradykinin  
 enzyme immunoassay with  $\beta$ -D-galactosidase 1659
- Brain perfusion  
 measurement of monoamine oxidase and benzylamine oxidase in brain 959
- Breast cancer cells  
 HPLC analysis of methotrexate polyglutamates in 1387  
 methotrexate transport by 1537
- Brodifacoum  
 effect on vitamin K<sub>1</sub> metabolism and clotting factor in warfarin susceptible and resistant rats 123
- Bromoacetate  
 cytotoxicity and DNA damage 1497
- 8-Bromo-cyclic 3',5'-guanosine monophosphate  
 inotropic responses of frog vesicle and changes in endogenous cyclic nucleotide levels 1475  
 reversible swelling in rat mast cells 469  
 treated mast cells, kininogen depleting activity 481
- Bromotrichloromethane  
 destruction of liver microsomal calcium pump activity 135
- Bronchial carcinoma cell lines  
 conjugation pathways 3333
- Brown fat  
 Na<sup>+</sup>,K<sup>+</sup>-ATPase activity and noradrenaline turnover in rats exhibiting diet-induced thermogenesis 1709
- Brush border membrane vesicles  
 action of phenformin and phlorizin 1613
- Bufotenin  
 metabolism in brain, effect of neuroleptics 571  
 as monoamine oxidase substrate 1353
- Butacaine  
 effect on lymphocyte capping and energy metabolism 2989
- d-Butaclamol  
 sensitive dihydroergocryptine binding in striatal membranes 1305
- 1,3-Butane diol  
 metabolism in vivo and in vitro 1987
- Butylated hydroxytoluene  
 binding to liver RNA in vivo 3132  
 binding of metabolites to cysteine in vitro 887
- t-Butyl bicyclo-phosphate esters 1573
- 4-t-Butylphenol  
 glucuronidation and sulfation in rat in vivo 2569
- Butyrophenones  
 binding to glutamate dehydrogenase 1469
- Cadmium  
 accumulation and distribution in liver and kidney, effect of dimercaptosuccinate 2427  
 effect on dopamine uptake by synaptosomes from forebrain and striatum 3123  
 effect on hepatic metallothionein levels and activities of mixed-function oxidases during early development of rats 3095  
 induced thymic atrophy and splenomegaly, essential metals and metallothionein in 1217  
 effect on methylation of phospholipids in synaptosomal membranes 1704
- Cadmium oxides  
 effects of inhalation on pulmonary microsomal enzymes 715
- Cafeteria diet  
 Na<sup>+</sup>,K<sup>+</sup>-ATPase activity and noradrenaline turnover in brown fat 1709
- Caffeine  
<sup>14</sup>CO<sub>2</sub> in breath after administration of 1245  
 metabolism in liver slices during postnatal development in rat 3145
- Calcium  
 accumulation by cultured neurons, effects of  $\delta$ -aminolevulinic acid, porphobilinogen, amino acids and barbiturates 665  
 accumulation by heart mitochondria,

## Calcium(contd.)

- effect of adrenochrome 157
- antagonistic effects of L9394 on vascular and ventricular muscle 897
- antigen-antibody induced allergic responses 217
- binding to cardiac sarcolemma, effect of Bepridil 2356
- binding to cartilage in vitro 2963
- in chick embryo muscle, effect of curare 1501
- effect on fluoride-induced superoxide production in polymorphonuclear leucocytes 1981
- influx in rabbit aorta, inhibition by nifedipine hydrochloride 375
- intrasynaptosomal sequestration, ethanol and pentobarbital inhibition of 3209
- in kidney, effect of cadmium loading 1217
- in liver
  - effect of cadmium loading 1217
  - effect of injection of  $\lambda$ -carrageenan 2353
- microsomal sequestration, effect of carbon tetrachloride and bromotrichloromethane 135
- outflow exchange in isolated perfused heart, effect of glucagon 1407
- properties and function of calmodulin 1395
- role in angiotensin responses 2745
- role of calmodulin in cellular regulation of 1723
- in spleen
  - effect of cadmium loading 1217
  - effect of injection of  $\lambda$ -carrageenan 2353
- strontium as a probe for 635
- synaptosomal transport, interaction of narcotics 674
- in thymus after cadmium loading 1217
- transport in liver mitochondria, effect of propanidol 1921
- Calcium antagonists
  - effect on human basophil histamine release 2867
  - effect on islet function 1039
  - effect on platelet secretion and metabolism 523
  - effect on potassium conductance in islet cells 3291
- Calcium-calmodulin
  - regulated cyclic AMP phosphodiesterase in brain, effect of vinca alkaloids 335
- Calmodulin
  - excitation-contraction and excitation-secretion coupling 1723
  - inhibition by phenothiazines, correlation with membrane stabilizing effects 2031
  - properties and functions 1395
  - regulated phosphodiesterase in brain, effect of vinca alkaloids 335
- Cannabidiol
  - effect on cytochrome P-450 and hexobarbital sleep time 503
  - effect on thermotropic properties of calf brain lipids 1777
- Cannabinoids
  - effect on cell proliferation 31
  - effect on chromatin structure and function in human cells 45
- Cannabinol
  - effect on cell proliferation 31
  - effect on chromatin structure and function in human cells 45
- Cannabis
  - effect on fructose and citric acid in male reproductive organs 273
- Capillaries
  - isolated from rat brain, inhibition of potassium uptake by steroids 241
- Capsaicin
  - mechanism of action on liver mitochondria 735
- Captopril
  - in vivo biotransformation in blood of rat, dog and man 2643
  - effect on proteins and peptide hormones 683
- Carbamate
  - effect on muscarinic cholinceptors in brain and ileum 2365
- Carbamazepine
  - effect on GABA release in vivo and in vitro 363
  - inhibition of aldehyde reductase from ox brain 1191
- Carbaryl
  - excretion of metabolites and in vitro microsomal metabolism, role of reticulo-endothelial system 669
- Carbazilquinone
  - generation of semiquinone radical by cytochrome P-450 reductase 1717
- Carbidopa
  - effect on tryptophan metabolism by isolated rat liver 623
- $\beta$ -Carbolines
  - in brain and adrenal 9
  - stimulation of hepatic epoxide hydrolase 651
- Carbon tetrachloride
  - in blood and liver, effects of promethazine 1443
  - destruction of liver microsomal calcium pump activity 135
  - elimination in expired air, effect of promethazine 1449
  - glucuronidation preservation in toxicity 993
  - interaction of cytochrome P-450 2343
  - inhibition of microsomal activation by 2-hydroxyestradiol-17 $\beta$ , influence of oxygen 319
  - reactivity and toxicity 3027
- Carboxymethylcellulose
  - effect on glutathione in liver 589
- Carcinoma cells
  - lung, conjugation pathways 3333
- Cardiac glycosides
  - mechanism of action on the heart 3261
  - mutants of HeLa cells resistant to 3039
- Carnitine
  - transport in brain slices, inhibition

- Carnitine(contd.)  
by 3-aminopropanesulfonic acid  
and GABA 1012
- Carnitine acetyltransferase  
acetylcholine synthesis in sperm  
1521
- Caroxazone  
mechanism of action 2728
- $\lambda$ -Carrageenan  
alterations of essential metal levels  
and induction of metallothionein  
by injection of 2353  
platelet aggregation 263
- Carrageenin granulomas  
production of slow reacting substance  
1781
- Carrageenin-induced paw edema  
effect of progesterone 639
- Cartilage  
effect of anti-inflammatory agents  
on proteoglycan-degrading enzyme  
2147  
in vitro binding of ions 2963  
in organ culture, effect of anti-  
inflammatory drugs on proteoglycan  
degradation 459
- Cassaine  
mutants of HeLa cells resistant to  
3039
- Catalase  
effect on autoxidation of 6-hydroxy-  
dopamine and 6-aminodopamine 2279  
in heart mitochondria, effect of  
hyperbaric oxygen 1753  
in liver, effect of LK-903 1817  
in lung, role in prolonged survival  
after paraquat 2319  
effect on synovial fluid viscosity  
fall induced by u.v. illumination  
1805
- Catalase-NO complex  
activation of hepatic guanylate  
cyclase 2531
- (+)-Catechin  
inhibition of phosphodiesterase in  
lung 697
- (+)-Catechin - Cu(II) complex  
effect on reticulation of collagen  
fibrils 1771
- Catechol  
inhibition of microsomal activation  
of carbon tetrachloride,  
influence of oxygen 319
- Catechol nucleus  
effect on Na<sup>+</sup>, K<sup>+</sup>- and Mg<sup>2+</sup>-ATPases  
in synaptosomes 1799
- Catecholamines  
in brain, effect of methotrexate  
treatment and withdrawal 1543  
ionophore mediated release from  
chromaffin granules 3277  
effect of iron chelators on  
oxidation of 2945  
mechanism of action on brain  
microsomal ATPase 427, 433  
secretion in chromaffin cells,  
role of cyclic GMP 855  
secretion by cultured adrenal  
medulla cells, correlation with  
dopamine  $\beta$ -hydroxylase release  
3246  
uptake into synaptosomes, role of  
monoamine oxidase 2777
- Catecholamine storage vesicles  
in heart, brain and adrenal, pH  
dependence of noradrenaline  
uptake 2872
- Catechol-O-methyltransferase  
in erythrocytes, ionic influence on  
2481
- Catharanthine  
effect on calcium-calmodulin  
regulated phosphodiesterase in  
brain 335
- Cathepsin D  
synthesis and secretion in  
macrophages, effect of anti-  
inflammatory and antirheumatic  
agents 2147
- Caudate nucleus  
phenethylamine uptake into synaptic  
vesicles 1759  
stereospecific binding of dopamine  
2037
- Ce<sup>3+</sup>  
binding to cartilage in vitro 2963
- Cell proliferation  
effect of cannabinoids 31
- Cellulose  
dietary, effect on hepatic and  
intestinal mixed-function  
oxidation 2553
- Cerebellum  
regulation of glutamate binding  
3019
- Cerebrospinal fluid  
effect of dibutyryl cyclic AMP on  
dopamine  $\beta$ -hydroxylase in 1765
- Cetyltrimethylammonium bromide  
induced haemolysis, effect of  
O-( $\beta$ -hydroxyethyl)rutoside 2287
- Chaotropic agents  
solubilization of dopamine receptor  
2197
- Chelating agents  
interaction with methylmercuric  
chloride bound to erythrocytes  
667
- Chemiluminescence  
chlorphentermine-induced phospho-  
lipidosis in alveolar  
macrophages 165
- Chick embryo  
effect of curare on muscle  
development 1501  
NAD levels in organophosphate  
teratogenicity 2225
- Chick embryo fibroblasts  
5'-deoxy-5'- $\beta$ -isobutyl thioadenosine  
uptake 2081
- Chinese hamster ovary cells  
actions of 3-deazaguanine and  
3-deazaguanosine 2374
- Chloral hydrate  
NADPH-dependent reducing enzymes in  
rat liver cytosol 1931
- Chloramphenicol  
covalent binding to cytochrome  
P-450 875  
glucuronidation by human liver  
microsomes 2507  
effect on phage 2C DNA 489
- Chlordiazepoxide  
inhibition of GABA-stimulated  
diazepam binding 2171
- Chloride

## Chloride

- fluxes across isolated rabbit colon,  
effect of loperamide 3371
- effect on warfarin binding to  
albumin 1025

## Chlorinated epoxide

- metabolism by liver microsomes,  
species and sex differences 2907

## Chlorinated p-nitrobiphenyl ether

- methaemoglobin formation induced by  
3341

## 4-Chloro-p-aminobiphenyl ether

- methaemoglobin formation by 3341

## 6-Chlorochroman-2-carboxylic acid

- effect on human platelet function  
2013

## 1-Chloro-2,4-dinitrobenzene

- metabolic hydrogen peroxide induction  
3201

## 1-(2-Chloroethyl)-3-cyclohexyl-1-nitrosourea

- prolonged depression of hepatic drug  
metabolism and hemoprotein levels  
1014

## Chloroform

- elimination in expired air in carbon  
tetrachloride intoxicated rats,  
effect of promethazine 1449
- production from carbon tetrachloride  
in the rat 1443
- reactivity and toxicity 3027

## Chloroma tumour

- effects of gold compounds and carriers  
on mitochondria 3181

## 4-Chlorophenol

- glucuronidation and sulfation in  
rat *in vivo* 2569

## N-[2-(o-Chlorophenoxy)ethyl]cyclopropylamine HCl

- elevation of hypothalamic catechol-  
amines, effects of L-DOPA 3023

5-(4-Chlorophenyl)- $\beta$ -hydroxy-2-furanpropanoic acid

- inhibition of prostaglandin  
synthetase by 3008

## Chloroquine

- binding to cartilage *in vitro* 2963
- binding to melanin *in vivo* 1845
- induction of acid hydrolase release  
from macrophages 629
- effect on polyphosphoinositide  
metabolism in brain 3243
- effect on red cell metabolism 81
- effect on synthesis and release of  
macrophage enzymes 2147

## Chlorotrianisene

- O-demethylation in the rat 2203
- effect on inhibition of hepatic  
uroporphyrinogen decarboxylase  
by hexachlorobenzene 1849

## Chlorphentermine

- induced phospholipidosis in  
alveolar macrophages 165
- effect on lysosomal phospholipases  
A and C 1121
- and oxygen, effect on pulmonary  
metabolism of newborn rats 341

## Chlorpromazine

- effect on adrenal enzymes 3365
- binding to  $\alpha$ -acid glycoprotein  
2435
- binding to cartilage *in vitro* 2963
- binding to glutamate dehydrogenase

## Chlorpromazine(contd.)

- 1469
- binding to melanin *in vivo* 1845
- decreased suspension viscosity of  
erythrocytes 2057
- effect on dimethylnitrosamine  
demethylation 2077
- effect on indoleamine-N-methyl-  
transferase activity and brain  
metabolism of bufotenin 571
- induced haemolysis, effect of  
O-( $\beta$ -hydroxyethyl)rutoside 2287
- inhibition of guanylate cyclase in  
*Tetrahymena pyriformis* 2709
- interaction with muscarinic  
receptor 2493
- effect on lymphocyte capping and  
energy metabolism 2989
- effect on lysosomal phospholipases  
A and C 1121
- metabolism by fetal and neonatal  
liver, effect of maternal  
ethanol consumption 2457
- effects on phospholipid synthesis  
in Krebs II ascites cells  
*in vitro* 293
- effect on polyphosphoinositide  
metabolism in brain 3243
- Chlorpropamide
- effect on adenylate cyclase in  
heart and liver 2861
- Chlortetracycline
- effect on platelet secretion and  
metabolism 523
- Cholate
- effect on monoamine oxidase in  
brain mitochondria 3151
- Choleragen
- response of human fibroblasts,  
effects of *d* and *l*-propranolol  
1263
- Cholestasis
- manganese-bilirubin induced,  
hepatocellular membrane  
alterations 2305
- Cholesterol
- role in distribution of haloperidol  
and trifluoperazine in blood  
and plasma 951
- role in lipid-anaesthetic interact-  
ions 1777
- Choline
- acetylcholine synthesis in rat  
sperm 1521
- antimony analogue, synthesis and  
radioimmunoassay 3003
- uptake and acetylation in hippo-  
campus slices 1415
- uptake by neocortex synaptosomes,  
inhibition by adenosine deriv-  
atives 2732
- Choline-O-acetyltransferase
- differential sensitivity of soluble  
and membrane-bound forms to  
inhibition by coenzyme A 2483
- Choline dehydrogenase
- assay, properties and inhibitors  
2993
- Cholinesterase
- atypical, prediction of drug  
sensitivity 1635
- Chondroitin sulphates A, B and C
- isolation from thymus 1077

- Choriocarcinoma cell line JEG  
   cholinergic elements in 967  
 Chromaffin cells  
   muscarinic regulation of catecholamine  
     secretion mediated by cyclic GMP  
       855  
 Chromaffin granules  
   amantadine accumulation 763  
   ionophore mediated catecholamine  
     release 3277  
 Chromatin  
   mercury content and level of  
     metallothionein proteins in  
       kidney and liver 2177  
   structure and function in human cells,  
     effect of cannabinoids 45  
 Chromone-like compounds  
   inhibition of phosphodiesterases  
     in lung 697  
 Chrysene  
   hydroxylation by brain, effect of  
     hematin 2837  
 Cinchonine  
   interaction with haemin, antimalarial  
     activity 3323  
 Circumventricular nuclei  
   monoamine oxidase type B activity  
     toward  $\beta$ -phenylethylamine in 893  
 Citrate synthase  
   in brain, effect of ischaemia and  
     drugs 2399  
 Citric acid  
   in male reproductive organs, effect  
     of cannabis 273  
 Clofibrate  
   effect on human platelet function  
     2013  
   effect on lipid metabolizing enzymes  
     in liver subcellular fractions  
       2251  
   effect on pyruvate(glyoxylate)amino-  
     transferase in liver 393  
 Clonidine  
   effect on ATP in normal and hypoxic  
     brain 1605  
   binding in hypothalamus 565  
   binding to multiple sites in human  
     brain 3115  
 Clonidine-like hypotensive drugs  
   effect on platelet reactions 1359  
 Clorgyline  
   resistant amine oxidase in pig  
     dental pulp 403  
 Clorobiocin  
   binding to human albumin 447  
 Clotting factor  
   activity in warfarin-susceptible and  
     -resistant rats, effects of  
       warfarin and brodifacoum 123  
 Cobalt  
   effect on potassium conductance in  
     islet cells 3291  
 Cocaine  
   hepatic periportal necrosis 773  
   hepatotoxicity, ethanol enhancement  
     453  
   effect on 5-hydroxytryptamine and  
     substance P in brain 1071  
 Coenzyme A  
   inhibition of soluble and membrane-  
     bound forms of choline-O-acetyl-  
       transferase 2483  
   effect on toxicity of mercurials in  
     goldfish 3105  
 Coenzyme A(contd.)  
 Colchicine  
   effect on calcium-calmodulin  
     regulated phosphodiesterase in  
       brain 335  
   effect on proteoglycan degradation  
     in cartilage in organ culture 459  
   effect on secretion of protein and  
     triacylglycerol from hepatocytes  
       1629  
 Collagen  
   induced platelet aggregation, effect  
     of trimetoquinol isomers 2237  
   production by neonatal dermal  
     fibroblasts, effect of  
       corticosterone 3285  
 Collagen fibrils  
   effect on flavonoids on reticulation  
     1771  
 Colloidal carbon  
   effect on hepatic drug metabolism  
     669  
 Colon  
   effect of loperamide on ion fluxes  
     3371  
 Colon carcinoma  
   purine-metabolizing enzymes in 793  
 Compound 48/80  
   protein binding site for 1587  
   spin-label study of membrane  
     fluidities 277  
   spin-labelled, synthesis and some  
     binding properties 283  
   treated mast cells, kininogen  
     depleting activity 481  
 Concanavalin A  
   activated lymphocytes, uridine  
     transport in 3295  
   induced histamine release from mast  
     cells 2179  
 Conjugation  
   in human bronchial carcinoma  
     cell lines 3333  
 Contraceptive steroids  
   effect on neurotransmitters in  
     brain 1581  
 Convulsions  
   insulin hypoglycaemia and fluoro-  
     acetate induced, effect of gold  
       thioglucose lesions 3231  
 Convulxin  
   platelet aggregation 263  
 Copper  
   binding by L-alanosine 771  
   complex of 2-formylpyridine thio-  
     semicarbazone, interaction with  
       Enrich ascites tumour cells  
       1595  
   effect on daunomycin-DNA interaction  
     2021  
   effect of dimercaptosuccinate on  
     tissue distribution in the rat  
       2427  
   metabolism in neonatal liver of  
     various species 721  
   in thymus, spleen, liver and  
     kidney after cadmium loading 1217  
 Copper-catechin complex  
   effect on reticulation of collagen  
     fibrils 1771  
 Copper/dithiothreitol  
   activation of brain adenylate

- Copper/dithiothreitol (contd.)  
     cyclase 171
- Copper-penicillamine  
     effect on paraquat-induced alterations  
         in liver phospholipids 349
- Copper(try)2  
     effect on paraquat-induced alterations  
         in liver phospholipids 349
- Corticosterone  
     inhibition of collagen and sulfated  
         glycosaminoglycan synthesis in  
         neonatal dermal fibroblasts 3285  
     effect on potassium uptake by  
         isolated brain capillaries 241
- Cortisol  
     binding to human albumin and serum,  
     effect of protein concentration  
         727
- Cortisone esters  
     hydrolysing enzymes in liver  
         microsomes 2051
- Coumarin antibiotic  
     binding to human albumin 447
- Countertransport  
     sodium-lithium, lithium induced  
     changes in 2539
- Cromolyn  
     inhibition of human leucocyte  
         alkaline phosphatase 217  
     phosphorylation of a single mast cell  
         protein 2737
- Curare  
     effect on development of chick embryo  
         skeletal muscle 1501
- Cyanamide  
     inhibition of 4-hydroxycyclophosph-  
         amide/aldophosphamide oxidation  
         to carboxyphosphamide 2065  
     effect on metabolism of ethanol and  
         acetaldehyde and on glucone-  
         genesis by hepatocytes 3079
- Cyanate  
     contribution to albumin binding  
         defect of uremia 1059
- Cyclic nucleotide phosphodiesterase  
     in brain, calcium-calmodulin  
         regulated, effect of vinca  
         alkaloids 335  
     calmodulin activated 1395  
     in lung, inhibition by flavonoids  
         and related compounds 697  
     in ureter, resistance to inhibition  
         by xanthines and papaverine 2371  
     in uterus, inhibition by N-0164 1941
- Cyclodiene epoxide DME  
     metabolism by liver microsomes,  
         species and sex differences 2907
- 5-(2-Cyclohexylideneethyl)-5-ethyl  
     barbituric acid  
     comparison of in vivo effects with  
     effects in vitro on K<sup>+</sup>-stimulated  
     acetylcholine release 2619
- Cyclo-oxygenase  
     in platelets, sulphinpyrazone  
         prevention of aspirin inhibition  
         of 2773
- Cyclophosphamide  
     activation in tumour-adjacent liver  
         971  
     effects in a coupled microsomal-  
         activating/embryo culture system  
         985  
     metabolic activation and cytotoxicity
- Cyclophosphamide (contd.)  
     in cultured hepatocytes 3225  
     metabolism by isolated hepatocytes  
         3055  
     role of aldehyde dehydrogenase in  
         response to 2065  
     teratogenicity in embryo cultures  
         59
- Cyclosporin A  
     nature of toxicity in the rat 3311
- Cysteine  
     effect on glutathione status in  
         isolated hepatocytes 1227  
     effect on toxicity of mercurials  
         in goldfish 3105
- L-Cysteinylglycine  
     effect on glutamate decarboxylase  
         activity 1855
- Cystine  
     effect on glutathione and cytochrome  
         P-450 in cultured hepatocytes  
         2739
- Cytidine 5'-diphosphorylcholine  
     activation of soluble striatal  
         tyrosine hydroxylase 539
- Cytochrome b5  
     in intestinal microsomes, comparison  
         of rat and guinea pig and of rat  
         crypt and villous tip cell  
         enzyme 2415  
     in liver microsomes  
         effect of encephalomyocarditis  
         virus infection 2333  
         effect of NKK-105 in vivo 2759  
         spontaneously hypertensive rats  
         678
- Cytochrome c - NO complex  
     activation of hepatic guanylate  
         cyclase 2531
- Cytochrome c oxidase  
     in rat tissues following prolonged  
         administration of tetracyclines  
         1706
- Cytochrome c reductase  
     in alveolar type II cells 1231  
     in brain, effects of ischaemia and  
         drugs 2399  
     in intestinal microsomes, comparison  
         of rat and guinea pig and of  
         rat crypt and villous tip cell  
         enzyme 2415  
     in liver microsomes  
         effect of benzothiadiazoles 1483  
         fetal, inducibility 2901  
         marmoset monkey, effect of  
         3-methylcholanthrene 2131  
         effect of NKK-105 in vivo 2759  
         sex differences 1091  
         effect of traumatic injury 539
- Cytochrome oxidase  
     in brain, effects of ischaemia and  
         drugs 2399
- Cytochrome P-448  
     hepatic metabolism of ethidium  
         bromide 601  
     in liver microsomes, marmoset  
         monkey, effect of 3-methyl-  
         cholanthrene 2131
- Cytochrome P-450  
     in alveolar type II cells 1231  
     in aorta microsomes, prostacyclin  
         synthesis 2033  
     binding of aminopyrine and its

## Cytochrome P-450(contd.)

- metabolites 19
- in brain microsomes, effects of pentobarbital and morphine 1142
- complex with triacetyloleandomycin metabolite 553
- covalent binding of chloramphenicol 875
- dependent hydroxylases in rat and human liver microsomes, selective activation 1702
- dependent metabolism of 1,1,2,2-tetrachloroethane to dichloroacetic acid 1366
- in hepatocytes,
  - effect of culture conditions 2739
  - ethanol-mediated increase in 2805
- hypoactivity after triacetyloleandomycin administration 559
- in intestinal microsomes, comparison of rat and guinea pig and of rat crypt and villous tip cells 2415
- in liver microsomes,
  - Archosargus probatocephalus, binding of imidazole derivatives 2876
  - effect of azo compounds 1147
  - effect of benzothiadiazoles 1483
  - effect of cannabidiol 503
  - effect of carbon tetrachloride 993
  - effect of CCNU 1014
  - effect of cocaine 777
  - dichlorobiphenyl metabolism 577
  - effect of dietary cellulose and pectin 2553
  - different hepatoproteins involved in biphenyl 4-hydroxylation and 4-methoxybiphenyl O-demethylation 1915
  - effect of encephalomyocarditis virus infection 2333
  - effect of ethanol vapour inhalation 595
  - fetal, inducibility 2901
  - human, multiplicity 2451
  - effects of hypoxia on drug metabolism 1019
  - inactivation by a 1,2,3-benzothiadiazole insecticide synergist 1138
  - inactivation by carbon tetrachloride 2343
  - increase in areas adjacent to Morris hepatomas 971
  - effects of indole and tryptophan feeding 517, 2007
  - inductive effects of hexachlorobiphenyl isomers 1008
  - effect of isoniazid on carbon monoxide binding 1651
  - effect of morphine 1529
  - effect of NKK-105 in vivo 2759
  - effect of phencyclidine 545
  - effect of pregnancy on spin state 1223
  - effect of rifampicin 1043
  - sex differences 1091
  - spontaneously hypertensive rats 678
  - effect of traumatic injury 537
  - warfarin and phenprocoumon metabolic profiles as probes of hydroxylase-inducing agents 3099
  - pharmacological necessity or a

## Cytochrome P-450(contd.)

- biochemical curiosity 181
- role of dependent metabolism in embryo toxicity of cyclophosphamide 59
- role in oxidation of N-hydroxyphentermine 1115
- in testes during maturation 1823
- Cytochrome P-450 apoprotein effects of hematin 2837
- Cytochrome P-450 reductase
  - activation of anthracendione and anthracyclines 2881
  - activation of Fe(III)-bleomycin 3385
  - generation of semiquinone radical from caraziloquinone 1717
- Cytochrome P-455
  - complex formation in metabolism of phenylalkylamines with human liver microsomes 388
- Dantrolene sodium
  - effect on human basophil histamine release 2867
- Daunomycin
  - effect of divalent metal ions on interaction with DNA 2021
  - role of one-electron and two-electron reduction products in DNA binding 2626
- Daunomycin-Cu<sup>2+</sup> - DNA complex 2021
- Daunorubicin
  - metabolism by cytochrome P-450 reductase 2881
  - effect of methylation of aglycone hydroxyl groups on properties of 1856
  - effect on red cell hemolysate glutathione reductase 676
  - stimulated reactive oxygen metabolism in cardiac sarcosomes 259
  - in vincristine-resistant P388 leukemia cells 1863
- 3-Deazaadenosine
  - effect on histamine release from human basophils 785
- 1-Deaza-7,8-dihydropteridines
  - anticancer activity 2381
- 3-Deazaguanine
  - action on Chinese hamster ovary cells 2374
- 3-Deazaguanosine
  - action on Chinese hamster ovary cells 2374
- 3-Deazauridine
  - effect on araC anabolism in RPMI 6410 cells 1889
- N-Demethylated carbachol
  - glaucoma therapy 103
- Dental pulp
  - deamination of monoamines 403
- 2'-Deoxyadenosine
  - effect on choline uptake and acetylcholine release by neocortex synaptosomes 2732
  - potentiation of ara-C in hepatoma cells 1099
- 2'-Deoxyadenosine analogues
  - facile enzymatic preparation and growth inhibition effects on human cell lines 2663
- 5'-Deoxyadenosine

- 5'-Deoxyadenosine  
substrate activity with 5'-methylthioadenosine phosphorylase from Sarcoma 180 cells 189
- Deoxycholate  
effect on monoamine oxidase in brain mitochondria 3151
- 2'-Deoxycoformycin  
effect on adenosine metabolism in polymorphonuclear leukocytes 2611  
inhibition of adenosine phosphorylation in Novikoff hepatoma cells 417
- 2'-Deoxyguanosine  
potentiation of ara-C in hepatoma cells 1099
- 5'-Deoxy-5'-S-isobutyl thioadenosine  
uptake into chick embryo fibroblasts 2081
- 5'-Deoxy-5'-methylthioadenosine  
phosphorylase  
in human colon carcinoma 793
- Deoxynucleotidyl transferase  
in thymus, inhibition by mitomycin C -DNA 299
- 12-Deoxyphorbophenylacetate  
mechanism of action 2691
- Deoxyribonucleic acid  
bleomycin and cytochrome P-450  
catalysed degradation 3385  
damage associated with bromoacetate 1497  
in HeLa S3 cells, sesquiterpene lactone induced damage 3005  
in L1210 cells, thymidine-enhanced incorporation of ara-C 2221  
methylation in human cells exposed to nitrosocimetidine 2864  
misonidazole-induced thymidine release 1925  
role of one-electron and two-electron reduction products of adriamycin and daunomycin on binding 2626  
synthesis in human lymphocytes, effects of formycin B, optimization of cell culture conditions 2651  
viral, effect of inhibitors of macromolecule formation on duplication of 489
- Deoxyribonucleic acid polymerases  $\alpha$  &  $\beta$   
in thymus, inhibition by mitomycin C -DNA 299
- Deoxythymidine kinase  
from herpes simplex virus, inhibitor and substrate specificities 3071
- 2'-Deoxyuridine  
5-substituted styryl derivatives, antiviral, antitumour and thymidylate synthetase inhibitor studies 495
- Desacetylvinblastine amide  
effect on calcium-calmodulin regulated phosphodiesterase in brain 335
- Desferal  
effect on inhibition of ribonucleotide reductase 979
- Desferroxamine  
inhibition of iron-stimulated catecholamine degradation 2945
- Desipramine  
effect on adrenal enzymes 3365  
effect on cyclic AMP response to Desipramine (contd.)  
noradrenaline in forebrain of male and female rats 3126  
effect on tryptophan in brain 1211
- Deuterium isotope  
effects on monoamine oxidase reaction 3089
- Development  
caffeine metabolism in rat liver slices 3145  
monoxygenase activities in liver and lung 3373  
noradrenaline stimulation of  $\text{Na}^+$ ,  $\text{K}^+$ -ATPase in brain 2368  
protective role of metallothionein against cadmium-induced inhibition of mixed-function oxidases in rats 3095  
testicular heme biosynthesis 1823
- Dexamethasone  
induction of tryptophan oxygenase in parenchymal cells, effects of endotoxin 1999  
effect on synthesis and release of macrophage enzymes 2147
- Diabetes  
alloxan-induced, fructose biphosphatase in liver 98  
streptozotocin-induced, effect on endotoxemia in mice 925  
effect of glucose and fructose on p-nitrophenol conjugation in hepatocytes 2616  
use of I.C.I.105552 in preventing secondary complications 3065
- 4,4'-Diacyldiphenylurea-bis-(guanyldihydrazone)  
action on isolated rat liver mitochondria 2851
- Diamine oxidase  
inhibition with hydroxybenzylamines 3121
- 2,4-Diaminoanisole  
metabolism and toxicity in rats, effect of phenobarbital treatment 2715
- cis-Diamminedichloroplatinum(II)  
resistance of a murine leukemia L1210 cell line to 2721
- Diazepam  
binding to  $\alpha$ 1-acid glycoprotein 2435  
binding in brain, enhancement by barbiturates 1573  
inhibition of GABA stimulated receptor binding 2171
- Diazinon  
effect on NAD content of early chick embryos 2225
- 6-Diazo-5-oxo-L-norleucine  
effect on 5-fluorouracil metabolism and cytotoxicity 2469
- 1,2-Dibromo-3-chloropropane  
depletion of reduced non-protein sulphhydryl groups in rodent tissues 2265
- 1,2-Dibromoethane  
depletion of reduced non-protein sulphhydryl groups in rodent tissues 2265  
metabolic pathways 2499  
metabolism in rat, effect of

- 1,2-Dibromoethane(contd.)  
 disulfiram and other inhibitors  
 of oxidative metabolism 2983
- Dibromosulphthalein  
 transport by isolated hepatocytes  
 1809
- Dibucaine  
 effect on lymphocyte capping and  
 energy metabolism 2989
- (4-[3-(Dibutylamino)propoxy]phenyl)  
 (2-ethyl-3-indoliziny)-methanone  
 monohydrochloride  
 calcium antagonistic effects on  
 vascular and ventricular muscle  
 897
- Dibutyryl adenosine-3',5'-cyclic  
 monophosphate  
 inotropic responses of frog ventricle  
 and changes in endogenous cyclic  
 nucleotide levels 1475
- intracerebroventricularly administ-  
 ered, effect on dopamine  
 $\beta$ -hydroxylase in CSF and serum  
 1765
- effect on morphine tolerance 2313
- stimulation of dopamine synthesis in  
 olfactory tubercle slices, effect  
 of ethanol 2157
- 2,4-Dichloro-p-aminobiphenyl ether  
 methaemoglobin formation by 3341
- 5,6-Dichloro-1,2,3-benzothiadiazole  
 inactivation of hepatic cytochrome  
 P-450 1138
- 1-(3,4-Dichlorobenzyl)-3-methyl-1,2-  
 dihydro-2-oxoquinol-4-ylacetate  
 effect on metabolism of cultured  
 monkey kidney epithelial cells  
 3065
- Dichlorobiphenyls  
 metabolism by hepatic microsomal  
 cytochrome P-450 577
- 8,9-Dichloro-2,3,4,5-tetrahydro-1H-2-  
 benzapine  
 properties of 1345
- Dicrotophos  
 effect on NAD content of early chick  
 embryos 2225
- Dietary fibre  
 effect on hepatic and intestinal  
 mixed-function oxidation 2553
- 8-(N,N-Diethylamino)-octyl-3,4,5-  
 trimethoxybenzoate  
 effect on human basophil histamine  
 release 2867
- effect on platelet secretion and  
 metabolism 523
- Diethyldithiocarbamate  
 inhibition of superoxide dismutase  
 in heart, effect on mitochondrial  
 function 2174
- Diethylenetriaminepentaacetic acid  
 inhibition of iron-stimulated  
 catecholamine degradation 2945
- Diethyl ether  
 acetaldehyde and ethanol production  
 by liver parenchymal cells 1967
- Diethylpyrocarbonate  
 effect on aging of organophosphate  
 inhibited acetylcholinesterase  
 2915
- Diethylstilbestrol  
 effect on inhibition of hepatic  
 uroporphyrinogen decarboxylase
- Diethylstilbestrol(contd.)  
 by hexachlorobenzene 1849
- Diet-induced thermogenesis  
 $\text{Na}^+$ ,  $\text{K}^+$ -ATPase activity and  
 noradrenaline turnover in brown  
 fat 1709
- $\alpha$ -Difluoromethylornithine  
 antagonism by polyamines of curative  
 effects in *Trypanosoma brucei*  
 infections 3010
- Digitalis  
 like activity of steroid hormones  
 3001
- mechanism of action on the heart  
 3261
- Digitonin  
 induced hemolysis, effect of  
 $\text{O}$ -( $\beta$ -hydroxyethyl)rutosides 2287
- Digitoxin  
 binding site in human serum albumin  
 687
- Digoxin  
 immunoreactivity in chromatographic  
 fractions of rat adrenal extract  
 805
- Dihydroalprenolol  
 binding in cardiac membranes 3361
- binding in turkey erythrocytes 2787
- Dihydroergocryptine  
 binding to liver plasma membranes  
 1665
- binding in lung membranes 2623
- binding in rat hypothalamic  
 membranes 565
- d-butacclamol-sensitive binding in  
 striatal membranes 1305
- Dihydroergotoxine  
 effect on ATP in normal and  
 hypoxic brain 1605
- Dihydrofolate reductase  
 inhibited by methotrexate, kinetic  
 parameters 1507
- Dihydroquercetin-Cu(II)  
 effect on reticulation of collagen  
 fibrils 1771
- 1,4-Dihydroxy-5,8-bis[[2-[(2-hydroxy-  
 ethyl)amino]-ethyl]amino]-9,10-  
 anthracenedione  
 interaction with nucleic acids 231
- 1,5-Dihydroxynaphthalene  
 inhibition of lipoxigenase 1677
- 3,4-Dihydroxyphenylacetaldehyde  
 derived from dopamine, oxidation  
 to 3,4-dihydroxyphenylacetic  
 acid 3265
- subcellular site of oxidation in  
 rat liver 3265
- 3,4-Dihydroxyphenylacetic acid  
 in brain, effect of caroxazone and  
 tranlycypromine 2728
- 9-(S)-(2,3-Dihydroxypropyl)adenine  
 metabolism in mice 2359
- 6,7-Dihydroxy-1,2,3,4-tetrahydroiso-  
 quinoline  
 in rat brain 2461
- Diisopropyl 1,3-dithiol-2-ylidene-  
 malonate  
in vivo effect on drug oxidation in  
 rats 2759
- Diisopropylfluorophosphate  
 inhibited acetylcholinesterase,  
 aging of 2915
- effect on muscarinic receptors in

- Diisopropylfluorophosphate(contd.)  
brain and ileum 2365
- Diltiazem  
protective effect against inorganic phosphate induced impairment of oxidative phosphorylation in isolated heart mitochondria 2603
- 2,3-Dimercaptopropane-1-sulfonate  
interaction with methylmercuric chloride bound to erythrocytes 667
- Dimercaptosuccinate  
effect on cadmium distribution in liver and kidney 2427  
interaction with methylmercuric chloride bound to erythrocytes 667
- 7,12-Dimethylbenz[a]anthracene  
hydroxylation by brain, effect of hematin 2837  
induced aryl hydrocarbon hydroxylase in mammary fibroblasts 1873  
produced mammary tumour, effect of indole and tryptophan 517
- N-Dimethyl  $\beta$ -endorphin  
synthesis, stability 1289
- Dimethylnitrosamine demethylase  
in liver microsomes, effects of indole and tryptophan feeding 517  
in liver microsomes, effect of microsomal enzyme inducers 2007
- Dimethyltriazenes  
toxicity 89
- N,N-Dimethyltryptamine  
as monoamine oxidase substrate 1353
- 3,5-Dinitrobenzonitrile  
nitroreductase-induced binding to unsaturated lipids 2921
- Dioleoyl-phosphatidylcholine  
reaction with nitroaromatic radiosensitizers 2921
- Dipalmitoylphosphatidylcholine  
vinblastine and vincristine action on gel-fluid transition 411
- Diphenyl hydantoin  
effect on GABA release in vivo and in vitro 363
- Diphosphoinositide  
in erythrocytes from spontaneously hypertensive rats 833
- Di-n-propyl acetate  
effect on GABA release in vivo and in vitro 363
- Disodium cromoglycate  
inhibition of phosphodiesterases in lung 697
- Disopyramide  
binding to albumin 2633
- Disulfiram  
effect on 1,2-dibromoethane metabolism 2983
- Dithiothreitol  
inactivation of  $\beta$ -adrenergic receptors on erythrocytes 2787
- Dithiothreitol/copper  
activation of brain adenylate cyclase 171
- L-DOPA  
antagonism of elevation of hypothalamic adrenaline by monoamine oxidase inhibition in rats 3023  
decarboxylation in pheochromocytoma cells 3355
- DOPA decarboxylase  
in rat tissues and serum 645
- Dopamine  
abnormality as determinant of seizure susceptibility and intensity in genetic models of epilepsy 3137  
in brain  
amfonelic acid antagonism of depletion by  $\alpha$ -methyl-m-tyrosine 2025  
effect of harmaline + pargyline 1295  
effect of methotrexate treatment and withdrawal 1543  
in hypothalamus effect of L-DOPA on LY51641 induced increase 3023  
effect of iron-chelators on autoxidation 2945  
manganese induced release in striatum 1833  
stereospecific binding in caudate nucleus 2037  
synthesis in slices of olfactory tubercle, effect of ethanol 2157  
synthesis in striatal synaptosomes, phenylethylamine effects 141  
uptake and metabolism in synaptosomes, role of monoamine oxidase 2777  
uptake and release by striatal synaptosomes, comparative effects of benztropine and nomifensine 2753  
uptake by synaptosomes from fore-brain and striatum, inhibitory effect of  $\text{Cd}^{2+}$ ,  $\text{Mn}^{2+}$  and  $\text{Al}^{3+}$  3123  
uptake into synaptic vesicles of caudate nucleus 1759
- Dopamine antagonists  
inhibition of apomorphine binding in brain 3171
- Dopamine  $\beta$ -hydroxylase  
in brain of spontaneously hypertensive rats, effects of  $\beta$ -blockers 2673  
in CSF, effect of dibutyryl cyclic AMP 1765  
secretion by cultured adrenal medulla cells, correlation with catecholamine release 3246
- Dopamine receptors  
in caudate, irreversible blockade with phenoxybenzamine 3031  
in striatum  
alterations with aging in mouse and rat 1876  
effects of fluoro-dopamines 2927  
effect of GABA mimetics on spiroperidol binding 907  
solubilization 2197
- Dopamine D2 receptor system  
in striatal membranes 1305
- Doxantrazole  
inhibition of human leucocyte alkaline phosphatase 217
- Doxorubicin  
effect on red cell hemolysate glutathione reductase 676
- Doxycycline  
effect of prolonged administration

- Doxycycline(contd.)  
on tissue distribution and  
mitochondrial protein synthesis  
1706
- Droperidol  
effect on indoleamine-N-methyltrans-  
ferase in brain 571
- EDTA  
effect on Na<sup>+</sup>,K<sup>+</sup>-ATPase in brain  
microsomes 427, 433  
effect on catecholamine oxidation  
2945  
effect on inhibition of ribonucleo-  
side reductase 979
- EGTA  
effect on guanylate cyclase in  
Tetrahymena pyriformis 2709  
inhibition of brain adenylate cyclase  
effect of Triton X-100 and  
alamethicin 2488
- Ehrlich ascites tumour cells  
interaction of 2-formylpyridine  
thiosemicarbazone copper(II)  
1595  
metabolic hydrogen peroxide induction  
by 1-chloro-2,4-dinitrobenzene  
3201  
effects of sangivamycin and xylosyl-  
adenine on synthesis and methyl-  
ation of polysomal RNA 2697
- Elastase  
in human polymorphonuclear leucocytes,  
inhibition by gold sodium thio-  
malate and pentosan polysulfate  
703  
synthesis and secretion in macro-  
phages, effect of anti-inflammatory  
and antirheumatic agents 2147
- Electron spin resonance  
membrane fluidities and effect of  
compound 48/80 277  
metabolic changes of 3-[bis-(2-  
chloroethyl)-carbohydrazide]-  
2,2,5,5-tetramethylpyrroline-1-  
oxyl 289  
synthesis and binding of spin labelled  
compound 48/80 283
- Ellipticine  
inhibition of RNA polymerase 2026  
stimulation of hepatic epoxide  
hydrolase 651
- Embryo  
chick, effect of curare on muscle  
development 1501
- Embryo cultures  
teratogenicity of cyclophosphamide  
59
- Embryo culture/microsomal-activating  
system  
NADPH toxicity 985
- Emodin  
inhibition of phosphodiesterases  
in lung 697
- Encephalomyocarditis virus  
drug metabolism during infection  
2333
- Endorphin  
N-acetylated, N-deacetylation and  
analgesia 1721
- β-Endorphin  
action on vas deferens 1883  
dimethylation of, stability 1289
- β-Endorphin(contd.)  
reaction with acetaldehyde 1621
- Endotoxiosis  
effect of streptozotocin diabetes  
in mice 925
- Endotoxin  
inhibition of dexamethasone  
induction of tryptophan oxygenase  
in isolated parenchymal cells  
1999
- Endotoxin-O<sub>2</sub>  
exposed rats, lung antioxidant  
enzymes in 2319
- Energy transduction enzymes  
in brain, effects of ischaemia and  
drugs 2399
- Enkephalin D-Ala<sup>2</sup>,D-Leu<sup>5</sup>  
receptor in peripheral tissues 1883
- Enkephalins  
reaction with acetaldehyde 1621
- Epicatechine  
inhibition of phosphodiesterases in  
lung 697
- Epididymus  
effect of cannabis on fructose and  
citric acid in 273
- Epilepsy  
neurotransmitters in genetic models  
of 3137  
valproate-phenobarbital interaction  
1361
- Epiquine  
interaction with hemin, antimalarial  
activity 3323
- Epoxide hydrolase  
in liver microsomes  
Archosargus probatocephalus,  
effect of imidazole derivatives  
2876  
heterocyclic stimulators 651  
inhibition by C2-C8 1,2-alkene  
oxides 1712  
effect of pure polychlorobi-  
phenyl isomers 1866  
in liver submitochondrial fractions  
2111
- Erythro-3-adenin-9-yl-2-nonanol  
identification of bioactive  
enantiomer of 1159
- Erythrocytes  
β-adrenergic receptors in 2787  
effects of chloroquine and  
primaquine on glucose metabolism  
81  
decreased suspension viscosity  
induced by chlorpromazine and  
isoxsuprine 2057  
fluidization of membrane by esters  
of p-hydroxybenzoic acid 2362  
effect of GTP on β-adrenergic  
agonist binding 531  
interaction of benzoic acid  
derivatives with glucose  
transport system 1425  
interaction of chelating agents with  
methylmercuric chloride bound to  
667  
ionic influence on catechol-O-  
methyltransferase in 2481  
effect of propranolol on osmotic  
fragility 839  
selenite and tellurite induced  
hemolysis 2527

- Erythrocytes (contd.)  
 spontaneously hypertensive rats,  
 polyphosphoinositide metabolism  
 in 833
- Erythro-9-(2-hydroxy-3nonyl)adenine  
 effect on adenosine metabolism in  
 polymorphonuclear leukocytes 2611  
 effect on histamine release from  
 human basophils 785
- Erythromycin  
 depression of theophylline metabolism  
 and elimination 1299
- Erythrophleum alkaloids  
 mutants of HeLa cells resistant to  
 3039
- Esterase-'A'  
 in lipoprotein fraction of sheep  
 serum 903
- Estradiol  
 effect on hepatic drug metabolism  
 1091  
 hydroxylation by brain, effects of  
 hematin 2837  
 induced metabolic changes in liver,  
 effect of nafoxidine and estradiol  
 2485
- Estragole  
 dose dependent conversion to  
 1'-hydroxyestragole in mouse and  
 rat 1383
- Estrinol  
 effect on metabolic changes in liver  
 induced by estradiol 2485
- Estrogen receptor  
 in uterus, affinity of methoxychlor  
 metabolites 2869
- Estrogens  
 digitalis-like activity of 3001
- Ethanol  
 effect on aldehyde dehydrogenase in  
 baboon liver 2273  
 effect on cocaine hepatotoxicity 453  
 effect on conversion of  $\alpha$ -ketobutyrate  
 to  $\alpha$ -amino-n-butyric acid by  
 hepatocytes 3128  
 effect on cytochrome P-450 in  
 cultured hepatocytes 2805  
 effect on dopamine synthesis in  
 olfactory tubercle slices 2157  
 inhibition of intrasynaptosomal  
 sequestration of calcium 3209  
 inhibition of testosterone synthesis  
 1827  
 interaction with psychotropic drugs  
 during pregnancy and lactation  
 2457  
 metabolism by hepatocytes, effect of  
 cyanamide 3079  
 oxidation in rat digestive tract 542  
 oxidation by liver supernatant  
 fraction, effect of acetaldehyde  
 2349  
 oxidizing system in liver microsomes,  
 respective roles of ethanol and  
 carbohydrates 1745  
 plasma free acetaldehyde during  
 oxidation of 799  
 effect on phospholipid and sulfatide  
 in brain regions 1374  
 production by liver parenchymal cells  
 in presence of diethyl ether 1967  
 effect on protein synthesis in liver  
 2377
- Ethanol (contd.)  
 redox changes in liver of  
 spontaneously hypertensive rats  
 1277  
 effect on thermotropic properties  
 of calf brain lipids 1777
- Ethanol vapour inhalation  
 effect on hepatic mixed function  
 oxidase system 595
- Ethanolamine-O-sulphate  
 pharmacological effects 817
- Ethanollic lead  
 effect on urinary sodium excretion  
 and renal  $\text{Na}^+$ ,  $\text{K}^+$ -ATPase activity  
 2293
- Ethidium bromide  
 hepatic metabolism to reactive  
 mutagenic species 601
- Ethidium dimer  
 inhibition of tRNA aminoacylation  
 1557
- Ethinylestradiol  
 effect on neurotransmitters in  
 rat brain 1581
- 7-Ethoxycoumarin  
 O-deethylation by liver microsomes,  
 human and rat 2451  
 metabolism in isolated viable rat  
 kidney cells, effect of  
 Aroclor 1254 pretreatment 1197
- 7-Ethoxycoumarin deethylase  
 in alveolar type II cells 1231  
 in human placenta, effect of  
 heparin on subcellular distribut-  
 ion 3254  
 in intestinal microsomes, comparison  
 of rat and guinea pig and of  
 rat crypt and villous tip cell  
 enzyme 2415  
 in liver microsomes, marmoset monkey,  
 effect of 3-methylcholanthrene  
 2131
- 7-Ethoxyresorufin  
 O-deethylation in placental  
 microsomes, effect of maternal  
 smoking 757
- Ethoxyresorufin deethylase  
 in hepatocytes, effect of ethanol  
 2805  
 in liver microsomes  
 marmoset monkey, effect of  
 3-methylcholanthrene 2131  
 sex differences 1091
- Ethyl 5-amino-1,2-dihydro-3-  
 [(N-methylanilino)methyl]pyrido-  
 [3,4-b]pyrazin-7-ylcarbamate  
 anticancer activity 2381
- O-Ethyl-S-(2-diisopropylaminoethyl)  
 methylphosphothioate  
 effect on plasma cyclic AMP in rats  
 2725
- N-Ethylmaleimide  
 effect on 1-chloro-2,4-dinitro-  
 benzene induced  $\text{H}_2\text{O}_2$  production  
 by Ehrlich ascites tumour cells  
 3201
- Ethylmorphine  
 N-demethylation in liver microsomes,  
 developmental changes 3373  
 effect of phencyclidine 545  
 effect of rifampicin 1043  
 metabolism in lung microsomes,  
 developmental changes 3373

- Ethylmorphine N-demethylase  
in liver microsomes  
effect of dietary cellulose and pectin 2553  
effect of pregnancy in rats 1223  
spontaneously hypertensive rats 678  
effect of triacetyloleandomycin 559
- trans- $\beta$ -Ethylstyrene oxide  
hydrolysing activity in liver submitochondrial fractions 2111
- Etorphine  
in brain of morphine-pretreated mice 147
- Etorphine-naloxone pA<sub>2</sub>  
in morphine-pretreated mice 147
- Eugenol  
glucuronidation in human liver microsomes 2507
- FAD-monooxygenase  
in liver following traumatic injury 537
- Fasting  
effect on glutathione in liver 589
- Fatty acid  
binding site in human serum albumin 687  
in plasma following traumatic injury 537
- Fatty acyl-CoA oxidizing system  
in liver, effect of LK-903 1817
- Fenfluramine  
effect on dopamine release from striatal synaptosomes 2753  
effect on polyphosphoinositide metabolism in brain 3243
- Fetus  
glutathione-S-transferase in liver 3367  
inducibility of hepatic monooxygenases 2901
- Fibroblasts  
adenosine antagonism by purines, pteridines and benzopteridines 325  
chick embryo, 5'-deoxy-5'- $\beta$ -isobutyl thioadenosine uptake 2081  
inhibition of collagen and sulfated glycosaminoglycan synthesis by corticosterone 3285  
mammary gland, aryl hydrocarbon hydroxylase activity in 1873  
potentiation of Ara-C by 2'-deoxyadenosine and 2'-deoxyguanosine 1099  
response to cholera toxin and PGE<sub>1</sub>, effect of propranolol 1263
- Flavonoids  
inhibition of aldehyde reductase from ox brain 1191  
inhibition of phosphodiesterases in lung 697  
effect on reticulation of collagen fibrils in vitro 1771
- Flufenamic acid  
effect on synthesis and release of macrophage enzymes 2147
- Flunitrazepam  
inhibition of receptor binding by tryptophan and indole derivatives 3016
- N-2-Fluorenylacetamide  
microsomal binding and hydroxylation, effect of N-3-fluorenylacetamide 1253
- Fluoride  
induced superoxide production in polymorphonuclear leukocytes 1981
- Fluoroacetate  
induced convulsions, effect of gold thioglucose lesions 3231
- 5-Fluorodeoxyuridylate  
binding to human thymidylate synthetase 247  
inhibition of phosphorylytic activity by acyclonucleosides 2097
- Fluoro-dopamines  
effect on dopamine receptors 2927
- 2-, 5- and 6-Fluoronoradrenaline  
effect on cyclic AMP and binding to  $\beta$ -adrenergic receptors in pinealocytes 1085
- 5-Fluorouracil  
enhancement of incorporation into human lymphoblast RNA 129  
effect on human mammary carcinoma in combination with N-(phosphonacetyl)-L-aspartate 2045  
effect of purine synthesis inhibitors on metabolism and toxicity 2469  
Tris and sodium salts, differential effects on intestinal absorption 201
- 5-Fluorouridine  
inhibition of rRNA maturation in Friend erythroleukemia cells 1861
- Fluphenazine  
binding to  $\alpha$ 1-acid glycoprotein 2435  
effect on lymphocyte capping and energy metabolism 2989
- Folate  
effect of alcohol on hepatic secretion into bile 96
- Formaldehyde  
<sup>14</sup>C<sub>02</sub> in breath after administration of 1245
- Formycin B  
effect on human lymphocyte DNA synthesis, optimization of cell culture conditions 2651
- 1-Formyl isoquinoline thiosemicarbazone  
inhibition of ribonucleotide reductase, effect of iron-chelating agents 979
- 2-Formylpyridine thiosemicarbazone  
interaction with Ehrlich ascites tumour cells 1595
- FPL 55712  
inhibition of antigen-induced histamine release and thromboxane synthase 1378  
effect on SRS-A stimulated release of thromboxane from lung 2491
- Friend erythroleukemia cells  
inhibition of rRNA maturation by 5-fluorouridine and toyocamycin 1861
- Fructose

- Fructose  
in male reproductive organs, effect of cannabis 273
- Fructose biphosphatase  
in liver in alloxan-induced diabetes 98
- Furazolidone  
effect on monoamine oxidase in brain and liver of germ-free rats 2496
- Gabaculine  
pharmacological effects 817
- $\beta$ -D-Galactosidase  
enzyme immunoassay of bradykinin 1659  
release from macrophages during exposure to chloroquine and quinine 629
- Gamma-globulin  
effect of captopril 683
- Gastric mucosal cells  
interaction of histamine with  $H_2$ -receptors 3013
- Gastro-intestinal microflora  
involvement in nitro-compound induced methaemoglobinaemia 931
- Gentamicin  
effect on  $\beta$ -N-acetylglucosaminidase in kidney subcellular fractions 2949  
binding to cartilage in vitro 2963
- Gentiacaulein  
inhibition of phosphodiesterases in lung 697
- Germ-free rats  
2-acetamido-4-(chloromethyl)thiazole metabolism in 1839  
effect of furazolidone on monoamine oxidase in brain and liver 2496
- GF 94 and 109  
antihypertensive effects of 1869
- Glaucoma  
drugs used in treatment 103
- Glial cells  
inhibition of  $\beta$ -alanine uptake by GABA analogues 3045
- Glucagon  
effect on calcium outflow exchange in isolated perfused heart 1407
- Glucocorticoids  
inhibition of collagen and sulfated glycosaminoglycan synthesis in neonatal dermal fibroblasts 3285  
effect on synthesis, secretion and activity of macrophage enzymes 2147
- Gluconeogenesis  
by hepatocytes, effect of cyanamide 3079
- Glucose  
membrane transport, effects of phenformin and phlorizin 1613  
metabolism in red cells, effect of chloroquine and primaquine 81  
effect on p-nitrophenol conjugation in hepatocytes from normal and streptozotocin-diabetic rats 2616  
in plasma of islet-activating protein treated rats, effect of histamine 3305  
stimulation of pulmonary drug metabolism 379
- Glucose(contd.)  
transport by red cells 2362  
effect of benzoic acid derivatives 1425
- $\beta$ -Glucuronidase  
release from macrophages during exposure to chloroquine and quinine 629  
synthesis and secretion from macrophages, effect of anti-inflammatory and antirheumatic agents 2147  
in urine of alloxan-diabetic rats exposed to arsenic 168
- Glucuronidation  
dependence on UDP-glucuronic acid in hepatocytes 3252  
preservation in carbon tetrachloride toxicity 993
- Glucuronidation - sulfation  
of p-nitrophenol in hepatocytes from control and streptozotocin diabetic rats 2616  
phenolic substrates, in rat in vivo 2569
- Glutamate  
in brain  
effect of  $\gamma$ -acetylenic GABA 305  
effect of contraceptive steroids 1581  
effect on calcium accumulation by cultured neurons 665  
regulation of cerebellar binding 3019
- Glutamate decarboxylase  
in brain  
effect of  $\gamma$ -acetylenic GABA 305  
effect of antioxidants 1855  
effect of valproate 1364
- Glutamate dehydrogenase  
in brain, effect of ischaemia and drugs 2399  
in liver, binding of neuroleptics 1469
- Glutamate-oxaloacetate transaminase  
in urine of alloxan-diabetic rats exposed to arsenic 168
- Glutamic-pyruvic transaminase  
in serum, effect of cocaine 777
- Glutaminase  
in brain, time-dependent activation and inactivation 1635
- $\gamma$ -Glutamylcysteine synthetase  
in liver, effect of selenium 3217
- $\gamma$ -Glutamyl transferase  
induction by phenobarbital in rat, guinea pig and rabbit 1563
- Glutathione  
conjugation of acrylamide 1739  
deficient erythrocytes, haemolysis by selenite and tellurite 2527  
efflux from perfused liver, effect of paraquat and copper complexes 349  
in heart mitochondria, effect of hyperoxia 1735  
in hepatocytes  
cultured with and without cysteine 2739  
effect of cysteine on status of 1227  
involvement in interaction of selenium and methylmercury in

- Glutathione(contd.)  
 rat tissues 3159  
 in liver, effect of fasting, body weight, methylcellulose and carboxymethylcellulose 589  
 metabolism in liver, effect of selenium 3217  
 effect on rifamycin SV pharmacokinetics and distribution in rats 71  
 role in drug-induced lipid peroxidation 2513  
 role of redox cycle in adriamycin toxicity in hepatocytes 2299  
 Glutathione-1-chloro-2,4-dinitrobenzene adduct  
 formation by Ehrlich ascites tumour cells 3201  
 Glutathione S-conjugates of phenylloxirane 390  
 Glutathione peroxidase  
 in heart mitochondria, effect of hyperbaric oxygen 1753  
 in lung, role in prolonged survival after paraquat 2319  
 Glutathione reductase  
 in heart mitochondria, effect of hyperoxia 1753  
 lack of inhibition by anthracycline antibiotics 676  
 in liver, effect of selenium 3217  
 in newborn lung, effect of oxygen and chlorphentermine 341  
 Glutathione S-transferase  
 in brain, conjugation of acrylamide 1739  
 in liver,  
 effect of  $\alpha$ -hexachlorocyclohexane 355  
 human fetus 3367  
 effect of pregnancy 1859  
 effect of purine polychlorobiphenyl isomers 1866  
 rat, rhesus monkey, chimpanzee and man 1719  
 in placenta 1859  
 Glycerol  
 transport in red cells, effect of propranolol 839  
 Glyceryl trioleate  
 effect on hepatic drug metabolism 669  
 Glycine  
 antagonism of hypoglycin toxicity 2817  
 Glycocalyx - sarcolemmal complex 3261  
 Glycogen synthase kinase  
 effect of calmodulin 1395  
 Glycolysis  
 in newborn lung, effect of oxygen and chlorphentermine 341  
 Glycosaminoglycan  
 metabolism during development of osteoarthritis, effects of indomethacin 2135  
 production by neonatal dermal fibroblasts, effect of corticosterone 3285  
 Gold  
 binding to human albumin in vitro 3249  
 Gold chloride  
 effect on mitochondria 3181  
 Gold compounds and carriers  
 effects on mitochondria 3181  
 Goldfish  
 effect of lithium and alcohol on  $\text{Na}^+$ ,  $\text{K}^+$ -ATPase in brain 25  
 modification of toxicity of mercurials 3105  
 Gold sodium thiomalate  
 inhibition of elastase in human polymorphonuclear leukocytes 703  
 effect on synthesis and release of macrophage enzymes 2147  
 Gold thioglucose  
 comparison of insulin hypoglycaemia induced and fluoroacetate-induced convulsions in lesioned mice 3231  
 Guanabenz  
 effect on platelet aggregation 1359  
 Guanazole  
 inhibition of ribonucleotide reductase, effect of iron-chelating agents 979  
 Guanfacine  
 effect on platelet aggregation 1359  
 Guanidinoethane sulfonate  
 combined effects with isoproterenol or methoxamine on rat tissues 1698  
 Guanine deaminase  
 in human colon carcinoma 793  
 Guanine nucleotides  
 effect on noradrenaline binding to liver plasma membranes 1665  
 Guanosine  
 effect on glutamate binding in cerebellum 3019  
 Guanosine-3',5'-monophosphate  
 dependent protein kinase from lobster tail, effect of cyclic nucleotide derivatives 509  
 effect on glutamate binding in cerebellum 3019  
 hydrolysis in lung, inhibition by flavonoids and related compounds 697  
 in isolated frog ventricle, effect of exogenous cyclic nucleotides 1475  
 role in catecholamine secretion 855  
 role in neurotransmission at muscarinic receptor 2887  
 Guanosine triphosphate  
 effect on  $\beta$ -adrenergic agonist binding affinity 531  
 Guanylate cyclase  
 in heart of hypertensive rats 385  
 in liver, activation by nitrosyl-heme complexes 2531  
 in Tetrahymena pyriformis, effect of phenothiazines 2709  
 Guanylate kinase  
 in human colon carcinoma 793  
 Guanyl-5'-yl-imidodiphosphate  
 effect on  $\beta$ -adrenergic agonist binding affinity 531  
 Halogenated hydrocarbons  
 reactivity and toxicity 3027  
 Haloperidol  
 binding to  $\alpha$ 1-acid glycoprotein 2435

- Haloperidol(contd.)  
 binding in striatum, effect of senescence 1876  
 distribution in blood and plasma, role of cholesterol 951  
 effect on polyphosphoinositide metabolism in brain 3243
- Halothane  
in vivo spin-trapping of radicals formed during metabolism 1517
- Harmaline  
 influence on ability of pargyline to alter catecholamine metabolism in rats 1295
- Harmaline  
 inhibition of benzodiazepine receptor binding 3016  
 stimulation of hepatic epoxide hydrolase 651
- Harmol  
 glucuronidation and sulfation in rat in vivo 2569
- Heart  
 adenosine action in beating carp atrium 890  
 adenosine regulation of adenylate cyclase 369  
 effect of adrenochrome on calcium accumulation by mitochondria 157  
 $\beta$ -adrenoreceptors in 3361  
 adriamycin stimulation of NADPH-dependent lipid peroxidation 2797  
 effect of Bepridil on calcium binding to sarcolemma 2356  
 calcium antagonistic effects of 19394 897  
 effects of chlorpropamide and tolbutamide on adenylate cyclase 2861  
 effect of cyclic nucleotides on isolated ventricles 1475  
 daunorubicin-stimulated reactive oxygen metabolism in sarcosomes 259  
 effects of glucagon on calcium outflow exchange 1407  
 hypertrophic, taurine uptake on sarcolemma vesicles 693  
 inhibition of superoxide dismutase by diethyldithiocarbamate 2174  
 mechanism of action of glycosides 3261  
 mechanisms of stimulation by 5-hydroxytryptamine 2703  
 mechanism of toxic action of hyperbaric oxygenation on mitochondria 1753  
 no evidence for reverse trans-synaptic regulation of neuronal uptake by  $\beta$ -adrenoreceptors in atria 1439  
 noradrenaline uptake into storage vesicles, pH dependence 2872  
 protective effects of verapamil and diltiazem against inorganic phosphate induced impairment of oxidative phosphorylation in isolated mitochondria 2603  
 taurine level in, combined effects of guanidine ethanesulfonate and isoproterenol or methoxamine 1698  
 taurine uptake systems 77

 inhibition of diamine oxidase 3121
- Hydroxybenzylpindolol  
 binding in heart of hypertensive  
 rats 385
- 2-Hydroxybiphenyl  
 sulphation by intestine cytosol  
 fraction 2409
- 4-Hydroxybiphenyl  
 sulphation by intestine cytosol  
 fraction 2409
- 6 $\beta$ -Hydroxycortisol  
 urinary secretion in marmoset monkey,  
 effect of 3-methylcholanthrene  
 2131
- 4-Hydroxycyclophosphamide/aldophosph-  
 amide  
 oxidation to carboxyphosphamide,  
 inhibition by cyanamide 2065
- 6-Hydroxydopamine  
 effect of iron-chelators on oxidation  
 of 2945  
 effect of superoxide dismutase and  
 catalase on autoxidation of 2279
- 2-Hydroxyestradiol-17 $\beta$   
 inhibition of liver microsomal  
 activation of carbon tetrachloride,  
 influence of oxygen 319
- 1'-Hydroxyestragole-  
 formation from estragole in mouse  
 and rat 1383
- 2-Hydroxyethyl-mercapturic acid  
 formation from 1,2-dibromoethane in  
 rat, effect of disulfiram 2983
- 7-O-( $\beta$ -Hydroxyethyl)-quercetin  
 effect on metabolism of cultured  
 monkey epithelial cells 3065
- Q-( $\beta$ -Hydroxyethyl)-rutosides  
 effect on haemolytic action of  
 amphiphilic substances 2287
- 5-Hydroxyindole acetic acid  
 in brain, effect of caroxazone and  
 tranylcypromine 2728
- 3-Hydroxy-3-methylglutaryl-CoA  
 in liver, effect of dietary pectin  
 and cellulose 2553
- 5-Hydroxy-N-methyltryptamine  
 as monoamine oxidase substrate 1353
- 4-Hydroxyphenobarbital  
 glucuronidation by human liver  
 microsomes 2507
- N-Hydroxyphentermine  
 oxidation by liver microsomes 1115
- 17 $\alpha$ -Hydroxyprogesterone aldolase  
 in testes, effects of ethanol and  
 acetaldehyde 1827
- 8-Hydroxyquinoline  
 effect on inhibition of ribonucleotide  
 reductase 979
- 3 $\beta$ -Hydroxy- $\Delta^5$ -steroid dehydrogenase/  
 3-oxosteroid  $\Delta^5$ - $\Delta^4$  isomerase  
 complex  
 in testes, effects of ethanol and  
 acetaldehyde 1827
- 11-Hydroxy- $\Delta^9$ -tetrahydrocannabinol  
 effect on cell proliferation 31  
 effect on chromatin structure and  
 function in human cells 45
- 5-Hydroxytryptamine  
 abnormality as determinant of  
 seizure susceptibility and  
 intensity in genetic models of  
 epilepsy 3137  
 in brain,  
 effect of caroxazone and  
 tranylcypromine 2728  
 effect of injectable and oral  
 contraceptive steroids 1581  
 interaction with substance-P  
 1071  
 cardiac stimulation by 2703  
 induced foot edema, effect of  
 superoxide dismutase and protein  
 synthesis inhibitors 1791  
 internalization as a consequence of  
 its association with human  
 platelets at 00 2622  
 mechanisms influencing disposition  
 in lung 3187  
 monoamine oxidase substrate 1353  
 release from platelets after  
 12-deoxyphorbophenylacetate  
 stimulation 2691  
 secretion by platelets, effects of  
 strontium ions 635  
 uptake by chromaffin granules,  
 effect of amantadine 763  
 uptake and metabolism by cultured  
 vascular cells 2209
- 5-Hydroxytryptophan  
 effect on 5-hydroxytryptamine and  
 substance-P in brain 1071
- 5-Hydroxytryptophan decarboxylase  
 in rat tissues and serum 645
- Hydroxyurea  
 inhibition of ribonucleotide  
 reductase, effect of iron-  
 chelating agents 979
- Hyperoxia  
 effect on heart mitochondria 1753  
 effect on pulmonary metabolism of  
 newborn rats 341
- Hypertension  
 effects of angiotensin converting  
 enzyme inhibitors 1869  
 comparison of  $\beta$ -adrenergic receptors  
 and the adenylate cyclase  
 system with muscarinic receptors  
 and guanylate cyclase activities  
 in heart 385  
 effect on hepatic microsomal drug  
 metabolism 678  
 polyphosphoinositide metabolism in  
 erythrocytes 833
- Hypoglycaemia  
 insulin, effect of gold thioglucose  
 lesions on convulsions 3231
- Hypoglycin  
 antagonism of toxicity by glycine  
 2817
- Hypophosphate  
 cellular toxicity 1005

- Hypothalamic nuclei  
monoamine oxidase type B activity  
toward  $\beta$ -phenylethylamine in 893
- Hypothalamus  
 $\alpha$ -adrenergic receptor subtypes in 565  
antagonism by L-DOPA of elevation of  
adrenaline by monoamine oxidase  
inhibition 3023
- Hypoxanthine phosphoribosyl transferase  
in human colon carcinoma 793
- Hypoxia  
ATP levels in brain, effect of  
indoramin and other drugs 1605  
effects of drug metabolism 1019
- Ibuprofen  
effect on retinoic acid toxicity in  
mice 1714
- ICI-74917  
inhibition of human leucocyte  
alkaline phosphatase 217
- Ileum  
opiate receptors 1883
- Imidazoles  
as inhibitors of cytochrome P-450  
dependent oxidation and activators  
of epoxide hydrolase in hepatic  
microsomes from marine fish 2876
- Imidocarb  
treatment of Trypanosoma brucei  
infections in mice, effect of  
polyamines 883
- Imipramine  
binding to  $\alpha$ 1-acid glycoprotein 2435  
effect on histamine receptor-linked  
adenylate cyclase in brain 2182  
interaction with the ionic channel of  
acetylcholine receptor of motor  
endplate and electric organ 1391  
effect on lysosomal phospholipases  
A and C 1121
- Imidazoles  
modulation of acceptance of tRNA  
for amino acids 2679
- Immunosuppression  
toxicity of Cyclosporin A 3311
- Indole  
binding site in human serum albumin  
687  
effect on dimethylnitrosamine  
demethylation 2007  
effect on microsomal enzymes 517
- Indoleamine-N-methyltransferase  
in brain, effect of neuroleptics 571
- Indoleamines  
as monoamine oxidase substrates 1353
- Indole derivatives  
inhibition of benzodiazepine receptor  
binding 3016
- Indomethacin  
cytostatic activity in cell cultures  
807  
effect on glycosaminoglycan  
metabolism during development of  
osteoarthritis 2135  
effect on lipid metabolism in  
Schistosoma mansoni 3337  
effect on proteoglycan degradation  
in cartilage in organ culture 459  
effect on retinoic acid toxicity  
in mice 1714  
effect on synthesis and release of
- Indomethacin(contd.)  
macrophage enzymes 2147
- Indoramin  
effect on ATP in normal and  
hypoxic brain 1605
- Inflammation  
production of slow reacting  
substance 1781  
vascular permeability regulating  
proteins 1791
- Inhibition constants  
for conventional and alternate-  
substrate inhibitors 1
- Inosine  
inhibition of GABA-stimulated  
diazepam binding 2171
- Insulin  
in plasma of islet-activating  
protein treated rats, effect of  
histamine 3305  
release from isolated islets, effect  
of nifedipine and related drugs  
1039
- Insulin hypoglycaemia  
induced convulsions, effect of  
gold thioglucose lesions 3231
- Interferon  
in serum of encephalomyocarditis  
virus-infected mice 2333
- Intestinal microflora  
role in metabolism of mercapturic  
acid pathway intermediates 1839
- Intestine  
comparison of rat and guinea pig  
microsomal enzymes and of rat  
crypt and villous tip cell  
enzymes 2415  
desensitization of ionophore A23187  
responses by muscarinic receptor  
stimulation 95  
effect of dietary fibre on mixed-  
function oxidation 2553  
differential effects of Tris and  
sodium salts of 5-fluorouracil  
on absorption 201  
ethanol oxidation in 542  
effect of loperamide on ion fluxes  
across colon 3371  
sulfotransferases in cytosol  
fraction 2409  
uptake of quaternary ammonium  
compounds into brush border  
membrane vesicles 2637
- Iodoxybenzylpindolol  
binding to pineal  $\beta$ -adrenergic  
receptors, effect of fluorine  
analogues of noradrenaline 1085
- 5'-Iodotubercidin  
effect on adenosine metabolism in  
polymorphonuclear leukocytes  
2611
- Ionomycin  
correlation between secretion of  
dopamine  $\beta$ -hydroxylase and  
catecholamines from adrenal  
medulla cells 3246
- Ionophore A23187  
desensitization of responses by  
muscarinic receptor stimulation  
in intestinal smooth muscle 95
- Ionophores X-537A and X-14547A  
mediated catecholamine release from  
chromaffin granules 3277

- Iris**  
effects of Na<sup>+</sup> and acetylcholine on phospholipid and phosphoprotein phosphate turnover in smooth muscle 1371
- Iron**  
effect on Na<sup>+</sup>,K<sup>+</sup>-ATPase in brain microsomes 427  
catalysis of 6-hydroxydopamine autoxidation 2279  
in spleen, effect of  $\Lambda$ -carrageenan injection 2353  
in thymus, spleen, liver and kidney after cadmium loading 1217
- Iron chelators**  
effect on catecholamine oxidation 2945  
effect on inhibitors of ribonucleotide K<sub>1</sub> reductase 979
- Ischaemia**  
effect on brain mitochondrial enzymes after pretreatment with vincamine, trimetazidine and suloctidil 2399
- Islet-activating protein**  
histamine-induced hyperinsulinaemia in treated rats 3305
- Isocarboxazid**  
effect on tryptophan pyrrolase in liver 1211
- Isocitrate dehydrogenase**  
in adrenal, effect of chlorpromazine and desipramine 3365  
in heart mitochondria, effect of hyperoxia 1753
- Isogabaculine**  
pharmacological effects 817
- Isoniazid**  
inhibition of microsomal drug metabolism 1651  
pharmacological effects 817  
potentiation of hydralazine-induced convulsions 1155
- Isonicotinic acid hydrazide**  
effect on dopamine receptor binding in striatum 907
- Isopropanol**  
oxidation by rat liver microsomes 825
- Isoproterenol**  
binding to reticulocytes and erythrocyte membranes, effect of guanine nucleotides 531  
effect on cyclic AMP in brain regions in vivo 3377  
and guanidinoethanesulfonate, effect on taurine in rat tissues 1698  
in vivo decrease of adenylate cyclase responsiveness to in hypertensive rats 2503
- Isoquinoline**  
stimulation of hepatic epoxide hydrolase 651
- Isoquinoline derivative BIIA**  
inhibition of Na<sup>+</sup>,K<sup>+</sup>-ATPase 611
- Isoxepac**  
conjugate patterns in urine 3381
- Isoxsuprine**  
decreased suspension viscosity of erythrocytes 2057
- Kallikrein**  
glandular, in plasma 1731
- Kallikrein(contd.)**  
metabolism by perfused liver 1065  
Kallikrein-generating activity evoked by mast cells following treatment with adrenaline, 8-bromo-cyclic GMP or compound 48/80 481
- Ketamine**  
effect on thermotropic properties of calf brain lipids 1777  
Ketamine hydrochloride  
effect on oxidative phosphorylation in liver mitochondria 2165
- $\alpha$ -Ketobutyrate**  
conversion to  $\alpha$ -amino-n-butyric acid in hepatocytes, effect of ethanol 3128
- meanings for conventional and alternate-substrate inhibitors 1**
- Kidney**  
effect of 3-aminopicolinic acid on ammonia-genesis 1895  
Na<sup>+</sup>,K<sup>+</sup>-ATPase activity after ethanolic lead ingestion 2293  
benzamil binding 1175  
extraction of binding component from cell membrane 1185  
clearance and metabolism of glandular kallikrein from plasma 1731  
content of mercury in chromatin and level of metallothionein proteins 2177  
effects of Cyclosporin A 3311  
depletion of reduced non-protein sulfhydryl groups 2265  
effect of dimercaptosuccinate on subcellular distribution of Cd<sup>2+</sup>, Zn<sup>2+</sup> and Cu<sup>2+</sup> in Cd<sup>2+</sup> pretreated rat 2427  
7-ethoxycoumarin metabolism in isolated viable cells, effect of Aroclor 1254 1197  
effect of gentamicin on subcellular distribution of  $\beta$ -N-acetyl-glucosaminidase 2945  
metabolism in after cadmium loading 1217  
effect of vanadate on p-amino-hippurate accumulation 2141
- Kidney epithelial cells**  
effects of aldose reductase inhibitors on metabolism of 3065
- Kinin**  
induced foot edema, effect of superoxide dismutase and protein synthesis inhibitors 1791  
releasing activity of liver perfusates 1065
- K8 1124**  
histamine and 35S release from isolated mast cells 1693
- Kojicamine**  
effect on dopamine receptor binding in striatum 907
- Krebs II ascites cells**  
effects of chlorpromazine on phospholipid synthesis 293
- Kynureninase**  
in hepatocytes, effects of benzerazide and carbidopa 623

 toxicity of carrier-bound  
 methotrexate 2545
- Lymphoma  
 L5178y, effect of bestatin on  
 polysome assembly 3375  
 TLX55 and TLX5R, toxicity of triazenes  
 89
- Lysine  
 modification during suicide  
 inactivation of liver cytochrome  
 P-450 by chloramphenicol 875
- Lysyl lysine  
 inhibition by hydralazine 3125
- α1-Macroglobulin  
 anti-inflammatory action of  
 progesterone 639
- Macrophages  
 effect of anti-inflammatory and  
 anti-rheumatic agents on synthesis,  
 secretion and activity of  
 enzymes 2147  
 induction of selective acid hydrolase  
 release during exposure to  
 chloroquine and quinine 629
- Magnesium  
 in spleen, effect of λ-carrageenan  
 injection 2353  
 in thymus, spleen, liver and kidney  
 after cadmium loading 1217
- Malate dehydrogenase  
 in adrenal, effect of chlorpromazine  
 and desipramine 3365  
 in brain, effects of ischaemia and  
 drugs 2399
- Mammary fibroblasts  
 aryl hydrocarbon hydroxylase in  
 1873
- Mammary tumour  
 7,12-dimethylbenz[a]anthracene  
 produced, effects of indole and  
 tryptophan 517  
 synergistic effect of 5-fluorouracil
- Mammary carcinoma(contd.)  
 and N-(phosphonacetyl)-L-  
 aspartate 2045
- Manganese  
 effect on dopamine uptake by  
 synaptosomes from forebrain and  
 striatum 3123  
 effect on methylation of phospho-  
 lipids in synaptosomal  
 membrane 1704  
 in thymus, spleen, liver and  
 kidney after cadmium loading  
 1217  
 uptake and release by striatal  
 slices 1833
- Manganese-bilirubin  
 induced cholestasis, hepatocellular  
 membrane alterations 2305
- Mannitol  
 effect on synovial fluid viscosity  
 fall induced by u.v. illumination  
 1805
- Maprotiline  
 effect on histamine receptor  
 linked adenylate cyclase in  
 brain 2182
- Marijuana  
 glaucoma therapy 103
- Marrow cells  
 toxicity of carrier-bound  
 methotrexate 2545
- Mast cells  
 compound 48/80 interaction 227,1587  
 histamine and 35S release due  
 to K<sub>8</sub> 1124 1693  
 histidine transport 1271  
 kininogen-depleting activity 481  
 lectin-induced histamine secretion  
 2179  
 phosphorylation of a protein in  
 response to drugs that inhibit  
 secretion 2737  
 reversible swelling evoked by  
 adrenaline and 8-bromo-cyclic GMP  
 469  
 somatostatin-induced phosphorylation  
 of proteins 2735
- Mastocytoma  
 compound 48/80 interaction 277, 283,  
 1587
- Mastocytoma P-815 cells  
 PGE<sub>1</sub> binding and cyclic AMP  
 accumulation 1325
- Maytansinoids  
 antitubulin activities 2421  
 binding to tubulin 3239
- M and B 22948  
 inhibition of human leucocyte  
 alkaline phosphatase 217
- Medroxyprogesterone acetate  
 effect on neurotransmitters in  
 rat brain 1581
- Mefloquine  
 interaction with haemin, antimalarial  
 activity 3323
- Melanin  
 chlorpromazine and chloroquine  
 binding in vivo 1845
- Membrane fluidities  
 spin-label study 277  
 effect of suloctidil 313
- 2-Mercaptoethanol  
 effect on glutamate decarboxylase

- 2-Mercaptoethanol (contd.)  
activity 1855
- Mercurials  
modifiers of toxicity in goldfish 3105
- Mercuric chloride  
inhibition of lipooxygenase 1677
- Mercury  
in chromatin and level of metallo-thionein proteins in kidney and liver 2177
- Mesenteric vasculature  
phospholipase inhibition and mechanism of angiotensin-induced prostacyclin release 2121
- Mesolimbic dopaminergic nerve terminals  
effect of ethanol 2157
- Metallothionein  
induction in liver following injection of  $\lambda$ -carrageenan 2353  
in kidney, content of mercury in chromatin 2177  
in liver,  
content of mercury in chromatin 2177  
neonatal 721  
protective role against cadmium induced inhibition of mixed-function oxidases 3095  
in thymus and spleen after cadmium loading 1217
- Metaraminol  
formation of  $\alpha$ -methylnorepinephrine in guinea pigs 2831
- Methaemoglobin  
formation induced by chlorinated p-nitrobiphenyl ether 3341
- Methaemoglobinaemia  
nitro-compound induced, involvement of gastro-intestinal microflora 931
- Methamphetamine  
effect of chronic treatment and withdrawal on catecholamines in brain 1543
- Methionine  
effect on glutathione and cytochrome P-450 in cultured hepatocytes 2739  
influence on aminopyrine breath test 1421
- Methionine sulfoximine  
effect on cerebral ATPases 2127
- Methotrexate  
carrier-bound, differential toxicity toward human lymphocytes, marrow and tumour cells 2545  
effect on 5-fluorouracil metabolism and cytotoxicity 2469  
effect on (5-fluorouracil)RNA formation in human lymphoblasts 129  
inhibited dihydrofolate reductase, kinetic parameters 1507  
interaction with arabinosylcytosine in hepatoma cells 223  
purine influence on antitumour effect of 869  
transport by cultured human breast cancer cells 1537
- Methotrexate polyglutamates  
in cultured human breast cancer cells, HPLC analysis 1387
- Methoxamine  
and guanidinoethane sulfonate, effect on taurine in rat tissues 1698
- 4-Methoxybiphenyl  
O-demethylation in liver microsomes 1915
- Methoxychlor metabolites  
estrogenic activities of 2869
- 5-Methoxy-N,N-dimethyltryptamine  
as monoamine oxidase substrate 1353
- 5-Methoxytryptamine  
as monoamine oxidase substrate 1353
- Methyl-acceptor proteins 1163
- 4-Methyl-5-aminoisoquinoline thiosemicarbazone  
inhibition of ribonucleotide reductase, effect of iron-chelating agents 979
- 7-Methylbenz[c]acridine  
hepatic microsomal metabolism 2685
- Methylcellulose  
effect on glutathione in liver 589
- 3-Methylcholanthrene  
effect on benzo[a]pyrene metabolites produced by liver microsomes 1337  
effect on dimethylnitrosamine demethylation 2077  
effect on glucuronidation in liver microsomes 1457  
effect on lipid peroxidation in mice 2513  
effect on urinary 6 $\beta$ -hydroxycortisol excretion and hepatic enzyme activity in marmoset monkey 2131
- N-Methyl containing anti-tumour drugs  
<sup>14</sup>C02 breath analysis after administration of 1245
- Methyldepropine  
uptake into intestinal brush border membrane vesicles 2637
- cis-2-Methyl-4-dimethyl-aminomethyl-1,3-dioxolane methiodide  
desensitization of ionophore A23187 responses in intestinal smooth muscle 95
- Methylene hydroxydiphosphonate  
cellular toxicity 1005
- Methylesterase  
protein carboxymethylation 1163
- Methylfolate  
hepatic secretion into bile, effect of alcohol 96
- Methylglyoxal-bis(guanylhydrazone)  
action on isolated rat liver mitochondria 2851
- 6-Methylmercaptopurine riboside  
effect on 5-fluorouracil metabolism and cytotoxicity 2469  
effect on (5-fluorouracil)RNA formation in human lymphocytes 129
- Methylmercuric chloride  
inhibition of lipooxygenase 1677  
mobilization from erythrocytes by chelating agents 667
- Methylmercuric iodide  
inhibition of lipooxygenase 1677
- Methylmercury - selenium complex  
involvement of tissue sulphydryls in formation of 3159
- $\alpha$ -Methyl-p-myristyroxycinnamic acid-

- $\alpha$ -Methyl- $\beta$ -myristyroxycinnamic acid-  
 1-monoglyceride  
 induction of peroxisomal enzymes  
 in liver 1817  
 2-Methyl-2-nitro-1-phenylpropane  
 formation from  $N$ -hydroxyphenyltermine  
 by liver microsomes 1115  
 $\alpha$ -Methylnorepinephrine  
 formation from metaraminol in  
 guinea pigs 2831  
 Methylprednisolone esters  
 hydrolysing enzymes in liver  
 microsomes 2051  
 5'-Methylthioadenosine phosphorylase  
 in Sarcoma 180 cells, 5'-deoxy-  
 adenosine as substrate 189  
 Methyltransferases  
 in synaptosomal membrane, effect of  
 metal ions 1704  
 $N$ -Methyltryptamine  
 as monoamine oxidase substrate 1353  
 $\alpha$ -Methyl- $\mu$ -tyrosine  
 depletion of cerebral dopamine and  
 noradrenaline, antagonism by  
 amfonelic acid 2025  
 Metrizamide  
 inhibition of yeast hexokinase 1135  
 Metyrapone  
 effect on  $O$ -demethylation of  
 chlorotrianisene 2203  
 Mianserin  
 effect on histamine receptor-linked  
 adenylate cyclase in brain 2182  
 effect on tryptophan in brain 1211  
 Microtubules  
 A31 cells, effect of ansamitocins and  
 maytansinoids 2421  
 role in hepatic secretion 1629  
 Misonidazole  
 and derivatives, reduction by  
 xanthine oxidase 849  
 induced thymidine release from DNA  
 1925  
 Mitochondria  
 bone marrow, effect of gold compounds  
 and carriers 3181  
 brain, effects of ischaemia and  
 drugs on enzymes in 2399  
 chloroma tumour, effect of gold  
 compounds and carriers 3181  
 heart,  
 effects of hyperbaric oxygenation  
 1753  
 protective effects of verapamil  
 and diltiazem against inorganic  
 phosphate induced impairment of  
 oxidative phosphorylation 2603  
 effects of superoxide dismutase  
 inhibition on function of 2174  
 liver,  
 action of bis(guanylhydrazones)  
 2851  
 effect of gold compounds and  
 carriers 3181  
 effect of ketamine hydrochloride  
 on oxidative phosphorylation 2165  
 mechanism of capsaicin action 735  
 effect of propanidid on oxidative  
 phosphorylation and calcium  
 transport 1921  
 Mitomycin  
 effect on phage 2C-DNA 489  
 Mitomycin C - DNA  
 Mitomycin C - DNA  
 inhibition of DNA polymerases and  
 terminal deoxynucleotidyl  
 transferase 299  
 Molindone  
 binding to  $\alpha$ 1-acid glycoprotein  
 2435  
 Monkey (*Callithrix jacchus*)  
 effect of 3-methylcholanthrene on  
 urinary excretion and hepatic  
 enzyme activity 2131  
 Monoamine oxidase  
 in brain  
 effect of caroxazone 2728  
 germ-free rats, inhibition by  
 furazolidone 2496  
 effect of harmaline on inhibition  
 by pargyline 1295  
 perfused 959  
 effect of Triton X-100 and bile  
 salts 3151  
 in human platelets, kinetics 2893  
 effects of hypoxia 1019  
 in liver,  
 biogenic indoleamines as  
 substrates 1353  
 deuterium isotope effects on  
 deamination of trace amines 3089  
 germ-free rats, inhibition by  
 furazolidone 2496  
 effect of Triton X-100 1283  
 tyramine oxidation 3329  
 role in uptake of catecholamines  
 into synaptosomes 2777  
 in vascular endothelial and smooth  
 muscle cells 2209  
 Monoamine oxidase B  
 activity toward  $\beta$ -phenylethylamine  
 in discrete hypothalamic and  
 circumventricular nuclei 893  
 in brain, selective inhibition by  
 phenylhydrazine 945  
 Monoamine oxidase inhibition  
 elevation of hypothalamic adrenaline,  
 antagonism by L-DOPA 3023  
 Monoamines  
 deamination by pig dental pulp 403  
 Morin  
 inhibition of aldehyde reductase  
 from ox brain 1191  
 Morphine  
 analgesia in naive and tolerant  
 rats, effect of amitriptyline  
 2103  
 effect on brain microsomal cytochrome  
 P-450 system 1142  
 effect on cyclic AMP in plasma 2217  
 effect on etorphine-naloxone PA2  
 values in mice 147  
 effect on hepatic heme and  
 cytochrome P-450 *in vivo* 1529  
 interaction with synaptosomal  
 calcium transport 674  
 nuclear protein kinase regulation  
 of RNA polymerase during  
 tolerance-dependence 2313  
 effect of tolerance development on  
 distribution of GABA receptors  
 in brain 2187  
 Morris hepatomas  
 drug metabolism increase adjacent  
 to 971  
 Mucopolysaccharides

- Mucopolysaccharides  
isolation from thymus 1077
- Muscarinic receptor  
adrenal, role of cyclic GMP in catecholamine secretion 855  
brain,  
interaction with chlorpromazine 2493  
response to chronic administration of carbamate and organophosphates 2365  
effects of tityus toxin and sensory stimulation 2713  
in choriocarcinoma cells 967  
in heart of spontaneously hypertensive rats 385  
in ileum, response to chronic administration of carbamate and organophosphates 2365  
in intestinal smooth muscle, desensitisation of ionophore A23187 responses by stimulation of 95  
molecular basis of neurotransmission at 2887
- Muscimol  
binding in brain regions, morphine tolerant mice 2187  
enhancement of diazepam binding in brain 1573
- Muscle  
skeletal, chick embryo, effect of curare on development of 1501  
smooth,  
blockade by trifluoperazine of some actions of phenylephrine 2873  
ureter, resistance of a phosphodiesterase in to inhibition by xanthines and papaverine 2371  
vascular, monoamine oxidase activity in cultured cells 2209
- Myoglobin - NO complex  
activation of hepatic guanylate cyclase 2531
- Myosin light chain kinase  
calmodulin-dependent 1395
- N-0164  
effect on cyclic AMP generation and hydrolysis in uterus 1941
- NAD  
in early chick embryos treated with organophosphate insecticides 2225
- NADPH  
dependent chloral hydrate reducing enzymes in liver cytosol 1931  
toxicity in a coupled microsomal-activating/embryo culture system 985
- Nafoxidine  
effect on metabolic changes in liver induced by estradiol 2485
- Naftidofuryl  
effect on ATP in normal and hypoxic brain 1605
- Nalidixic acid  
effect on phage 2C-DNA 489
- Naloxone  
effect on morphine action on hepatic heme and cytochrome P-450 1529  
morphine interaction 147
- Naphthalene  
hydroxylation by liver microsomes, effect of benzothiadiazoles 1483
- $\beta$ -Naphthoflavone  
effect on benzo[a]pyrene metabolites produced by liver microsomes 1337  
effect on dimethylnitrosamine demethylation 2007  
effect on hepatic mixed-function oxidase system 1043  
effect on metabolism of warfarin and phenprocouman by liver microsomes 3099
- Naphtho(2,3,4,5')-imidazole  
inhibition of cytochrome P-450 dependent oxidation and activation of epoxide hydrolase in hepatic microsomes from marine fish 2876
- 1-Naphthol  
conjugation by human bronchial carcinoma cell lines 3333
- Naphthylvinylpyridine  
effect on choline uptake and acetylation in hippocampus slices 1415
- Naringin-Cu(II)  
effect on reticulation of collagen fibrils 1771
- Nefopam  
in vitro biochemical effects 2847
- Neuroblastoma cells  
C-1300, effects of bromoacetate 1497  
NIE-115, role of cyclic GMP 2887
- Neuroleptics  
effect on indoleamine-N-methyltransferase activity and brain metabolism of bufotenin 571
- Neuronal hybrid cell line NCB-20  
prostacyclin receptors of 2041
- Neurons  
brain,  
effects of  $\lambda$ -aminolevulinic acid, porphobilinogen, amino acids and barbiturates on calcium accumulation 665  
inhibition of GABA uptake by analogues 3045
- Neurosecretion  
protein carboxymethylation as a regulator 1163
- Neurotransmission  
at muscarinic receptor, molecular basis 2887
- Neurotransmitters  
abnormalities as determinants of seizure susceptibility and intensity in genetic models of epilepsy 3137
- Ni<sup>2+</sup>  
binding to cartilage in vitro 2963
- Nicardipine hydrochloride  
inhibition of calcium influx in rabbit aorta 375
- Nicotinamide  
effect on NAD in early chick embryos treated with organophosphate insecticides 2225
- Nicotinamide aliphatic derivatives,  
effect on Na<sup>+</sup>,K<sup>+</sup>-ATPase in brain 3195
- Nicotine  
correlation between secretion of

- Nicotine (contd.)  
dopamine  $\beta$ -hydroxylase and catecholamines from stimulated adrenal medulla cells 3246
- Nicotinic cholinceptors  
in frog rectus abdominis muscle, effect of sodium bisulphite 395
- Nifedipine  
effect on human basophil histamine release 2867  
effect on insulin release by isolated islets 1039
- Nifurtimox  
mechanisms of toxicity in different forms of Trypanosoma cruzi 1947
- p-Nitroanisole  
demethylation by liver microsomes, fetal, inducibility 2901  
oxidation by rabbit lung, effect of glucose and metabolic inhibitors 379
- p-Nitroanisole O-demethylase  
in liver microsomes  
effect of NAK-105 in vivo 2759  
spontaneously hypertensive rats 678
- Nitroaromatic radiosensitizers  
nitroreductase-induced binding to unsaturated lipids 2921
- p-Nitrobenzoic acid reductase  
in liver microsomes, effect of pregnancy in rats 1223
- Nitro-compounds  
induced methaemoglobinaemia, involvement of gastro-intestinal microflora 931
- p-Nitrophenol  
conjugation in hepatocytes of normal and streptozotocin-diabetic rats, effects of glucose and fructose 2616
- 2-Nitro-1-phenylpropane  
metabolism by rabbit liver microsomes 2257
- 3-Nitro-1-propanol  
conversion to acrolein by alcohol dehydrogenase 2719
- Nitrosoacetoxymethylmethylaniline  
metabolism in liver microsomes 2767
- Nitrosobenzene  
methaemoglobin formation by 3341
- Nitrosocimetidine  
effect on DNA methylation in human cells 2864
- Nitrosyl-heme complexes  
activation of guanylate cyclase 2531
- Nocodazole  
inhibition of secretion of proteins and triacylglycerol from isolated hepatocytes 1629
- Nomifensine  
effect on dopamine uptake and release by striatal synaptosomes 2753
- Nonharman  
stimulation of hepatic epoxide hydrolase 651
- Non-protein sulphydryl groups  
depletion by organohalides 2265
- Noradrenaline  
abnormality as determinant of seizure susceptibility and intensity in genetic models of epilepsy 3137
- Noradrenaline (contd.)  
binding to liver plasma membranes 1665  
in brain, amfonelic acid antagonism of depletion by  $\alpha$ -methyl-m-tyrosine 2025  
effects of harmaline + pargyline 1295  
effect of methotrexate treatment and withdrawal 1543  
in brown fat of rats exhibiting diet-induced thermogenesis 1709  
cyclic AMP response in forebrain of male and female rats, effect of desipramine 3126  
in heart, effects of harmaline + pargyline 1295  
in hypothalamus, effect of L-DOPA on LY51641-induced increase 3023  
ionophore mediated release from chromaffin granules 3277  
effect of iron-chelators on autoxidation 2945  
no evidence for reverse trans-synaptic regulation of uptake by  $\beta$ -adrenoceptors in kitten atria 1439  
release from heart, effect of 5-hydroxytryptamine 2703  
stimulation of  $\text{Na}^+$ ,  $\text{K}^+$ -ATPase in brain 2368, 2389  
uptake into catecholamine storage vesicles from heart, brain and adrenal medulla, pH dependence 2872  
uptake into synaptic vesicles of caudate nucleus 1759  
uptake and metabolism in synaptosomes, role of monoamine oxidase 2777
- Noradrenaline-fluorine analogues  
effect on stimulation of cyclic AMP and binding to  $\beta$ -adrenergic receptors in pinealocytes 1085
- Noradrenaline N-methyltransferase  
in rat brain and rabbit adrenal, inhibition by 8,9-dichloro-2,3,4,5-tetrahydro-1H-2-benzazepine 1345
- Norethisterone acetate  
effect on neurotransmitters in rat brain 1581
- Novikoff rat hepatoma cells  
2-deoxycoformycin inhibition of adenosine phosphorylation 417
- NSD-1039, 1531 and 1024  
inhibition of diamine oxidase 3121
- Nucleoside deoxyribosyltransferase  
purified from Lactobacillus leichmannii, properties, synthesis of 2'-deoxyadenosine analogues 2663
- Nucleoside diphosphokinase  
in human colon carcinoma 793
- Octopamine  
uptake into synaptic vesicles of caudate nucleus 1759
- Olfactory tubercle  
effect of ethanol on dopamine synthesis 2157
- Opiate receptors

- Opiate receptors  
in peripheral tissue preparations 1883
- Opoid peptides  
reaction with acetaldehyde 1621
- Organophosphate  
inhibited acetylcholinesterase,  
effect of histidine modification  
on aging of 2915  
effect on muscarinic cholinceptors  
in brain and ileum 2365  
effect on NAD in early chick embryos 2225  
effect on plasma cyclic AMP in rats 2725
- Ornithine  
in brain, effect of  $\gamma$ -acetylenic  
GABA 305
- Osteoarthritic synovial fluid  
decrease of viscosity by u.v.  
illumination 1805
- Osteoarthritis  
effect of indomethacin on glycos-  
aminoglycan metabolism in  
development of 2135
- Ouabain  
mutants of HeLa cells resistant to 3039
- Ovarian tumour  
hexamethylmelamine binding to  
macromolecules in tumour and  
liver cells 1151
- Oxidative phosphorylation  
heart mitochondria, protective  
effects of verapamil and diltiazem  
against inorganic phosphate  
induced impairment 2603  
liver mitochondria,  
effect of ketamine hydrochloride 2165  
effect of propanidid 1921
- 6-Oxo-prostaglandin  $F_{1\alpha}$   
formation by ram seminal vesicle  
microsomes, effect of antioxidants 2811
- Oxygen  
and chlorphentermine, effect on  
pulmonary metabolism of newborn  
rats 341  
daunorubicin-stimulated metabolism  
in cardiac sarcosomes 259  
exposed endotoxin-treated rats,  
survival after paraquat 2319  
influence on inhibition of micro-  
somal activation of carbon  
tetrachloride by 2-hydroxy-  
estradiol-17 $\beta$  319
- Oxygen stress  
effects on heart mitochondria 1753
- Oxytetracycline  
effect of prolonged administration  
on tissue distribution and  
mitochondrial protein synthesis 1706
- Oxytocin  
effect of captopril 683
- Ozone  
protective effects of semicarbazide  
and p-aminobenzoic acid against  
toxicity 1033
- Palmitoyl-L-carnitine hydrolase  
in liver, effect of tiadenol and  
Palmitoyl-L-carnitine hydrolase (contd.)  
clofibrate 2251
- Palmitoyl-CoA hydrolase  
in liver, effect of tiadenol and  
clofibrate 2251
- Pancreatic islets  
adenosine uptake 2075  
effect of calcium antagonists on  
potassium conductance 3291
- Pantethine  
effect on toxicity of mercurials in  
goldfish 3105
- Pantothenate  
effect on toxicity of mercurials in  
goldfish 3105
- Papain  
effect on captopril 683
- Papaverine  
inhibition of separated forms of  
phosphodiesterase from canine  
ureter 2371
- Paraoxon  
effect on permeability of blood-  
brain barrier 2593
- Paraoxonase  
in sheep serum 903
- Paraquat  
binding to cartilage *in vitro* 2963  
induced alterations of phospholipids  
in liver, effect of SOD-active  
copper complexes 349  
role of lung antioxidant enzyme  
systems in prolonged survival 2319  
uptake by lung slices, effect of  
putrescine 1053
- Parbendazole  
inhibition of secretion of proteins  
and triacylglycerol from  
isolated hepatocytes 1629
- Parenchymal cells  
acetaldehyde and ethanol production  
in the presence of diethyl ether 1967  
endotoxin inhibition of dexamethas-  
one induction of tryptophan  
oxygenase 1999
- Pargyline  
inhibition of monoamine oxidase in  
brain, effect of harmaline 1295
- Parthenolide  
induction of DNA damage in HeLa S3  
cells 3005
- Pectin  
dietary, effect on hepatic and  
intestinal mixed-function  
oxidation 2553
- Pelargonidan  
inhibition of phosphodiesterases  
in lung 697
- Penicillamine  
interaction with methylmercuric  
chloride bound to erythrocytes 667  
effect on proteoglycan degradation  
in cartilage in organ culture 459  
effect on synthesis and secretion  
of macrophage enzymes 2147  
effect on vitamin B6 function in  
man 3051
- Penicillins  
hydrolysis by serine  $\beta$ -lactamases

- Penicillins (contd.)  
549
- 3-n-Pentadecyl catechol  
effect on ATPase activities 1133
- Pentamethylmelamine  
 $^{14}\text{CO}_2$  in breath after administration of 1245
- Pentobarbital  
effect of chronic administration on brain microsomal cytochrome P-450 system 1142  
effect on diazepam binding in brain 1573  
hydroxylation in liver microsomes, effect of phencyclidine 545  
stereoisomers, comparison of in vivo effects with effects in vitro on  $\text{K}^+$ -stimulated acetylcholine release 2619
- Pentobarbitone  
effect on calcium accumulation by cultured neurons 665
- Pentosan polysulfate  
inhibition of elastase in human polymorphonuclear leukocytes 703
- Pepstatin-dextran conjugate  
inhibition of proteinase-free human renin 2169
- Perhydrohistrionicotoxin  
binding to acetylcholine receptors, effects of imipramine 1391
- Peroxisomal palmitoyl-CoA oxidation in liver, effect of tiadenol and clofibrate 2251
- Peroxisomes  
liver, induction of enzymes by LK-903 1817
- Phenacaine  
effect on lymphocyte capping and energy metabolism 2989
- Phenacemide  
inhibition of aldehyde reductase from ox brain 1191
- Phenacetin  
O-deethylation by liver microsomes, human and rat 2451  
hepatotoxic metabolic activation 399
- Phenanthridine derivatives  
mutagenic properties 601
- Phencyclidine  
effect on hepatic mixed-function oxidases in the mouse 545
- Phenethylamine analogues  
inhibition of apomorphine binding in brain 3171
- Phenformin  
interaction with membranes 1613
- Phenidone  
inhibition of lipoxygenase 1677
- Phenobarbital  
effect on benzo(a)pyrene metabolites produced by liver microsomes 1337  
effect on 2,4-diaminoanazole metabolism and toxicity 2715  
effect on O-demethylation of chlorotrianisene 2203  
effect on dimethylnitrosamine demethylation 2007  
effect on drug metabolism in tumour-adjacent liver 971  
effect on glucuronidation in liver microsomes 1457
- Phenobarbital (contd.)  
induction of  $\gamma$ -glutamyltransferase in rat, guinea pig and rabbit 1563  
induction of monooxygenases in fetal liver 2901  
inhibition of intrasynaptosomal sequestration of calcium 3209  
effect on lipid peroxidation 2513  
metabolism by liver microsomes, inhibition by valproic acid 1361  
effect on phospholipid and sulfatide content of brain regions 1374
- Phenobarbitone  
effect on calcium accumulation by cultured neurons 665  
effect on GABA release in vivo and in vitro 363  
effect on metabolism of N-methyl containing antitumour agents 1245
- Phenol  
conjugation by rat lung 1551
- Phenolic compounds  
sulfation and glucuronidation in rat in vivo and in isolated hepatocytes 2569
- Phenothiazines  
correlation between calmodulin inhibition and membrane stabilization effects of 2031  
effect on guanylate and adenylate cyclases in Tetrahymena pyriformis 2709
- Phenoxybenzamine  
irreversible blockade of dopamine receptors 3031  
specific antibodies against 1685
- Phenprocoumon  
metabolic profiles as probes of hydrolase-inducing agents 3099  
stereochemical aspects of metabolism in rat liver microsomes 1785
- Phentolamine  
effect on ATP in normal and hypoxic brain 1605  
effect on ATPase activities in synaptosomes 1799
- Phenylalanine  
in brain, effect of  $\gamma$ -acetylenic GABA 305
- Phenylalkylamines  
cytochrome P-455 complex formation in metabolism by human liver microsomes 388
- Phenylbutazone  
mechanism for potentiation of warfarin 2443  
effect on proteoglycan degradation in cartilage in organ culture 459  
effect on warfarin binding to HSA 1169
- 6-Phenylchroman-2-carboxylic acid  
effect on human platelet function 2013
- Phenylephrine  
blockade by trifluoperazine of some actions on liver and smooth muscle 2873
- Phenylethanolamine N-methyltransferase

- Phenylethanolamine N-methyltransferase  
in brain of spontaneously hyper-  
tensive rats, effect of  $\beta$ -blockers 2673
- $\beta$ -Phenylethylamine  
deuterium isotope effects on enzymatic  
oxidative deamination 3089  
metabolism by cultured vascular cells  
2209  
uptake into synaptic vesicles of  
caudate nucleus 1759
- Phenylethylamines  
effects on dopamine synthesis 141  
physico-chemical properties and  
uptake into synaptic vesicles of  
caudate nucleus 1759
- Phenylhydrazine  
inhibition of monoamine oxidase  
type B in human brain 945
- 4(5)-phenylimidazole  
inhibition of cytochrome P-450  
dependent oxidation and activation  
of epoxide hydrolase in hepatic  
microsomes from marine fish 2876
- Phenylloxirane  
glutathione S-conjugates of 390  
stereochemistry in oxidative  
metabolism by hepatic microsomes  
1695

chlorphentermine-induced in rat  
alveolar macrophages 165
- Phospholipids  
biosynthesis in Krebs ascites cells,  
effect of chlorpromazine 293  
in brain, interaction with  
anaesthetics 1777  
in brain regions, effect of  
barbiturate and ethanol 1374  
in heart mitochondria membrane,  
effect of hyperbaric oxygen 1753  
in liver,  
effect of paraquat and copper  
complexes 349  
effect of pregnancy in rats 1223  
metabolism in erythrocytes of  
spontaneously hypertensive rats  
833  
methylation in human platelets 2089  
in synaptosomal membrane, effect  
of metal ions on methylation  
1704  
turnover in iris smooth muscle,  
effects of  $\text{Na}^+$  and acetylcholine  
1371
- Phosphonacetic acid  
cellular toxicity 1005
- N-Phosphonoacetyl-L-aspartate  
effect on 5-fluorouracil incorporat-  
ion into human lymphoblast RNA  
129  
effect on human mammary carcinoma  
in combination with 5-fluoro-  
uracil 2045
- Phosphonoformic acid  
cellular toxicity 1005
- Phosphoprotein  
phosphate turnover in iris smooth  
muscle, effects of  $\text{Na}^+$  and  
acetylcholine 1371
- Phosphorylase b kinase  
effect of calmodulin 1395
- Physostigmine  
effect on muscarinic cholinergic  
in brain and ileum 2365
- Picrotoxin  
effect on diazepam binding in brain  
1573
- Pimozide  
effect on polyphosphoinositide  
metabolism in brain 3243
- Pineal gland  
aromatic L-amino acid decarboxylase  
in 645  
effect of isoproterenol on cyclic  
AMP in 3377
- Pinealocytes  
 $\beta$ -adrenergic receptors and  
fluoronoradrenalin 1085
- Piperidine n-alkyl derivatives  
effect on  $\text{Na}^+$ ,  $\text{K}^+$ -ATPase in brain  
3195
- Piracetam  
effect on ATP in normal and  
hypoxic brain 1605
- Pirimiphos-methyloxonase  
in sheep serum 905
- Pituitary  
effect of isoproterenol on cyclic  
AMP in 3377

- Placenta  
 glutathione S-transferase in 1859  
 effect of heparin on subcellular  
 distribution of 7-ethoxycoumarin-  
 O-deethylase 3254  
 monooxygenase activities in microsomes  
 effect of maternal smoking 757
- Plasmin  
 clearance from rat liver perfusates  
 1065
- platelet-activating factor 263
- Platelets  
 effect of calcium antagonists on  
 secretion and metabolism 523  
 effects of clofibrate and 6-substituted  
 chroman analogues on function  
 of 2013  
 effect of clonidine-like hypotensive  
 drugs on aggregation of 1359  
 12-deoxyphorbophenylacetate induced  
 aggregation 2691  
 mechanisms of aggregation 263  
 monoamine oxidase in 2893  
 phospholipid methylation in 2089  
 reversibility of 5-hydroxytryptamine  
 binding 2622  
 effect of stereoisomers of trimeto-  
 quinol on function of 2237  
 effect of strontium ions on throm-  
 boxane B<sub>2</sub> production and  
 5-hydroxytryptamine secretion 635  
 effects of sulphinpyrazone and  
 aspirin on cyclo-oxygenase  
 activity 2773  
 effect of ticlopidine on arachidonic  
 acid metabolism 1463  
 tyramine uptake 709
- Poison ivy  
 effect of urushiol compounds on  
 ATPase activities 1133
- Polyamines  
 antagonism of curative effects of  
 $\alpha$ -difluoromethylornithine in  
Trypanosoma brucei infections 3010  
 prevention of curative effects of  
 amicarbalide and imidocarb for  
Trypanosoma brucei infections 883
- Polychlorinated biphenyls  
 enhancement of epoxide metabolizing  
 enzyme activities 1866  
 metabolism and toxicity in liver 577
- Polycyclic aromatic hydrocarbons  
 interaction with enzyme systems,  
 application of a geometric  
 parameter defining molecular  
 shapes 2337
- Polymorphonuclear leukocytes  
 fluoride-induced superoxide  
 production 1981  
 inhibition of elastase by gold  
 sodium thiomalate and pentosan  
 polysulfate 703  
 interaction of inhibitors with  
 adenosine metabolizing enzymes  
 2611
- Polyphosphoinositide  
 metabolism in brain, effect of  
 cationic amphiphilic drugs  
 in vitro 3243  
 metabolism in erythrocytes of  
 spontaneously hypertensive rats  
 833
- Polysomes  
 assembly in L5178y cells, effect  
 of bestatin 3375
- Porphobilinogen  
 effect on calcium accumulation by  
 cultured neurons 605
- Porphyria  
 induction by estrogens in male rats  
 fed hexachlorobenzene 1849
- Porphyria cutanea tarda 2825
- Porphyrin  
 in liver, effect of 2,3,7,8-tetra-  
 chlorodibenzo-p-dioxin 2825
- Potassium  
 conductance in islet cells, effect  
 of calcium antagonists 3291  
 effect on dopamine synthesis in  
 olfactory tubercle slices 2157  
 role in purine release from  
 cerebral cortex 1239  
 uptake by isolated brain capillaries  
 inhibition by steroids 241
- Prazosin  
 effect on ATP in normal and  
 hypoxic brain 1605  
 binding to liver plasma membranes  
 1665
- Pregnancy  
 drug metabolism, cytochrome P-450  
 spin state and phospholipid  
 changes in rats 1223  
 ethanol and psychotropic drug  
 interaction 2457  
 effect on glutathione S-transferase  
 in liver and placenta 1859
- Pregnenolone 16 $\alpha$ -carbonitrile  
 effect on hepatic mixed-function  
 oxidase system 1043  
 male and female rats 1091
- Prekallikrein  
 synthesis by perfused rat liver  
 1065
- Primaquine  
 effect on red cell metabolism 81
- Proadifen  
 effect on metabolism of N-methyl  
 containing antitumour agents  
 1245
- Procaine  
 effect on lymphocyte capping and  
 energy metabolism 2989
- Procarbazine  
<sup>14</sup>C02 in breath after administration  
 of 1245
- Progesterone  
 anti-inflammatory action 639
- Promethazine  
 effect on concentration of carbon  
 tetrachloride in blood and liver  
 and on production of chloroform  
 1443  
 effect on elimination of carbon  
 tetrachloride and chloroform in  
 expired air 1449  
 induced haemolysis, effect of  
 O-( $\beta$ -hydroxyethyl)rutosides 2287
- 1,2-Propanediol  
 effect on 2-fluorenylacetamide  
 binding to hepatic cytochrome  
 P-450 1253
- Propanidid  
 effect on oxidative phosphorylation  
 and calcium transport in liver

- Propanidid(contd.)  
 mitochondria 1921
- Propranolol  
 effect on ATPase activities in  
 synaptosomes 1799  
 binding to  $\alpha_1$ -acid glycoprotein 2435  
 effect on catecholamine synthesizing  
 enzymes in spontaneously hyper-  
 tensive rats 2673  
 effect on lymphocyte capping and  
 energy metabolism 2989  
 effect on lysosomal phospholipases  
 A and C 1121  
 effect on osmotic fragility of red  
 cells 839  
 effect on polyphosphoinositide  
 metabolism in brain 3243  
 effect on responsiveness of human  
 fibroblasts to cholera toxin and  
 prostaglandin E<sub>1</sub> 1263
- 2-Propyl-3-dimethylamino-5,6-  
 methylenedioxyindene  
 effect on platelet secretion and  
 metabolism 523
- Propylgallate  
 effect on formation of 6-oxo-PGF<sub>1 $\alpha$</sub>   
 by ram seminal vesicle microsomes  
 2811
- Prostacyclin  
 angiotensin-induced release from  
 mesenteric vasculature 2121
- Prostacyclin receptors  
 neuronal hybrid cell line 2041
- Prostacyclin synthetase  
 spectral evidence for cytochrome  
 P-450 nature of 2033
- Prostaglandin  
 biosynthesis in stomach strips,  
 effects of uric acid 2243  
 role in retinoic acid toxicity 1714  
 synthesis in platelets, effects of  
 clofibrate and 6-substituted  
 chroman analogues 2013
- Prostaglandin E<sub>1</sub>  
 effect on cyclic AMP accumulation in  
 mastocytoma cells 1325  
 response of human fibroblasts, effects  
 of d- and l-propranolol 1263  
 separation from its major metabolites  
 2953
- Prostaglandin E<sub>2</sub>  
 inhibition of cyclic AMP accumulation  
 in uterus, effect of N-0164 1941
- Prostaglandin endoperoxide analogues  
 induced platelet aggregation, effect  
 of trimetoquinol isomers 2237
- Prostaglandin endoperoxide H<sub>2</sub>  
 effect of antioxidants on 6-oxo-PGF<sub>1 $\alpha$</sub>   
 formation by ram seminal vesicle  
 microsomes 2811
- Prostaglandin synthetase  
 in seminal vesicles, inhibition by  
 F-776 3008
- Prostate gland  
 effect of cannabis on fructose and  
 citric acid in 273
- Protein  
 calmodulin dependent phosphorylation  
 1395  
 in mast cells  
 phosphorylation in response to  
 drugs that inhibit secretion  
 2737
- Protein  
 in mast cells(contd.)  
 somatostatin-induced phosphoryl-  
 ation 2735  
 secretion from hepatocytes,  
 inhibition by benzimidazole  
 carbamates 1629  
 synthesis in HeLa S3 cells, effect  
 of cannabinoids 31, 45  
 synthesis in liver, effect of  
 ethanol feeding 2377  
 synthesis in mitochondria from  
 rat tissues, effect of tetra-  
 cyclines 1706
- Protein carboxymethylation  
 role in regulation of cell functions  
 1163
- Protein kinase  
 cyclic AMP dependent, in heart,  
 effect of 5-hydroxytryptamine  
 2703  
 cyclic AMP and cyclic GMP dependent,  
 effect of cyclic nucleotide  
 derivatives on specificities of  
 509  
 regulation of RNA polymerases  
 during morphine tolerance-  
 dependence 2313
- Proteoglycan  
 degradation in cartilage, effect  
 of anti-inflammatory drugs 459
- Proteoglycan-degrading enzyme  
 in cartilage, effect of anti-  
 inflammatory and anti-rheumatic  
 agents on 2147
- Prothrombin  
 inhibition of synthesis by warfarin  
 enantiomers 1953  
 synthesis in liver, inhibition by  
 phenylbutazone 2443
- Prothrombin complex activity  
 effect of warfarin and brodifacoum  
 123
- Pteridines  
 adenosine antagonism 325

 adenosine antagonism 325  
 effect on arachidonic acid conversion  
 into prostanoids 2243  
 release from cerebral cortex 1239
- Purine salvage  
 impaired leukemia mutants, metho-  
 trexate action 869
- Purine salvage enzymes  
 in P388 and L1210 tumours, effect  
 of L-alanosine 915
- Purine synthesis inhibitors  
 effect on 5-fluorouracil metabolism  
 and cytotoxicity 2469
- Putrescine  
 accumulation into slices of rat  
 lung and brain 1053  
 antagonism of curative effects of  
 $\alpha$ -difluoromethylornithine in

- Putrescine(contd.)  
Trypanosoma brucei infections 3010
- Pyridine  
 stimulation of hepatic epoxide hydrolase 651
- 2-Pyridinealldoxime methochloride  
 effect on NAD in chick embryos treated with organophosphate insecticides 2225
- 7H Pyridocarbazole dimers  
 effect on tRNA aminoacylation 1557
- Pyridostigmine  
 effect on muscarinic cholinceptors in brain and ileum 2365
- Pyrimidine acyclonucleosides  
 inhibition of uridine phosphorylase 2097
- Pyrophosphate analogues  
 cellular toxicity 1005
- Pyruvate(glyoxylate)aminotransferase  
 in liver, effect of clofibrate
- Quaternary ammonium compounds  
 uptake into intestinal brush border membrane vesicles 2637
- Quercetin  
 effect on human basophil histamine release 2867  
 inhibition of aldehyde reductase from ox brain 1191
- Quinidine  
 effect on lymphocyte capping and energy metabolism 2989
- Quinine  
 induction of acid hydrolase release from macrophages 629
- Quinine-haemin interaction  
 relationship to antimalarial activity 3323
- Quinoline  
 stimulation of hepatic epoxide hydrolase 651
- Quinuclidinyl benzilate  
 binding in brain, effect of chlorpromazine 2493  
 binding in heart of hypertensive rats 385  
 muscarinic binding sites in choriocarcinoma cells 967  
 radioreceptor assay for atropine in plasma 209
- Radiosensitizers  
 nitroreductase-induced binding to unsaturated lipids 2921
- Raji cells  
 effect of nitrosocimetidine on DNA methylation 2864
- <sup>86</sup>Rb<sup>+</sup>  
 efflux from islet cells, effect of calcium antagonists 3291  
 uptake by isolated brain capillaries, effect of steroids 241  
 uptake by red blood cells, inhibition by steroid hormones 3001
- Rectus abdominis muscle  
 effect of sodium bisulfite on nicotinic cholinceptors 395
- Renin  
 inhibition by pepstatin-dextran conjugate 2169  
 lack of inhibition by human
- Renin(contd.)  
 des-angiotensin I renin substrate 2630
- Renovascular hypertension  
 effect of angiotensin converting enzyme inhibitors 1869
- Reserpine  
 restored in vitro sensitivity of adriamycin- and vincristine-resistant P388 leukemia 2191
- Reticulocytes  
 effect of GTP on  $\beta$ -adrenergic agonist binding 531
- Reticulo-endothelial system  
 phagocytic activity and rate of in vivo excretion of carbaryl metabolites and in vitro microsomal metabolism 669
- Retinoic acid  
 dose-dependent kinetics in rats 107  
 effect of non-steroidal anti-inflammatory drugs on toxicity in mice 1714
- Rheumatoid arthritis  
 vitamin B<sub>6</sub> deficiency in patients treated with penicillamine 3051
- 9- $\beta$ -D-Ribofuranosylpurine cyclic-3',5'-phosphates  
 effect on specificities of cyclic AMP and cyclic GMP dependent protein kinases 509
- Ribonucleic acid  
 in human lymphoblasts, enhancement of 5-fluorouracil incorporation 129  
 in liver, butylated hydroxytoluene binding 3132  
 polysomal in Ehrlich ascites cells, effects of sangivamycin and xylosyladenine on synthesis and methylation 2697  
 synthesis in HeLa S3 cells, effect of cannabinoids 31  
 synthesis in human mammary carcinoma, synergistic effect of 5-fluorouracil and N-(phosphonyl)-L-aspartate 2045
- rRibonucleic acid  
 maturation in Freind erythroleukemia cells, inhibition by 5-fluorouridine and toyocamycin 1861
- tRibonucleic acid  
 inhibition of aminoacylation by bifunctional intercalators 1557  
 modulation of acceptance for amino acids by alkyl-aryltriazenes and imidazoles 2679
- Ribonucleic acid polymerases  
 in brain, nuclear protein kinase regulation during morphine tolerance-dependence 2313  
 inhibition by ellipticine 2026
- Ribonucleotide reductase  
 effect of iron-chelating agents on inhibitors of 979
- Rifampicin  
 effect on duplication of B.subtilis phage 2C DNA 489  
 effect on hepatic mixed-function oxidase system 1043
- Rifamycin SV  
 effect of reduced glutathione on pharmacokinetics and distribution

- Rifamycin SV(contd.)  
     in rats 71  
 Ro5-3663  
     effect on diazepam binding in brain 1573  
 Ro 21,0960  
     interaction with haemin, antimalarial activity 3323  
 Ro 21-7634  
     phosphorylation of a single mast cell protein 2737

     urinary excretion, effect of ethanolic-lead ingestion 2293  
     Sodium bisulphite  
     effect on nicotinic cholinergic receptors in frog rectus abdominis muscle 395  
     Sodium dodecyl sulfate  
     induced haemolysis, effect of O-( $\beta$ -hydroxyethyl)rutosides 2287  
     Sodium-lithium  
     countertransport in erythrocytes, effect of lithium 2539  
     Soman  
     inhibition of cerebrum acetylcholinesterase isoenzymes 1369  
     effect on permeability of blood-brain barrier 2593

- Soman(contd.)  
effect on plasma cyclic AMP in rats 2725
- Somatostatin  
induced phosphorylation of mast cell proteins 2735
- Sorbitol  
metabolism of cultured kidney epithelial cells, effect of aldose reductase inhibitors 3065
- Soybean lipoxygenase inhibitors  
interaction with sulfhydryl agents 1677
- Sperm  
acetylcholine synthesis in 1521
- Spermidine  
antagonism of curative effects of  $\alpha$ -difluoromethylornithine in Trypanosoma brucei infections 3010  
prevention of curative effect of amicarbalide and imidocarb for Trypanosoma brucei infections 883
- Spermine  
antagonism of curative effects of  $\alpha$ -difluoromethylornithine in Trypanosoma brucei infections 3010  
prevention of curative effect of amicarbalide and imidocarb for Trypanosoma brucei infections 883
- Spin-label probes  
membrane fluidities and effect of compound 48/80 277, 283
- Spiroperidol  
binding to dopamine receptors, irreversible blockade with phenoxybenzamine 3031
- Spiroperidol  
d-butaclamol sensitive binding in striatum 1305
- Splenomegaly  
cadmium-induced, essential metals and metallothionein in 1217
- Spontaneously hypertensive rats  
alcohol-induced redox changes in liver 1277  
comparison of  $\beta$ -adrenergic receptors and the adenylate cyclase system with muscarinic receptors and guanylate cyclase activities in heart 385  
effect of chronic  $\beta$ -blockers on catecholamine synthesizing enzymes 2673  
hepatic microsomal drug metabolism in 678  
effect of isoproterenol on cyclic AMP levels in plasma 2503  
polyphosphoinositide metabolism in erythrocytes 833
- Stearic acid analogues  
spin-label study of membrane fluidities 277
- Stearyl-CoA desaturase  
in liver, effect of NKK-105 in vivo 2759
- Steroid hormone esterases  
in liver microsomes 2051
- Steroids  
digitalis-like activity 3001  
inhibition of potassium uptake by capillaries isolated from rat brain 241
- trans-Stilbene oxide  
trans-Stilbene oxide  
hydrolysing activity in liver submitochondrial fractions 2111
- Stibonium-choline  
synthesis and radioenzymatic assay 3003
- Stomach  
depletion of reduced non-protein sulfhydryl groups 2265  
ethanol oxidation in 542  
interaction of histamine with H<sub>2</sub>-receptors on mucosal cells 3013
- Streptozotocin  
distribution and interaction with nucleic acids and proteins 1907
- Streptozotocin diabetes  
effect on endotoxemia in mice 925
- Striatum  
dopamine receptors  
alterations with aging 1876  
solubilization 2197  
manganese uptake and release by slices 1833
- Strontium chloride  
effect on thromboxane B<sub>2</sub> production and 5-hydroxytryptamine secretion in platelets 635
- Styrene  
metabolism by liver microsomes, stereochemistry 1695
- Substance P  
immunoreactivity in dorsal raphe nucleus, effect of cocaine 1071
- Succinate dehydrogenase  
in adrenal, effect of chlorpromazine and desipramine 3365
- Succinic semialdehyde  
enzymes catalysing reduction in rat brain 741
- Sulfadimethoxine  
interaction with tolbutamide in rats 3347
- Sulfamethoxazole  
interaction with tolbutamide in rats 3347
- Sulfaphenazole  
interaction with tolbutamide in rats 3347
- Sulfate  
depletion after acetaminophen administration, replenishment by sodium sulfate or N-acetylcysteine 2723
- Sulfate conjugation  
of acetaminophen by perfused liver 1959  
availability of inorganic sulphate for in vivo 1973  
in hepatocytes from diabetic rats 2616
- Sulfated glycosaminoglycan  
production by neonatal dermal fibroblasts, effect of corticosterone 3285
- Sulfatide  
in brain regions, effect of barbiturates and ethanol 1374
- Sulfation - glucuronidation balance  
phenolic substrates in rat in vivo 2569
- Sulfotransferases  
in intestine 2409
- Sulfhydryl groups

- Sulfhydryl groups  
non-protein, depletion by organo-  
halides 2265
- Sulfhydryls  
involvement in interaction of selenium  
and methylmercury in rat tissues  
3159
- Sulfobromophthalein  
uptake by rat liver cells 1333
- Sulfonamide - tolbutamide  
interaction in rats, prediction from  
plasma protein binding and  
metabolism 3347
- Sulfonylureas  
effect on adenylate cyclase in  
heart and liver 2861
- Suloctidil  
effect on membrane fluidity 313  
effect on mitochondrial enzymes from  
ischaemic brain 2399
- Sulphinpyrazone  
prevention of inhibitory effect of  
aspirin on platelet cyclo-  
oxygenase activity 2773
- Superoxide  
fluoride-induced production in  
polymorphonuclear leukocytes 1981  
formation in cardiac sarcosomes,  
effect of daunorubicin 259
- Superoxide dismutase  
effect on autoxidation of 6-hydroxy-  
dopamine and 6-aminodopamine 2279  
in heart  
effect of hyperbaric oxygen 1753  
inhibition by diethyldithiocarbamate  
2174  
in lung, role in prolonged survival  
after paraquat 2319  
steroid-like anti-inflammatory  
effect in mice 1791  
effect on synovial fluid viscosity  
fall induced by u.v. illumination  
1805
- Superoxide dismutase active copper  
complexes  
effect on paraquat-induced alterations  
in liver phospholipids 349
- Synaptic membranes  
calcium sequestration, ethanol and  
pentobarbital inhibition 3209  
effect of metal ions on methylation of  
phospholipids 1704
- Synaptic vesicles  
adrenal, brain and heart, pH dependence  
of noradrenaline uptake 2872  
caudate nucleus, uptake of  
phenethylamines 1759  
GABA transport by 1105
- Synaptosome beds  
release of radiolabelled adenosine  
derivatives 2559
- Synaptosomes  
effects of  $\gamma$ -acetylenic GABA and  
 $\gamma$ -vinyl GABA on GABA release  
and uptake 1203  
effect of adrenergic agonists and  
antagonists on ATPases 1799  
calcium transport, interaction of  
narcotics 674  
catecholamine uptake and metabolism  
2777  
choline uptake and acetylcholine  
release, inhibition by adenosine
- Synaptosomes (contd.)  
derivatives 2732  
effect of chronic barbitol  
treatment on aldehyde reductase  
activity 2657  
dopamine uptake, effects of  
Cd<sup>2+</sup>, Mn<sup>2+</sup> and Al<sup>3+</sup> 3123  
dopamine uptake and release,  
effects of benztropine and  
nomifensine 2753  
GABA uptake, effect of GABA  
analogues 3045  
effects of ischaemia and drugs on  
enzymes *in vivo* 2399  
effect of valproate on GABA  
metabolism 1364
- Synovial fluid  
decrease of viscosity by u.v.  
illumination 1805
- Taurine  
in brain, effect of  $\gamma$ -acetylenic  
GABA 305  
effect on GABA release *in vivo* and  
*in vitro* 363  
in rat tissues, effects of  
guanidinoethanesulfonate and  
isoproterenol or methoxamine  
1698  
uptake by hypertrophic heart  
sarcolemma vesicles 693  
uptake into myocardial membranes  
77
- Taurocholate  
effect on sulfobromophthalein  
uptake by liver cells 1333
- Tellurite  
induced haemolysis of normal and  
glutathione-deficient erythro-  
cytes 2527
- Teprotide  
antihypertensive effects 1869
- Teratogenicity  
cholinergic insecticides in chick  
embryo 2225  
cyclophosphamide in embryo cultures  
59
- Testes  
effect of cannabis on fructose and  
citric acid in 273  
depletion of reduced non-protein  
sulfhydryl groups 2265  
effect of ethanol and acetaldehyde  
on testosterone synthesis 1827  
heme biosynthesis during maturation  
1823
- Testosterone  
effect on hepatic drug metabolism  
1091  
inhibition of synthesis by ethanol  
and acetaldehyde 1827  
metabolism by liver microsomes,  
effect of rifampicin 1043
- Tetracaine  
effect on lymphocyte capping and  
energy metabolism 2989  
effect on thermotropic properties  
of calf brain lipids 1777  
2,3,7,8-Tetrachlorodibenzo-p-dioxin  
hepatic toxicity and uroporphyrin-  
ogen decarboxylase activity  
following a single dose of 2825  
effect on metabolism of warfarin

- 2,3,7,8-Tetrachlorodibenzo-p-dioxin (contd.)  
and phenprocouman by liver microsomes 3099
- 1,1,2,2-Tetrachloroethane  
cytochrome P-450 dependent metabolism to dichloroacetic acid 1366
- Tetracyclines  
effect of prolonged administration on tissue distribution and mitochondrial protein synthesis 1706
- 1-Tetrahydrocannabinol  
effect on thermotropic properties of calf brain lipids 1777
- 8-Tetrahydrocannabinol  
effect on cell proliferation 31  
effect on chromatin structure and function in human cells 45
- 9-Tetrahydrocannabinol  
effect on cell proliferation 31  
effect on chromatin structure and function in human cells 45  
effect on fructose and citric acid in male reproductive organs 273
- 1,2,3,4-Tetrahydro- $\beta$ -carboline  
in brain and adrenal gland 9
- 4,5,6,7-Tetrahydroisoxazole(5,4-c)-pyridone-3-ol  
effect on dopamine receptor binding in striatum 907
- 5,7,3',4'-Tetra-O-( $\beta$ -hydroxyethyl)rutin  
effect on metabolism of cultured monkey kidney epithelial cells 3065
- Tetrahymena pyriformis  
calcium-binding protein, activation of guanylate cyclase 2709  
effects of phenothiazines on guanylate and adenylate cyclases 2709
- Theophylline  
depression of metabolism and elimination by troleandomycin and erythromycin 1299  
stimulation of dopamine synthesis in olfactory tubercle slices, effect of ethanol 2157
- Thiamine deficiency  
effect on acetaminophen metabolism 1901
- Thiazinamium  
induced haemolysis, effect of O-( $\beta$ -hydroxyethyl)rutosides 2287
- Thioglucose  
effects on mitochondria 3181
- 6-Thioguanine  
mechanism of resistance of cultured Sarcoma 180 cells 3109
- Thiomalate  
effects on mitochondria 3181
- Thiopurine methyltransferase  
in rat erythrocyte lysates, spleen, kidney and intestine, developmental changes, strain variation 115
- Thioridazine  
binding to  $\alpha$ -acid glycoprotein 2435
- Thiosulfate  
effects on mitochondria 3181
- Thiothixene  
binding to  $\alpha$ -acid glycoprotein 2435
- Thromboxane A<sub>2</sub>  
formation in isolated sensitized guinea pig lungs, effect of
- Thromboxane A<sub>2</sub>(contd.)  
leukotriene C<sub>4</sub> 2491  
induced platelet aggregation, effect of trimetoquinol isomers 2237
- Thromboxane B<sub>2</sub>  
generation in platelets after 12-deoxyphorbophenylacetate 2691  
effect of strontium ions 635
- Thromboxane synthetase  
in platelet microsomes, inhibition by FPL55712 1378
- Thymidine  
enhanced incorporation of ara-C into DNA in L1210 cells 2221
- Thymidylate synthetase  
in human leukemic cells, 5-fluoro-deoxyuridylate binding 247  
inhibition by 5-substituted styryl derivatives of 2'-deoxyuridine 495
- Thymus  
cadmium-induced atrophy, essential metals and metallothionein in 1217  
isolation of sulphated mucopolysaccharides 1077
- Thyrotropin releasing hormone  
degradation rates in different animal species 619
- Tiadenol  
effect on lipid metabolizing enzymes in liver subcellular fractions 2251
- Ticlopidine  
effect on arachidonic acid metabolism in platelet phospholipids 1463
- Tight binding inhibitors  
kinetic parameters of dihydrofolate reductase inhibited by methotrexate 1507
- Timolol  
glaucoma therapy 103
- Tityus toxin  
effect on muscarinic cholinergic receptors *in vivo* 2713
- $\alpha$ -Tocopherol deficiency  
effect on adriamycin stimulation of heart and liver lipid peroxidation 2797
- Tolbutamide  
effect on adenylate cyclase in heart and liver 2861
- Tolbutamide - sulfonamide  
interaction in rats, prediction from plasma protein binding and metabolism 3347
- Toxocamycin  
inhibition of rRNA maturation in Friend erythroleukemia cells 1861
- Trabeculocanalotomy 103
- Transmembrane electrical potential difference  
use of quaternary ammonium compounds 2637
- Tranylcypromine  
effect on dopamine metabolites in brain 2728  
estimation in brain regions 861  
effect on tryptophan in brain 1211
- Traumatic injury  
effect on plasma free fatty acids

- Traumatic injury(contd.)  
and hepatic enzymes 537
- Triacetyloleandomycin  
hypoactivity of cytochrome P-450  
after administration of 559  
self-induction by 553
- Triacylglycerol  
secretion from hepatocytes, inhibition  
by benzimidazole carbamates 1629
- Triazenes  
bioassay and degradation products  
89  
modulation of acceptance of tRNA  
for amino acids 2679
- Trichlorfon  
inhibited acetylcholinesterase,  
aging of 2915
- Trifluoperazine  
blockade of some actions of phenyl-  
ephrine on liver and smooth  
muscle 2873  
distribution in blood and plasma,  
role of cholesterol 951  
inhibition of guanylate cyclase in  
*Tetrahymena pyriformis* 2709
- Trihexylphenidyl  
binding to  $\alpha_1$ -acid glycoprotein 2435
- Trimetazidine  
effect on mitochondrial enzymes from  
ischaemic brain 2399
- Trimetoquinol  
stereo-dependent inhibition of  
human platelet function 2237
- Trimipramine  
effect on histamine receptor linked  
adenylate cyclase in brain 2182
- Triolefinic  
effect on ATPase activities 1133
- Tripelennamine  
effect on lysosomal phospholipases  
A and C 1121
- Tris(2,3-dibromopropyl)phosphate  
depletion of reduced non-protein  
sulfhydryl groups in rodent  
tissues 2265
- Triton X-100  
effect on monoamine oxidase in brain  
mitochondria 3151  
effect on monoamine oxidase in liver  
1283  
effect on susceptibility of brain  
adenylate cyclase to EGTA  
inhibition 2488
- Troleandomycin  
depression of theophylline metabolism  
and elimination 1299
- Trout  
vasoactivities of adenosine analogues  
in gill 2971
- Trypanosoma brucei  
antagonism by polyamines of the  
curative effects of  $\alpha$ -difluoro-  
methylornithine 3010  
prevention by polyamines of curative  
effect of amicarbalide and  
imidocarb 883
- Trypanosoma cruzi  
nifurtimox toxicity 1947
- Tryptamine  
as monoamine oxidase substrate 1353
- Tryptophan  
in brain,  
effect of antidepressants 1211
- Tryptophan  
in brain(contd.)  
effect of contraceptive steroids  
1581  
and derivatives, inhibition of  
benzodiazepine receptor binding  
3016  
effect on dimethylnitrosamine  
demethylation 2007  
metabolism by isolated liver cells,  
effects of benserazide and  
carbidopa 623  
effect on microsomal enzymes 517
- Tryptophan dioxygenase  
in hepatocytes, effects of  
benserazide and carbidopa 623
- Tryptophan oxygenase  
in isolated parenchymal cells,  
endotoxin inhibition of dexamethasone  
induction 1999  
in liver, effect of nafoxidine and  
estriol on estradiol-induced  
activation 2485
- Tryptophan pyrrolase  
in liver, effect of antidepressants  
1211
- Tubulin  
effect of ansamitocins and  
maytansinoids 2421  
maytansinoid binding 3239
- Tumour cells  
toxicity of carrier-bound  
methotrexate 2545
- Tunicamycin  
effect on anthracycline resistance  
in P388 leukemia cells 3134
- Tyramine  
deuterium isotope effects on  
enzymatic oxidative deamination  
3089  
oxidation by liver mitochondrial  
monoamine oxidase 3329  
uptake by rat platelets 709
- Tyrosine aminotransferase  
in liver, effect of nafoxidine and  
estriol on estradiol-induced  
activation 2485
- Tyrosine hydroxylase  
in brain regions, effect of  
methamphetamine treatment and  
withdrawal 1543  
in brain of spontaneously hyper-  
tensive rats, effect of  
 $\beta$ -blockers 2673  
in striatum, effect of CDPcholine  
539
- Ultra-violet illumination  
decrease of synovial fluid  
viscosity 1805
- Urate oxidase  
in liver, effect of LK-903 1817
- Uremia  
contribution of cyanate to albumin  
binding defect 1059
- Ureter  
resistance of a phosphodiesterase  
in to inhibition by xanthines  
and papaverine 2371
- Uric acid  
effect on arachidonic acid  
conversions into prostanoids  
in vitro and in vivo 2243

- Uridine  
transport in concanavalin A- and lipopolysaccharide-activated lymphocytes 3295
- Uridine diphosphate glucose/uridine diphosphate glucuronic acid ratio in liver of neonate and mother, effect of maternal ethanol consumption 2357
- Uridine diphosphate glucuronic acid in hepatocytes, dependence of glucuronidation on 3252
- Uridine diphosphate glucuronyltransferase in hepatocytes, effects of ethanol 2805
- in liver microsomes effects of azo compounds 1147
- human and some laboratory animal species 2507
- stereochemical heterogeneity 1457
- Uridine phosphorylase inhibition by pyrimidine acylo-nucleosides 2097
- Uroporphyrinogen decarboxylase in liver increased inhibition by hexachlorobenzene following administration of estrogenic drugs 1849
- effect of 2,3,7,8-tetrachlorodibenzo-p-dioxin 2825
- Uroporphyrinogen I synthase in testes during maturation 1823
- Urushiol compounds effects on ATPase activities 1133
- Uterus effect on estradiol and nafoxidine on weight of 2485
- estrogenic activity of methoxychlor metabolites 2869
- effect of N-0164 on cyclic AMP generation and hydrolysis 1941
- Vaccinia effect of 2'-deoxyuridine derivatives on replication 495
- Valproate effect on GABA metabolism in synaptosomes 1364
- inhibition of microsomal phenobarbital metabolism 1361
- Valproate analogues inhibition of aldehyde reductase from ox brain 1191
- Vanadate effect on alcohol toxicity 25
- effect on renal accumulation of p-aminohippurate 2141
- Vascular cells monoamine oxidase activities 2209
- Vascular permeability regulating protein(s) 1791
- Vas deferens blockade by trifluoperazine of some actions of phenylephrine 2873
- opiate receptors in 1883
- Vasoconstriction effects of adenosine analogues on trout gill 2971
- Vasopressin effect of captopril 683
- Verapamil
- Verapamil effect on human basophil histamine release 2867
- effect on potassium conductance in islet cells 3291
- protective effect against inorganic phosphate induced impairment of oxidative phosphorylation in heart mitochondria 2603
- Veratridine correlation between secretion of dopamine  $\beta$ -hydroxylase and catecholamines from adrenal medulla cells 3246
- Viloxazine effect on tryptophan in brain 1211
- Vinblastine action on gel-fluid transition of hydrated dipalmitoylphosphatidylcholine 411
- effect on calcium-calmodulin regulated phosphodiesterase in brain 335
- effect of ruthenium red on cytotoxicity 213
- Vincamine effect on mitochondrial enzymes from ischaemic brain 2399
- Vincristine binding to brain tubulin, effect of maytansinoids 3239
- effect on calcium-calmodulin regulated phosphodiesterase in brain 335
- effect on gel-fluid transition of hydrated dipalmitoylphosphatidylcholine 411
- resistant P388 leukemia cells, efflux in 1863
- restored in vitro sensitivity with reserpine 2191
- Vindoline effect on calcium-calmodulin regulated phosphodiesterase in brain 335
- $\gamma$ -Vinyl GABA effect on GABA release in vivo and in vitro 363
- pharmacological effects 817
- effect on synaptosomal release and uptake of GABA 1203
- Virginiamycins M and S effect on duplication of B. subtilis phase 2C DNA 489
- Virus effect of 2'-deoxyuridine on replication 495
- Virus 2C infected B. subtilis, action of inhibitors on duplication of DNA 489
- Vitamin B6 function in man, effect of penicillamine 3051
- Vitamin C effect on metabolism of aflatoxins B<sub>1</sub> and G<sub>1</sub> in liver in vitro 3317
- Vitamin K<sub>1</sub> metabolism in warfarin-susceptible and resistant rats, effects of warfarin and brodifacoum 123
- vitamin K-dependent protein

- Vitamin K-dependent protein  
  carboxylation  
  inhibition by phenylbutazone 2443  
Vitamin K<sub>1</sub>-vitamin K<sub>1</sub> epoxide  
  interconversion  
  effect of warfarin 1953, 2931
- W-13560  
  inhibition of human leucocyte  
    alkaline phosphatase 217
- Warfarin  
  binding to human serum albumin,  
    binding site 687  
    effect of chloride 1025  
    cooperative interaction of  
      phenylbutazone 1169  
    uremic patients, role of cyanate  
      1059  
  inhibition by enantiomers of  
    prothrombin synthesis, protein  
    carboxylation and regeneration of  
      vitamin K 1953  
  effect on interconversion of  
    vitamin K<sub>1</sub> and vitamin K<sub>1</sub> epoxide  
      in dogs 2931  
  mechanism of potentiation by  
    phenylbutazone 2443  
  metabolic profiles as probes of  
    hydroxylase-inducing agents 3099  
  effect on vitamin K<sub>1</sub> metabolism and  
    clotting factor in susceptible  
      and resistant rats 123
- WB 4101  
  binding in hypothalamus 565  
  binding in lung membranes 2623  
  binding to multiple sites in human  
    brain 3115
- WR 177,602 and 122,455  
  interaction with haemin, antimalarial  
    activity 3323
- Xanthine oxidase  
  determination in biological material  
    via its ability to produce  
      superoxide 673  
  effects of hypoxia 1019  
  reduction of misonidazole and its  
    derivatives 849
- Xanthines  
  adenosine antagonism 325  
  inhibition of separated forms of  
    phosphodiesterase from canine  
      uterus 2371
- Xylazine  
  effect on platelet aggregation 1359
- Xylosyladenine  
  effect on synthesis and methylation  
    of polysomal RNA in Ehrlich  
      ascites cells in vitro 2697
- Zinc  
  binding by alanosine 771  
  effect of dimercaptosuccinate on  
    tissue distribution in the rat  
      2427  
  in liver, effect of injection of  
    λ-carrageenan 2353  
  metabolism in neonatal liver of  
    various species 721  
  in thymus, spleen, liver and kidney  
    after cadmium administration  
      1217
