

ANNOUNCEMENT

SECOND INTERNATIONAL SYMPOSIUM ON FOREIGN COMPOUND METABOLISM,
SHOREHAM HOTEL, WASHINGTON, D.C.
2-6 June 1985

sponsored by ASPET, IUPHAR and ISSX

Session titles include:

Cellular and subcellular aspects	Antitumor drugs
Suicide substrates	Analytical techniques
Molecular biology in drug metabolism	Endogenous substrates
Multiplicity of enzyme systems	Oxygen and foreign compound metabolism
Sulfur conjugation	Metabolism in ports-of-entry
Metabolism of non-mammalian species	Pharmacogenetics

with a panel of international speakers.

Registration fee \$250 before 26 April 1985 (\$50 for students and post-docs). Abstract deadline for free communications 4 January 1985.

Further details and abstract forms from:

Secretariat,

2nd International Symposium on Foreign Compound Metabolism,

9650 Rockville Pike,

Bethesda,

MD 20814, U.S.A.
