### THIRD MEETING OF THE INTERNATIONAL NEUROTOXICOLOGY ASSOCIATION

Salsomaggiore Terme, Parma, Italy, 1–5 July 1991

The 3rd INA meeting will provide a forum for interdisciplinary exchanges between scientists involved in different areas of neurotoxicology, including experimental, clinical and epidemiological aspects, and covering a wide range of relevant information from neuropathology, neurochemistry, neurophysiology, neuroteratology, and neurobehavioural toxicology.

Four symposia based on invited lectures will be arranged by the Scientific Committee. Unsolicited contributions will be presented as posters, which will be discussed during special sessions. Workshops on specific issues will also be organized.

The preliminary programme includes:

Subcellular and cellular mechanisms of neurotoxicity;

Neurotoxicity and ageing;

Developmental neurotoxicity;

Screening for neurotoxicity in humans.
