

## **ANNOUNCEMENT**

### **NINTH INTERNATIONAL BIOANALYTICAL FORUM**

#### **BIOANALYSIS OF DRUGS, INCLUDING ANTI-ALLERGICS AND ANTI-ASTHMATICS**

**University of Surrey, Guildford, U.K., 3–6 September 1991**

The meeting will concentrate on the assay in blood and other biological samples of drugs and their metabolites by a range of analytical procedures used in combination and singly.

The meeting will focus on anti-allergics, anti-asthmatics and bronchodilators. In addition to a panel of invited speakers largely from pharmaceutical companies, there will be the possibility for presentation by participants.

Attendance is limited to 100.
