Vol. 61 (2001) 651–656

Expression of rat liver long-chain acyl-CoA synthetase and characterization of its role in the metabolism of *R*-ibuprofen and other fatty acid-like xenobiotics[☆]

Roland Brugger, Christine Reichel, Begonia Garcia Alia, Kay Brune, Tokuo Yamamoto, Irngard Tegeder, Gerd Geisslinger

Due to a printer's error, Dr. Geisslinger's name was misspelled on page 651 and the table of contents. It should appear as "Gerd Geisslinger." We regret any inconvenience this may have caused our readers.
