

ERRATA

Volume 2, Number 4, April 1960, in the article entitled "A Coupled Iron-Caeruloplasmin Oxidation System" by G. Curzon and S. O'Reilly (pages 284-286):

Page 284, line 26 should read "pH buffer having E_1 cm. (605 mμ) = 0.33 was added 0.075 ml. 10^{-2} g. atom/l. Fe^{++} "

Page 286, line 2 should read "oxidation system occurs which gives rise to an apparent activation of caeruloplasmin by"

Page 286, the diagram in Fig. 1 should read:
