Vol. 25, No. 2 (1966), in the communication, "Release of Maternal RNA from some Particles as a Mechanism of Activation of Protein Synthesis by Fertilization in Sea Urchin Eggs," by Yoshitake Mano and Hiroshi Nagano (pp. 210-215):

p. 215, Ref. 15 should be "Maggio, R., and Catalano, C., Arch. Biochem. Biophys., 103, 164 (1963)."

Ibid., in the communication, "Role of a Trypsin-like Protease in "Informosomes" in a Trigger Mechanism of Activation of Protein Synthesis by Fertilization in Sea Urchin Eggs," by Yoshitake Mano (pp. 216-221):

P. 220, lines 4 and 5 from the bottom should read "a species specificity in the protease and the particles, or to a possible difference in activity of ribosomes from unfertilized and fertilized cells. In any case...."
