

Addendum

To the Communication, "The Isolation of N-Acyl Phosphatidylethanolamine from Pea Seeds," by R. H. Quarles, N. Clarke, and R. M. C. Dawson, Vol. 33, No. 6 (1968), pp. 964-968:

Since the submission of our manuscript it has come to our attention that N-acyl phosphatidylethanolamine has previously been reported in flour (Bomstein, R., Biochem. Biophys. Res. Commun. 21, 49 (1965)).
