

## ERRATA

Volume 50, Number 2, January 23, 1973

In "Fluorometric Assay of Secondary Amino Acids," by Manfred Weigele, Silvano De Bernardo, and Willy Leimgruber, pp. 352-356:

Page 354: The correct Figure 2 and legend are shown below.

**Fig. 2** Fluorescence of 5-(2-carboxyphenyl)-5-hydroxy-1-methyl-3-phenyl-2-pyrrolin-4-one (II, R = CH<sub>3</sub>) (- o -) and the fluorescence generated from sarcosine (- Δ -).

Volume 50, Number 3, February 5, 1973

In "Acetylcholine Stimulates Hydrolysis of <sup>32</sup>P-Labeled Phosphatidic Acid in Guinea Pig Synaptosomes," by Jochen Schacht and Bernard W. Agranoff, pp. 934-941:

Page 935: Second paragraph, first line, should read  
...0.02 N HCl... instead of ...0.2 N HCl...
