

ERRATUM

Volume 60, Number 3, October 8, 1974

In "Participation of Initiation Factor IF-3 in the Binding of AcPhe-tRNA to the 30S Ribosomal Subunit," by Samuel D. Bernal, Benjamin M. Blumberg, Jia-Jang Wang, and Tokumasa Nakamoto, pp. 1127-1132.

Page 1127, S. D. B. is an M.D. - Ph.D student supported by Medical Scientists Training Grant 2T05 GM-01939-06 from the National Institutes of Health, U.S. Public Health Service.

ADDENDUM

Volume 65, Number 1, July 8, 1975

In "Identification of a ϕ X174 Coded Protein Involved in the Shut-Off of Host DNA Replication," by Douglas F. Martin and G. Nigel Godson, pp. 323-330.

Since this paper went to press, the authors have been informed that similar observations were reported by Snover and Funk of the Annual Meeting of the American Society of Microbiology, New York, May, 1975.
