Volume **274**, Number 3 (2000), in the article “Sequence of Genome Segments 1, 2, and 3 of the Grass Carp Reovirus (Genus *Aquareovirus*, Family *Reoviridae*),” by Qin Fang, Houssam Attoui, Jean François Philippe Biagini, Zuoyan Zhu, Philippe de Micco, and Xavier de Lamballerie, pages 762–766 (doi:10.1006/bbrc.2000.3215): On page 762, in the author line, due to printer error, the third author's surname, the comma following the surname, and the affiliation symbol corresponding to the author were inadvertently omitted, and therefore the name was mistakenly combined with the fourth author. The names should be “Jean François Cantaloube, Philippe Biagini” instead of “Jean François Philippe Biagini” as printed. For the reader's convenience, the complete corrected author and affiliation lines are printed here.
