**10,000 Manuscript Milestone  
for Professor Carafoli**

Elsevier and the Editorial Board of BBRC would like to extend their profound thanks to Editor Ernesto Carafoli for reviewing 10,000 manuscripts for BBRC.

Professor Carafoli has been a member of the Editorial Board since 1984 and continues to review hundreds of manuscripts per year, solicit Breakthroughs and Views, and act as an editor for themed issues, for example our recent issue on Calcium Signalling and Disease (Volume 322, No. 2, pages 355–704).

BBRC is unique in the extremely active role the editors play in the handling of manuscripts. Professor Carafoli's dedication and industry as an editor in the past 20 years have played a vital part in the success of the journal.
