

Corrections

Hofmeister Salts and Potential Therapeutic Compounds Accelerate in Vitro Fibril Formation of the N-Terminal Domain of PABPN1 Containing a Disease-Causing Alanine Extension, by Grit Lodderstedt, Rolf Sachs, Jürgen Faust, Frank Bordusa, Uwe Kühn, Ralph Golbik, Andreas Kerth, Elmar Wahle, Jochen Balbach, and Elisabeth Schwarz,* Volume 47, Number 7, February 19, 2008, pages 2181–2189.

The ordinates of Figure 2 and Supporting Information Figures 2 and 3 incorrectly indicate CD signals in units of millidegrees (mdeg). The correct units are degrees (deg).
