VOLUME CODING FOR BBA-BIOENERGETICS

BBA is published according to a volume-numbering scheme that embraces all sections of the journal: for 1969 the scheme—covering the volumes 171–195—is to be found on the inside cover of this issue. The seven individual sections are distinguished by a colour code.

In addition to the colour code each section is given its own sequential volume numbers. This system runs parallel to the overall BBA scheme: for the BIOENERGETICS section the correspondence is indicated in the Table below. This issue is therefore BIOCHIMICA ET BIOPHYSICA ACTA, Vol. 172/3 or BBA-BIOENERGETICS B5/3.

Parallel volume coding for BBA-Bioenergetics

- BBA Vol. 131 = BIOENERGETICS Vol. B1 (1967)
BBA Vol. 143 = BIOENERGETICS Vol. B2 (1967)
BBA Vol. 153 = BIOENERGETICS Vol. B3 (1968)
BBA Vol. 162 = BIOENERGETICS Vol. B4 (1968)
BBA Vol. 172 = BIOENERGETICS Vol. B5 (1969)
BBA Vol. 180 = BIOENERGETICS Vol. B6 (1969)
BBA Vol. 189 = BIOENERGETICS Vol. B7 (1969)

A subscription to the BIOENERGETICS section of BBA for 1969 (3 volumes) is Dfl. 195.00. A supplementary charge for airmailing to USA and Canada is Dfl. 4.50. Back volumes (according to their B numbers) are available: rates will be supplied on request.
