## VOLUME CODING FOR BBA-BIOENERGETICS

BBA is published according to a volume-numbering scheme that embraces all sections of the journal: for 1969 the scheme—covering the volumes 171–195—is to be found on the inside cover of this issue. The seven individual sections are distinguished by a colour code.

In addition to the colour code each section is given its own sequential volume numbers. This system runs parallel to the overall BBA scheme: for the BIOENERGETICS section the correspondence is indicated in the Table below. This issue is therefore BIOCHIMICA ET BIOPHYSICA ACTA, Vol. 180/1 or BBA-BIOENERGETICS B6/1.
