NEW VOLUME CODING FOR BBA–BIOMEMBRANES

        BBA is published according to a volume-numbering scheme that embraces all sections of the journal: for 1968 the scheme —covering the volumes 150–170 —is to be found on the inside cover of this issue. The seven individual sections are distinguished by a colour code, and a series number has hitherto been inserted on the spine.
        The overall volume-numbering system and colour code are to be maintained; however, instead of the series number, each section is to be given its own sequential volume numbers. these being assigned in retrospect to the volumes already published in that section. This system will run parallel to the overall BBA scheme: for the BIOMEMBRANES section the correspondence is indicated below. This issue is therefore BIOCHIMICA ET BIOPHYSICA ACTA, Vol. 150/3 or BBA–BIOMEMBRANES M2/3.

Parallel volume coding for BBA–Biomembranes

        BBA Vol. 135 = BIOMEMBRANES Vol. M1 (1967)
        BBA Vol. 150 = BIOMEMBRANES Vol. M2 (1968)
        BBA Vol. 163 = BIOMEMBRANES Vol. M3 (1968)

        A subscription to the BIOMEMBRANES section of BBA for 1968 (2 volumes) is Dfl. 130.00. A supplementary charge for airmailing to U.S.A. and Canada is US $ 0.80. The back volume M1 (1967) is also available: rates will be supplied on request.
