

## Announcement from the Board of Managing Editors, BBA

After completing two periods of three years as Chairman of the Board of Managing Editors of BBA, Professor L.L.M. van Deenen will be stepping down from this position in September, 1989. The Board would like to take this opportunity of thanking Professor van Deenen for his additional contributions to BBA in this function, and is pleased that he will be continuing in his normal rôle as member of the Board of Managing Editors.

The Board would also like to simultaneously welcome Professor G.K. Radda to the position of Chairman and wish him every success in his new rôle.

Finally, the Board would like to announce the appointment of Professor Leslie Dutton as a full Managing Editor to BBA. Professor Dutton is already well known to many BBA readers and contributors in his rôle as Managing Editor to the 'Reviews on Bioenergetics' section. He will now be contributing his expertise to BBA as a whole.
