

Correction to Peptidyl–Oligonucleotide Conjugates Demonstrate Efficient Cleavage of RNA in a Sequence-Specific Manner

Aled Williams,* Yaroslav Staroseletz, Marina A. Zenkova, Laurent Jeannin, Harmesh Aojula, and Elena V. Bichenkova*

Bioconjugate Chem. **2015**, *26*, 1129–1143. DOI: 10.1021/acs.bioconjchem.5b00193

Figure 1 was missing a methylene group at the 5' end of the nucleoside structure. This same mistake was also present in the Abstract and Table of Contents graphic. Corrected figures are below.

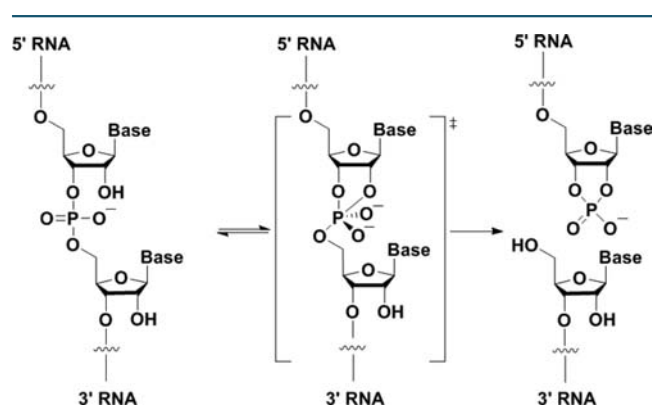

Figure 1. RNA Cleavage via phosphodiester transesterification.
